GOVERNMENT NOTICE No 74]

## THE EAST AFRICA TOWNSHIPS ORDINANCE, 1903.

### RULES

IN EXERCISE of the powers conferred upon him by the East Africa Townships Ordinance, 1903, His Excellency the Governor has been pleased to make the following Rules

Nairobi,

The 28th day of February, 1917

C C BOWRING,

*Chief Secretary*

1 These Rules may be cited as "The Nairobi Township Drainage Rules, 1917," and shall apply to the Township of Nairobi

2 In these Rules the words "owner" and "occupier" shall have the same meaning as in Nairobi Building Rules, 1913

3 After the publication of these Rules no person shall construct any drain for the purpose of discharging, or which may discharge outside the limits of his holding storm water or soiled water from a house or premises owned or occupied by him without first applying for permission to the Town Clerk and submitting to him if required a block plan of the plot drawn to a scale of not less than forty feet to one inch, showing the position of existing buildings thereon and the position and direction of fall of the proposed drain

4 If within 30 days from the receipt of such application, the Town Clerk should fail to give such information, the applicant shall, subject to any rule under the East Africa Townships Ordinance, 1903, applicable to Nairobi, be at liberty to proceed with the construction of the drain

5 The Town Clerk shall supply any such applicant on request with information as to the position and reduced level of the bench marks in the vicinity of, or nearest to the house or premises to be drained

6 Except as provided in Rule 4 hereof no person shall construct any drain for the purpose of discharging or which may discharge outside the limits of his holding storm water or soiled water from any house or premises occupied by him without the written permission of the Town Clerk

7 In any case in which any private drain serving any house or premises and connecting with the public drainage system is considered unsatisfactory by the Drainage Authority, the Town Clerk may, on condition that he provides a drain or drains adequate and efficient for the drainage of such house or premises and communicating with the public system close the aforesaid private drain and do any works necessary for that purpose and for making good the site occupied by it. The expense of such works, removals, and making good shall not be a charge against such owner or occupier

Provided that the subsequent maintenance of such drain or drains shall be at the expense of the owner or occupier of the house or premises

8 Where any house or premises within the Commercial Area of the Township as defined in Township Rules dated 1st August, 1913, (Government Notice 169 of 1913) has a drain not connecting with the public system of drains or sewers, or has any drain which does so connect but which is not of a type or construction which has been approved by any authority, or which is not effectual for the drainage of any house or premises served by it the Town Clerk may give written notice to the owner or occupier that such drain will be replaced by the drainage authority and shall at the same time require the drainage authority to provide a drain of approved type and construction from the house or premises served by such faulty drain to such public drain or sewer as may be approved by the drainage authority for the reception of the discharge from such house or premises. Such provision shall be executed by the said authority at the expense of the owner in respect of any length of drain required over public property for a distance of sixty feet from the nearest point of the plot to the drain or sewer receiving the discharge and at public expense in respect of any lower portion in excess of that length and the cost of the portion executed at the expense of the said owner shall be recoverable summarily

Provided that if such owner or occupier shall within 7 days of receipt of written notice as aforesaid intimate to the Town Clerk that he is desirous of himself constructing such part of such connecting drain as will lie upon the land owned or occupied by him he shall be at liberty to do so under the supervision and to the satisfaction of the Drainage Authority and shall do so within a time to be specified by the Town Clerk and in the event of his failing to do so within the prescribed period the Drainage Authority shall be entitled to proceed as if such option had not been exercised

Provided further that the Town Clerk shall exhibit to any applicant on request a drawing showing types of drains which are approved by the Drainage Authority and a specification covering the method of construction, and an estimate showing the cost then current per foot run

9 The Drainage Authority shall be the Director of Public Works or such other person or body of persons as the Governor in Council may appoint

## GOVERNMENT NOTICE No 80]

## OBITUARY.

HIS EXCELLENCY the Governor deeply regrets to announce the death on February 28th of MR G A STANLEY, Traffic Manager, Uganda Railway, as the result of pneumonia

Mr Stanley joined the Traffic Department on May 23rd, 1901, and rose to be its head in April, 1912. He was a most sincere, conscientious and energetic officer and in his dealings with the general public always displayed great tact and consideration. From the commencement of the war until he went on leave in October last, his duties had been increasingly responsible and arduous and he spared no effort in discharging them with loyalty and efficiency. In private life he was genuinely popular and his loss will be deplored by a wide circle of friends. The greatest sympathy will be felt by all for his widow in her bereavement.
