*Bill No. 21 of 1977*

**PRECIOUS STONES INDUSTRY (PROTECTION)  
(AMENDMENT) BILL, 1977**

*(Published on 1st July, 1977)*

**MEMORANDUM**

A draft of the above Bill, which it is proposed to present to the National Assembly, is set out below.

2. The principal object of the Bill is to amend the Precious Stones Industry (Protection) Act (Cap. 66:03) in order to make provision by the Act for the regulation of dealing in semi-precious as well as precious stones. As a first step to this end the Bill changes both the long and short titles of the Act (see clauses 2 and 3).

3. Dealings in semi-precious stones are presently governed by subsidiary legislation alone, namely, the Semi-Precious Stones Regulations (Cap. 66:03 Sub. Leg.). The growing importance of semi-precious stones to the economy requires, it is thought, that dealings in them should be controlled directly by statute in the same way that dealings in precious stones are already controlled.

4. At the same time the opportunity is taken to bring the Act into line with the recently enacted Mines and Minerals Act, 1976, (No. 30 of 1976), and in particular to so amend the Act as to reflect the policy already expressed in the 1976 Act so that the Minister, and not the Mining Commissioner, is the authority responsible for its administration.

5. Clause 17 of the Bill inserts in the Act a new Part directly regulating dealings in semi-precious stones. This Part contains ten new sections, 26A to 26J inclusive.

6. Section 26A restricts the purchase or other acquisition of semi-precious stones for the purposes of trade to those persons who hold a current semi-precious stones dealer's licence issued by the Minister under section 26B. The section does not, however, apply to the purchase or other acquisition of semi-precious stones from a semi-precious stones dealer himself, nor to the recovery of semi-precious stones by the holder of a mining lease from his mining area.

7. To give the Minister effective control over semi-precious stones dealers section 26C empowers him to impose conditions on the issue of a semi-precious stones dealer's licence and to vary those conditions, whereas by virtue of section 26D such a licence lasts only until the 31st December in every year.

8. Section 26E imposes a fee calculated at the rate of P250 a year for a semi-precious stones dealer's licence and empowers the Minister, by order published in the Gazette, to alter the rate of fee from time to time.

9. Section 26F forbids every semi-precious stones dealer from selling semi-precious stones acquired by him under his licence except by way of wholesale.

10. Section 26G requires every semi-precious stones dealer to submit quarterly returns to the Minister giving particulars of all his dealings in semi-precious stones, while section 26H imposes a levy on every such dealer equal to five per cent of the gross sales value of all semi-precious stones sold by him. Again, the

## B.130

Minister is empowered, by order published in the Gazette, to alter the rate of levy from time to time.

**11.** Section 26I provides for the cancellation of a semi-precious stones dealer's licence where the dealer is convicted of an offence under the Act.

**12.** Section 26J provides that any person who contravenes the new Part IVA, or any condition subject to which a semi-precious stones dealer's licence has been issued to him, shall be liable to a fine of P250 and to imprisonment for three months or, should he again be convicted of such an offence, to a fine of P500 and to six months' imprisonment.

**13.** Clause 19 of the Bill amends section 28 (1) of the Act in order to empower the Minister to make regulations in respect of semi-precious stones to the same extent that he may now make regulations in respect of precious stones. In particular the Minister will have the power to regulate the export and import of semi-precious stones.

G. CHIEPE,

*Minister of Mineral Resources and Water Affairs.*
