for Director,

Government Notice No. 230 of 1997

WILDLIFE CONSERVATION AND NATIONAL PARKS ACT 1992
(No. 28 of 1992)

Wildlife Hunting Quota Notice, 1997

IT IS HEREBY notified for general information that in accordance with section 32 of the Wildlife Conservation and National Parks Act, the Director, after consultation with the appropriate local authorities and landboards, determined the wildlife hunting quota for the year 1997 being game birds and game animals as listed in First and Second schedules respectively.

FIRST SCHEDULE — Part 1: GAME BIRDS

DOVE	50 per day
Includes Mourning Dove, Redeyed Dove, Cape turtle dove and Laughing Dove	
DUCK	10 per day
Includes Knobbilled duck, Yellowbilled duck, Whitefaced duck, Southern pochard, Cape shoveller, Cape teal and Redbilled teal	
FRANCOLIN	10 per day
Includes Swainson's francolin, Crested francolin, Redbilled francolin, Natal francolin and Orange River francolin	
GOOSE	2 per day
Includes Egyptian goose and spurwing goose	
GUINEA FOWL	5 per day
PIGEON	5 per day
Includes the Green pigeon only	
QUAIL	20 per day
Includes Common quail and Harlequin quail	
SANDGROUSE	15 per day
Includes Doublebanded sandgrouse, Burchell's sandgrouse, Namaqua sandgrouse and Yellowthroated sandgrouse	
SNIFE	10 per day
Includes African snipe, Greate snipe and Painted snipe	

These daily bag limits are inclusive for each category regardless of the number of species therein. For example, a total of 50 doves may be taken in any given day and this total may be made up of any combination of Mourning dove, Redeyed dove, Cape turtle dove, and/or Laughing dove.

The maximum daily bag limit of game birds is therefore 50 doves, 10 ducks, 10 francolin, 2 geese, 5 guinea fowl, 5 pigeon, 20 quail, 15 sandgrouse, and 10 snipe for a total possible legal bag of 127 game birds in any given day during the open season.

In order to protect game birds during those periods when they are breeding and rearing young and under provisions of the Wildlife Conservation and National Parks Act, 1992 [Part VII, 32. (2)] the season of the year during which game birds may be hunted will begin at sunup on the opening day of the season for game animals and end at sundown on the last day of October of any given year.

Part 2: SMALL GAME

Small game animals available on licence include caracal, bateared fox, silver fox, Cape hare, scrub hare, blackbacked jackal, sidestriped jackal, porcupine, and springhare. These species are subject to an annual bag limit per Small Game Licence as follows:

CARACAL.....	2 per licence
FOX, BATEARED.....	5 per licence
FOX, SILVER.....	5 per licence
HARE, CAPE.....	10 per licence
HARE, SCRUB.....	10 per licence
JACKAL, BLACKBACKED.....	50 per licence
JACKAL, SIDESTRIPED.....	25 per licence
PORCUPINE.....	3 per licence
SPRINGHARE.....	10 per licence

The maximum bag limit of small game animals per licence per season is therefore two caracal, five bateared fox, five silver fox, ten Cape hare, ten scrub hare, fifty blackbacked jackal, twenty-five sidestriped jackal, three porcupine and ten springhare for a total possible legal bag of one hundred and twenty small game animals.

An exception to the above is the case of leasehold safari areas where small game animals may be taken only under a single game licence and only in the numbers as indicated in the annual offtake allocations.

SECOND SCHEDULE — Part 1 GAME ANIMALS -

The tables that follow are organized by controlled hunting areas (CHAs) within districts. Those CHAs that are afforded the status of a national park, game reserve, protected area or photographic area are not listed.

Numerical offtake limits are not given for those animals classified as small game except in leasehold safari CHAs. This is because small game licences are made available only to citizen hunters who may take small game animals in accordance with these regulations. Since this is not the case with non-citizen hunters (who may not hold a small game licence) a quota is given for these animals which, in leasehold safari areas, must be taken under a single game license by non-citizen hunters.

As regards ostrich, a total allowable offtake (whether by hunting or capture) of adults is given for leasehold safari CHAs and Department of Wildlife and National Parks (DWNP) approved community managed CHAs. Allowable capture offtake of chicks and eggs is provided separately. In all other CHAs only an allowable hunting offtake is given and allowable capture quotas for adults, eggs and/or chicks is listed separately. It should be noted that egg collection and chick capture permits will be issued for one calendar year commencing on January 1st. This allows for users to collect/capture either in the first or last three months of the year when eggs and chicks are available.

A trophy offtake for crocodiles of a total length of 3 meters or greater is given for appropriate CHAs. Capture quotas of eggs or young in addition to the allowable trophy offtake must be obtained separately from the DWNP on a case-by-case basis.
