MANAGEMENT ACT, 2011 (ACT 815), AS AMENDED (ACT 893).**

## **PREFACE**

The 2016 Annual Report on the Petroleum Funds has been prepared in line with Section 48 of the Petroleum Revenue Management Act, 2011 (Act 815), as amended (Act 893), to cover the collection, utilisation and management of petroleum revenue during the 2016 fiscal year. This report is submitted together with the 2017 Budget Statement and Economic Policy to Parliament, as required by Section 48 of the Act.

This report, the sixth in the series, highlights the events in the upstream petroleum sector, including, the activities of the Ministry of Petroleum, Petroleum Commission, Ghana National Petroleum Corporation (GNPC) and its subsidiaries. It also accounts for the petroleum revenue received during the period and the returns on the Ghana Petroleum Funds.

The year 2016 marked another milestone in Ghana's upstream petroleum sector. The year witnessed the arrival of the Tweneboa-Enyenra-Ntomme (TEN) Field's Floating, Production, Storage and Offloading (FPSO) and the subsequent production of crude oil from the Field. It was also the year in which the country's Exploration and Production Law was amended to bring it in line with recent industry practices, enhance transparency and accountability and align it with recently passed laws that affect the sector's fiscal regime.

The year 2016 was also one in which crude oil prices, output and revenue fell significantly short of their original projections, leading to expenditure realignments in the year.

The year also brings an end to the second 3-year cycle for the revenue distribution formula to the National Oil Company, Annual Budget Funding Amount (ABFA) and the Ghana Petroleum Funds, as spelt out in the PRMA. The 2017 Budget has made proposals to Parliament in respect of the revenue distribution formula and sought to revise the priority areas in which the ABFA should be spent.

Government will work towards finalizing the PRMA Regulations and submit them to Parliament for passage. Government will also work towards increased transparency judicious and impactful spending of petroleum revenue and the creation of opportunities for Ghanaians in the industry. This is all in a bid to making the petroleum resource a blessing rather than a curse.

## **EXECUTIVE SUMMARY**

### **Overview**

The Minister for Finance is required, by Section 48 of the Petroleum Revenue Management Act, 2011 (Act 815), as amended (Act 893), hereafter, PRMA, to submit an annual report on the Petroleum Funds, as part of the presentation of the Annual Budget Statement and Economic Policy to Parliament.

In line with the above, the 2016 Annual Report on the Petroleum Funds includes the following:

- receipts into and transfers from the Petroleum Holding Fund (PHF);
- deposits into the Ghana Petroleum Funds (GPFs), namely, the Ghana Stabilisation Fund (GSF) and the Ghana Heritage Fund (GHF);
- status of the audit report on the Petroleum Funds for 2014 and 2015; and
- a balance sheet, including a note listing the qualifying instruments, of the GPFs.

The 2016 Annual Report on the Petroleum Funds covers January to December, as opposed to the 2013-2015 reports, which covered January to September. This is due to the availability of full year data at the time the 2017 Budget was presented to Parliament.

### **Petroleum Receipts**

Total petroleum receipts (i.e. proceeds from Jubilee liftings and other petroleum receipts) as at the end of 2016 was US\$247.18 million (GH¢972.55 million). This represents a significant decrease (37.6%) when compared with the 2015 receipts of US\$396.17 million (GH¢1,449.92 million). Receipts from crude oil liftings, which involved 4,824,417 barrels of oil, accrued from the 30<sup>th</sup> (lifted in December 2015) to the 34<sup>th</sup> Jubilee liftings. This amounted to US\$207.79 million (GH¢811.68 million).

### **Allocation of 2016 Petroleum Receipts**

Out of the total revenue of US\$247.18 million, US\$88.50 million was allocated to GNPC (the NOC) as Equity Financing Cost (US\$58.11 million) and its share of the net Carried and Participating Interest (US\$27.55 million for crude oil and US\$2.84 million for gas). An amount of US\$42.16 million (GH¢166.65 million) was transferred into the Ghana Petroleum Funds, while the Annual Budget Funding Amount (ABFA) received US\$98.38 million (GH¢388.85 million).

### **Utilisation**

The total ABFA utilisation amount was GH¢311.12 million, leaving a balance of GH¢77.73 million at the end of 2016.

## PETROLEUM RECEIPTS AND UTILISATION IN 2016

Total crude oil lifted was 5,856,921 barrels of oil (4,860,462 barrels of Jubilee oil and 996,459 barrels of TEN oil), compared to 5,730,090 barrels in 2015.
2. This involved 4,824,417 barrels of oil and excludes the proceeds from the 35<sup>th</sup> Jubilee and 1<sup>st</sup> TEN liftings in December 2016, whose proceeds were received in the first quarter of 2017.

\*Includes the US\$9.21 million which was accounted for as a 2015Q4 receipt in the 2015 Reconciliation Report on the Petroleum Holding Fund

- A total of US\$42.16 million (GH¢166.65 million) was transferred into the GPFs in 2016, compared to US\$21.67 million (GH¢86.27 million) for the same period in 2015. The increase was attributed to the amendment of the PRMA, which allows for constant transfers into the GPFs, irrespective of the amount. Out of the amount transferred, the GHF received US\$12.65 million (GH¢50.0 million), against US\$6.50 million (GH¢25.98 million) in 2015, while the GSF received US\$29.51 million (GH¢116.67 million), against US\$15.17 million (GH¢60.34 million) in 2015.
- The total amount transferred in 2016 from petroleum liftings and related proceeds to the ABFA was US\$98.38 million (GH¢388.85 million). The allocation to the ABFA was lower than the budgeted amount of US\$149.76 million. In spite of this shortfall, no withdrawal was made from the GSF. Of the ABFA allocation, the Ghana Infrastructure Investment Fund (GIIF) received a total of US\$17.22 million, which represents 25 percent of the capital component of the ABFA, in line with the GIIF Act.
- This brings the total ABFA allocation to GIIF to US\$68.48 million. The GIIF Secretariat indicates that it has not spent its ABFA allocation, even though the GIIF Board granted approval for GIIF to co-finance 9 infrastructure projects. These projects are at various stages of due diligence.

#### Utilisation of the 2016 Annual Budget Funding Amount

- Utilisation of the ABFA by the priority areas was in line with the provisions of the PRMA. Table 4 provides a summary of utilisation by the priority areas, with the details shown in Appendix Table 3 of the full 2016 Annual Report on the Petroleum Funds, which is available on the Ministry's website ([www.mofep.gov.gh](http://www.mofep.gov.gh)).

1 This is made up of US\$0.16 million of the 2015 receipts of US\$0.55 million and US\$2.68 million of the 2016 receipts of US\$9.30 million
