GOVERNMENT NOTICE No 39]

NOTICE

IN order to avoid any misunderstanding as to the steps taken by Government for the assurance of an increased supply of local wheat, the following resumé of Government action in this matter is published for general information

By Government Notice No 423 of December 21st, 1917, the sale and purchase of wheat for milling purposes was prohibited and the price of seed wheat was confined to a maximum of Rs 5 per load of 60 lbs

By Government Notice No 17 of January 16th, 1918, the maximum price of seed wheat was withdrawn. The embargo on the sale of local wheat for milling will be removed when the proportion of the present crop required for seed has been ascertained and secured to that purpose. Mr Powell has been seconded to this task and as soon as the country's seed requirements have been assured the remaining wheat will be released for milling.

Government has not guaranteed a minimum price for locally grown wheat, but Government Notice No 436 of December 28th, 1917, provides that the importation of wheat and wheat flour will be prohibited except on licence for 3 years from December 1st, 1918, that licences will only be granted to meet a deficiency and that maximum prices will be fixed at rates which will ensure the growers and millers a legitimate profit and the public a reasonable price.
