NOTICE

Issue of Passports to Women and Children

WITH reference to Government Notice No 137 on page 351 of the Official Gazette of 1917, the Secretary of State for the Colonies considers it necessary to issue a further warning to Government officials and others in East Africa as to the restrictions on the travelling of women through the submarine danger-zones

- 2 Mr Long wishes it to be clearly understood
 - (a) that he is not prepared to discuss the grounds which he or any other authority having responsibility in this matter, considers sufficient in any particular case
 - (b) that the fact that a vessel is carrying women does not justify the giant of permission to travel by that vessel in any case which is not otherwise admissible
 - (c) that the rules on the subject remain as indicated in the Government Notice above referred to, and
 - (d) that these rules are applied with increasing strictness as time goes on
- 3 In cases where passports are granted in this country for women and children to travel to England through the danger zones it should also be understood that it is very improbable that permission will be granted to them to return to the Protectorate from the United Kingdom during the continuation of hostilities
- 4 This consideration does not apply to the case of female Government employees whose return to duty will be decided from the standpoint of the necessities of the service, but even in such cases the Secretary of State desires that leave should, as a general rule, be granted only to places which are not affected by the rules governing the issue of passports, so as to avoid the necessity for travelling through the sea danger-zone
