WEIGHTS AND MEASURES ACT
(Cap. 43:06)

Assizing — Northeast District

NOTICE IS HEREBY GIVEN, under the provisions of section 17 (1) of the Weights and Measures Act, that all persons having weighing or measuring instruments, weights or measures in use in trade or in their possession or charge for use in trade, within the area specified in the Schedule, are required to produce the same to an assizer for the purpose of their being assized or re-assized at the place specified and at the appropriate time specified in the Schedule.

2. A person having, within the areas specified, an instrument or measure which —

(a) is within the area specified; and —

(i) is fixed;

(ii) has a weighing capacity exceeding 272 kg; or

(iii) is of delicate construction; or

(b) is ordinarily kept at a place not within 80 km radial distance of the assize station,

may request that such instrument or measure be assized or re-assized at his premises if he forthwith notifies in writing the assizer by whom this notice is published of the particulars of such instrument or measure and the place where it is ordinarily kept. Statutory fees will be charged for assizing unassized equipment or assizing or re-assizing equipment elsewhere than at the assize station. Metal measures of length bearing a legible assize stamp need not be re-assized.

3. It is an offence not to submit equipment for assize or re-assize or to use in trade equipment that has not been assized, and upon conviction a fine of P100 may be imposed.

NATIONAL TRANSPORT PLAN STAGE II

PREQUALIFICATION PROCEDURES for the appointment by tender of consultants.

The second and major stage in preparing a National Transport Plan for Botswana will be undertaken in 1981, with funds provided by the African Development Fund.

The Plan is to present appropriate transport and investment policies up to the late 1990s for development of an economical and co-ordinated transportation system which also serves the Government of Botswana's other objectives and development goals. It will therefore cover each of road, rail and air transport, (including transport between Botswana and other countries and transport provided within Botswana by other countries).

The Plan is to provide:

- (a) A comprehensive programme of transport investment for 1982/83 to 1987/88.
- (b) A prospective programme of transport investment for 1988/89 to 1997/98.
- (c) An analysis of principal problem areas in the transport sector, and recommendations as to the methodology and means for solving these problems.
- (d) Recommendations for the improvement and implementation of both sectoral and overall transport policies.

The Government is seeking the services of consultants to undertake this study. The contract for the consultancy services will be awarded against technical and cost proposals made in response to Terms of Reference which will be made available by Government to a shortlist of selected firms.

Experience in transport studies in Africa is an essential qualification, with experience in Southern Africa being an advantage.

Only those firms which meet African Development Fund principles will be considered.

Firms should register their interest with the Government of Botswana preferably by telex and not later than 0900 hours on Wednesday 25th February, 1981.
