3. (1) No drug shall be imported into or exported from Botswana, or manufactured, distributed or sold unless such drug has been and is registered by the Director of Health Services.

(2) The Director shall keep and maintain, or cause to be kept and maintained, a register in which shall be recorded all drugs registered by him under this section.

(3) The register shall be open for inspection by the public at such times and places and on such terms as may be determined by the Director.

(4) Application for the registration of a drug shall be made to the Director in such form and accompanied by such further information as may be prescribed.

(5) The registration of a drug shall cease to be valid if any significant change has been made in the composition of the product, the dosage form or the conditions of its manufacture, without the prior approval of the Director to such change.

Suspension or
revocation
of registration

4. If, in the opinion of the Director, information not previously available indicates that a registered drug may not be safe and effective when used in the manner and for the purposes approved at the time of its registration, he may —

- (a) require such revisions in the composition of the drug, its packaging, labelling or advertising as he may consider necessary or desirable to ensure safety and efficacy;

- (b) suspend the registration for a specified period or pending compliance with any requirements made under paragraph (a); or
- (c) revoke the registration.

5. (1) The Minister may establish a Drugs Advisory Board, the function of which shall be to advise the Director as to whether a drug should be registered or not, or as to the conditions subject to which it should be registered, or whether those conditions should be revised in accordance with section 4 (a), or whether registration should be suspended or revoked.

Advisory
Board

(2) In establishing the Drugs Advisory Board, the Minister shall determine its composition, its terms of reference and make the necessary appointments by notice published in the Gazette.

(2) A person wishing to manufacture drugs shall make application therefor to the Director in such form as may be prescribed, and shall supply such further information as the Director may require to satisfy himself that the premises to be used are satisfactory for the purpose, and will be operated in accordance with standards of good practice in the manufacture and quality control of drugs.

(3) The manufacture of drugs shall be under the control of persons with qualifications approved for the purpose by the Minister, which qualifications shall not be less than those of a registered pharmacist.

(4) Where the Director is satisfied that the conditions of any licence, or of any approval by him, are not being observed, or that the manufacture is not being carried out in accordance with the provisions of this Act and in a satisfactory manner, he may withdraw his approval and give notice thereof to the manufacturer.

7. (1) Drugs shall be exported, or imported and distributed, only by the Central Medical Stores or by a person duly licensed therefor in accordance with the Trade and Liquor Act and with the written approval of the Director for such export, import or distribution.
