MEMORANDUM

A draft of the above Bill, which it is proposed to present to the National Assembly, is set out below.

2. Under the existing provisions of the Building Societies Act, a building society can only lend money or make advances on the security of urban immovable properties. The definition of urban immovable property does not cover land held under a certificate of rights. Consequently the holders of land under certificate of rights are denied the opportunity of raising loans by utilising their land as securities. This is because, as the Presidential Commission on Land Tenure found, land held under certificate of rights did not provide adequate security for the grant of loans. And this was due to the fact that the Town Council's prior consent was required for any sale in execution of land held under certificate of rights. As stated at page 19 of the Report of the Presidential Commission on Land Tenure:

"SHHA has introduced the necessary procedures for the Town Councils when it agrees to the hypothecation, to give prior consent to sale in execution to any interested citizen purchaser. On this basis the Botswana Building Society has indicated its willingness to lend against COR provided the Building Societies Act is amended to permit it to do so."

The Commission accordingly recommended that the Building Societies Act should be amended and the recommendation has been accepted by the Government.

3. The main object of the Bill is therefore to give effect to the recommendations of the Presidential Commission on Land Tenure as approved by the National Assembly on 19th April, 1985.

4. Consequently clause 2 of the Bill provides for the amendment of sections 2, 3 and 17 (1) by deleting all references in the Act to the word "urban" in qualifying immovable property.

P.S. MMUSI,
*Vice-President and Minister of
Finance and Development Planning.*
