Republic of Botswana — Tender No.

Notice of Invitation to tender No. 2562 issued by the Republic of Botswana for the prequalification of firms to take part in a restricted invitation to tender to be launched at a later date.

The project is financed by the European Economic Community through the European Development Fund.

1. Title of Project and Number:

Geological survey South-West Botswana
Number: 5200.11.1G.25

2. Participation:

The prequalification is open on equal terms to all natural persons and companies of the Member States of the European Economic Community and the ACP States signatories to the Second Lome Convention.

3. Subject of the Prequalification:

The subject of the prequalification is the selection of enterprises (or groupings of enterprises) to participate in a restricted tender procedure for the execution of an integrated geophysical survey of approximately 83,000 sq. kms in the extreme southwest of Botswana, designed to define sedimentary basins.

The survey will have three components.

- (a) A regional gravity and magnetic survey with a station interval of 3 kms on lines 22 kms apart.

The area is remote and largely without roads so transport will be by helicopter. Logistic support by road will be possible. Navigation equipment will have to be supplied to give horizontal position accurate to 20 meters and vertical position accurate to 2 meters.

- (b) A re-interpretation of the 1975-76 Aeromagnetic survey of the area.

- (c) Follow up magnetotelluric work with a minimum of four tensor and forty scalar soundings.

All data will be interpreted. Interpretation reports will be submitted along with results and interpretation maps on scales of 1:250,000 and 1:1,000,000.

The survey is to start in second quarter 1987, delay for execution is 13 months.

Cost of survey is estimated at 1,600,000 ECU.

4. Documents for Prequalification

Applications for the participation in restricted tender procedures (which will be launched at a later date) must include the following documents:

- (a) declaration of readiness to participate in a future restricted tender procedure, together with names and addresses of company (or companies in case of a grouping),
- (b) address, registration and ownership,
- (c) proof that the company (or companies in case of a grouping) is national of a Member State of the European Community or an ACP State signatory to the Lome II Convention. Such proof has to be supplied by a certificate of nationality (in case of a grouping, for each company of the group) according to the national law applicable,
- (d) full information concerning the status of the company (or the companies) or their associates, together with duly certified documents concerning its (their) establishment,
- (e) all necessary justification to prove the technical and financial capability of the candidate to execute the work in question, in particular: his staff capacity (including list of management personnel), organisation chart, equipment and tools during the period envisaged for implementation, recent audited financial statements, current work commitments (see also under f),
- (f) references concerning most important similar projects executed during the last five years, including those under execution. Such references must indicate, for each project, on a separate sheet, the following information:
 - title and place of project
 - responsible authority and financing authority
 - short description of project, indicating the precise nature and the quantity of work done, as well as dates of beginning and end (if applicable) of work
 - share of candidate in execution and responsibility
 - value of project, and share of candidate in it,
 - names and addresses of responsible organisations and authorities which could supply further information on work done by the candidate.

Applications to prequalify must be written in English (however, statutes of companies may be in their national language).

Generally, all communications concerning the prequalification procedure as well as the future tender procedure will have to be only in English.

Applications will be transmitted in an envelope, bearing the following words on its top left corner: "Prequalification of Tenders for the Gravity Survey over Western Botswana".

5. *Prequalified enterprises:*

No change will be allowed in the composition of a prequalified grouping of companies, any change entailing exclusion of the whole grouping from prequalification. Companies of a grouping are not prequalified separately, but only as part of the grouping. A company part of a grouping prequalified, may therefore not participate alone or within another grouping, admitted for the restricted tender procedure.

However, companies or groupings of companies which have prequalified may form groupings with a view to submit joint offers.

Groupings have to present themselves for prequalification under properly established legal form:

6. *Delay and addresses for prequalification:*

Application to prequalify must be submitted by 10th April, 1987 10.00 a.m. (local time) at the latest by registered letter or other suitable means, at the following address:

Director of Geological Survey, Private Bag 14, Lobatse, Botswana, Tel: 327/8

A copy of the declaration of intent to tender (i.e. copy of document required under 5a above) should be sent simultaneously to Commission of the European Communities, Directorate-General for Development, (DG VIII/C-4), Rue de la Loi, 200, B — 1049, Brussels, Belgium, Tel: 51357.

A more detailed description of the works and additional information on the prequalification procedure may be obtained free of charge from the above addresses.

7. *Tender documents*

Prequalified companies (or groupings) will receive, simultaneously, tender documents with indication of delay for submission of tenders which will not be less than 6 weeks.

Change of Name

PURSUANT to section 22 of the Companies Act Cap 42:01 as amended, notice is hereby given that ARROS SUPERMARKET (PTY) LTD will make an application to the Registrar of Companies for his written approval to change the name of the company to BARROS TRANSPORT (PTY) LTD after fourteen days of the second publication of this notice has elapsed.
