Mr Hatch entered the service of the Uganda Railway on the 21st September, 1911, as Second Officer, Uganda Railway Marine. He was promoted to Chief Officer with effect from the 27th July, 1913, and would shortly have been recommended for further promotion to Commander if he had lived

GOVERNMENT NOTICE No. 189]

CIRCULAR

MOTOR CYCLE ALLOWANCES

HIS EXCELLENCY has approved of a revision of the rates of motor cycle allowances, which will for the future be calculated on the following lines

2 In cases in which efficiency would be so greatly increased thereby that it would be in the interests of the Government service to purchase a motor cycle (were it not that the system of allowances is preferable) the allowance is intended to cover running expenses and depreciation, up to a fixed maximum. In this category will be included cases in which the average monthly mileage is not less than 200 miles, and special cases of Senior Officials whose time is of exceptional value, including District Commissioners who would use this means of transport for part of the year only, and of those who require motor bicycles for use in emergency

3 In cases not included in the above category in which an official owns a motor cycle and will save Government time appreciably by using it, an allowance may be granted to cover running expenses only

4 The maximum monthly allowance granted will be, as a general rule, Rs 45. When the travelling is to be undertaken on exceptionally rough roads outside the neighbourhood of townships, that part of the allowance which is intended to cover running expenses will be higher than elsewhere, and the maximum monthly allowance may be extended to Rs 50

5 Attention is called to section 216a of the Code of Regulations, which is amended only in respect of the maximum monthly allowance. The rates are liable to revision at any time

6 Applications for the grant of these allowances should be made in duplicate in the form attached, through the Treasurer, both immediately in respect of all existing allowances in order that they may be revised, and in future in respect of any further applications which are recommended for consideration

APPLICATION FOR MOTOR BICYCLE ALLOWANCE

- 1 Name of Applicant
- 2 Rank Department
- 3 Average monthly mileage

N B—This must not include the journey between an official's house and his office. If the monthly average is less than 200 miles reasons must be given on a separate memo attached to show why this should be regarded as a special case

- 4 Area in which the cycle is to be used
- 5 Extent of travelling on very rough roads outside the neighbourhood of townships
- 6 Nature of work in connection with which such journeys are undertaken

I certify that I have made full enquiries into the circumstances of this application and am satisfied that the information contained above is correct. The applicant's efficiency in Government service will be increased by the use of a motor cycle
