GOVERNMENT NOTICE No 121]

NOTICE

The attention of the Secretary of State and that of his predecessors in office has from time to time been called to cases in which gentlemen who have been Colonial Governors or have held other high appointments in the Colonial Service have, immediately upon their retirement, been offered and accepted directorships of companies operating in territories in which they recently held office

2 The acceptance of such directorships has afforded occasion for adverse criticism, and, after much consideration, the Secretary of State has arrived at the conclusion that the practice is open to serious objection, as tending to impair that reputation for a disinterested sense of public duty which the Colonial Service rightly enjoys

3 He has, therefore, decided to lay down for the future the following rule, viz —that no officer who has retired on pension from the Colonial Service shall accept the directorship of any company operating in the Colony or Protectorate in which he has served without first obtaining the written consent of the Governor for the time being of the Colony or Protectorate in question, which consent during the first three years after an officer's retirement will only be given in very exceptional circumstances and after reference to the Secretary of State. And no retiring Colonial Governor shall accept such a directorship or a similar position until he has obtained the necessary permission from the Secretary of State, who will in each case consult the Governor of the Colony or Protectorate affected before deciding upon the application
