Bill No. 20 of 1996

BANK OF BOTSWANA BILL, 1996
(Published on 22nd October, 1996)

MEMORANDUM

A draft of the above Bill, which it is intended to present to the National Assembly, is set out below.

The Bill reenacts, with amendments, the Bank of Botswana Act which established the Bank of Botswana, and sets out its constitution, objects and functions.

The Bill seeks to provide for greater flexibility in the management of the Bank's assets, and for greater certainty in forecasting the annual payments to Government, while ensuring that the Bank's capital and reserves are sufficient to cover unanticipated operating losses. This is accomplished, by clause 5, by increasing the Bank's authorized capital from P5 000 000 to P25 000 000, by providing for discretionary additions to the General Reserve (clause 13), and by removing the special or revaluation reserve. The Bill also makes a clear distinction between the Primary International Reserve (clauses 30 and 31) and long term investment funds, part of which may be attributed directly to the Government (clause 34).

By, inter alia, increasing the membership of the Board to nine members (clause 9), making it possible for more than one deputy Governor to be appointed (clause 13), ensuring that the disclosure of interest provisions apply to all Board members to protect the Bank against conflicts of interest (clause 18), and requiring the Bank to adhere to sound accounting principles appropriate for a central bank, the Bill seeks to enable the Bank to operate more efficiently.

By clause 29 the Bill prohibits the counterfeiting and forgery of Botswana currency.

Finally, the various penalties stipulated in the present Act have been enhanced.

F.G. MOGAE,
*Minister of Finance and Development
Planning.*
