Bill No. 8 of 1991

INCOME TAX (AMENDMENT) BILL, 1991
(Published on 19th April, 1991)

MEMORANDUM

1. A draft of the above Bill, which it is proposed to present to the National Assembly, is set out below.

2. The four principal objectives of the Bill are —

(a) The elimination of double or multiple imposition of withholding tax on dividends declared by a resident company to another resident company, where both companies, together with any other resident companies, belong to a group structure in Botswana. For this purpose the term "associated company" is redefined, a definition of "group" has been added, and Clause 6 of the Bill seeks to set out the procedure for the deduction of withholding tax when dividends are declared by a company within a group of resident companies, and for the set-off of that tax against additional company tax payable by that company.

(b) Clause 4 of the Bill provides for a 5 year tax incentive, in the form of an annual deduction, which has the effect of reducing the company rate of tax to 35%, to be available to resident companies which offer their equity shares for listing on the Botswana Stock Exchange.

(c) The Bill also provides that the annual deduction in respect of contributions to approved superannuation funds is increased from P6 000 to P9 000, and that a company is allowed to deduct expenses incurred for the purpose of having its shares listed on the Botswana Stock Exchange.

(d) Clauses 7 and 9 of the Bill seek to replace Appeal Committees with a three person Board of Adjudicators which will hear and decide tax appeals.

3. Other provisions of the Bill are for the purpose of clarification or tidying up. For instance Clause 13 redefines the status of companies, eliminating obsolete provisions and updating section 132 to take into account the existence of the Botswana Stock Exchange.

F.G. MOGAE,

*Minister of Finance and Development
Planning.*
