*Bill No. 4 of 1982*

**FINANCE AND AUDIT (AMENDMENT)  
BILL, 1982  
MEMORANDUM**

A draft of the above Bill, which it is proposed to present to the National Assembly, is set out below.

2. The object of the Bill is to amend the Finance and Audit Act (Cap. 54:01) in order both to tighten-up the law governing the financial affairs of the Government and, in some respects, to simplify that law. At the same time the opportunity has been taken to correct a number of minor errors in the principal Act.

3. The more important changes proposed by the Bill are detailed below.

4. The amendment to section 4 of the principal Act, proposed by clause 3 of the Bill, would vest in the Minister the control and management of all public funds.

5. The amendment to section 5 of the principal Act, proposed by clause 4 of the Bill, would, in the interests of clarity, separate the law governing the Consolidated Fund from that governing the Development Fund.

6. The amendment to section 38 of the principal Act, proposed by clause 20 of the Bill, would enable the Minister to request the Auditor-General to carry out investigations into the affairs of any statutory corporation or of any company wholly owned by the Government.

7. The new section 42 of the principal Act, proposed by clause 22 of the Bill, would provide a more appropriate and up-to-date appeal procedure in respect of surcharges and provide both the appellant and the Permanent Secretary with the opportunity to put their respective cases and any additional material evidence before the appellate tribunal in question.

8. Clause 25 of the Bill proposes to substitute a new First Schedule to the principal Act setting out new rules for the operation of the Development Fund.

9. The most important of these new rules is rule 6 which proposes that the Appropriation Bill for any financial year shall simply authorize the issue from the Development Fund of the total amount necessary to meet expenditure on all projects for which provision has been made in the annual estimates of the Fund approved by the National Assembly. There would be no need, as at present, for the Appropriation Bill to include a Schedule containing heads of expenditure corresponding to the head of expenditure in the annual estimates of the Fund.

P.S. MMUSI,  
*Minister of Finance and Development Planning.*

- Use of Fund      2. Except as provided by rule 9, provision shall not be made for expenditure from the Fund for any purpose other than the purpose of an approved project.
- Authority for Withdrawal      3. (1) No moneys shall be disbursed from the Fund except upon the authority of a warrant under the hand or the Minister; and no such warrant shall be issued unless the disbursement of those moneys is in respect of an approved or new project.  
(2) Notwithstanding subrule (1), where moneys have been paid

into the Fund in respect of a project and that project has thereafter been financed from some other source, those moneys may be withdrawn from the Fund without warrant and credited to the deposit account from which they were originally withdrawn.

4. (1) The Minister shall cause to be prepared in each financial year estimates of the revenue and expenditure of the Fund for the next following financial year (which estimates are hereinafter referred to as "the annual estimates").

Annual  
estimates  
to be  
prepared

(2) The annual estimates shall be so prepared as to show the provision made for each project provided for therein under a separate subhead and the various subheads shall be grouped under heads of expenditure corresponding to the Departments responsible for the projects.

(3) The annual estimates shall show, in relation to each project, an estimate of the total cost of the project in addition to the estimate of sums required during the financial year.

(4) The annual estimates shall be appended to the estimates of the Consolidated Fund for the same financial year laid before the National Assembly.

(5) The annual estimates shall be accompanied by a statement showing the estimated balance of the Fund at the commencement of next following financial year and the anticipated revenue accruing to and total expenditure from the Fund during that financial year.

Issue of  
moneys  
before com-  
mencement of  
Appropriation  
Act

7. (1) If the Appropriation Act for any financial year has not come into operation by the beginning of that year, the President shall direct the Minister to issue a warrant authorizing the issue of moneys from the Fund to meet such expenditure as may be necessary for the continuation of projects financed from the Fund in the immediately previous financial year until the expiration of 4 months from the beginning of the new financial year or the coming into operation of the Appropriation Act, whichever is the earlier.

(2) All moneys disbursed from the Fund in pursuance of this rule shall be deemed to have been disbursed in anticipation of the enactment of an Appropriation Act and, on the coming into operation of that Act, any warrant issued under this rule shall cease to have effect and disbursements thereunder shall be deemed to have been made by virtue of the Act and shall be accounted for accordingly.

a supplementary estimate shall be laid before the National Assembly for approval by resolution.

Special  
warrant

(1) If in any financial year any of the circumstances referred to in rule 8 arise and, in the judgment of the President, expenditure up to the level of the new or revised total estimated cost of a project is so urgently required that it cannot, without serious detriment to the public interest be postponed until a new or revised total estimated cost is approved by the National Assembly, the President may direct the Minister to issue a special warrant authorizing that expenditure.

(2) At the next meeting of the National Assembly after the issue of a special warrant under subrule (1), the Minister shall submit a new or revised total estimated cost for the project in question, as the circumstances require, to the National Assembly for its approval by resolution.

10. Where expenditure in excess of the total amount appropriated in any financial year has been approved by the National Assembly under rule 8 or 9, a Supplementary Appropriation Bill shall be introduced in the National Assembly, not later than the end of the financial year next following, authorizing the issue from the Fund of the additional moneys so approved.

constituting  
Fund
