GOVERNMENT NOTICE No. 310.

NOTICE.

GENERAL attention is invited to the following extracts from the Colonial Office Regulations dealing with the procedure to be adopted in addressing the Governor or the Secretary of State:—

211. Persons in a Colony, whether public functionaries or private individuals, who have any representations of a public or private nature to make to the Government, should address them to the Governor through the Colonial Secretary. The duty of the Governor is to consider and act upon each such representation as public expediency or justice to the individual may appear to require, with the assistance in certain cases of his Executive Council; and if he doubts what steps to take thereupon, or if public advantage may appear to require it, he will refer the matter to the Secretary of State.

212. Every individual has the right to address the Secretary of State, if he thinks proper; in which case he must transmit such communication, unsealed and in triplicate to the Governor requesting him to forward it in due course to the Secretary of State. Every letter, memorial or other document which may be received by the Secretary of State from a Colony otherwise than through the Governor will be referred back to the Governor for his report.

213. The preceding rule requiring transmission of correspondence with the Secretary of State through the Governor is based on the strongest grounds of public convenience, in order that all communications may be duly verified, as well as reported on, before they reach the Secretary of State. It extends

therefore to communications relating to public affairs as well as to the concerns of the writer, to those from all public functionaries of whatever rank, and to those from public bodies.

214. Petitions addressed to the King, or the King in Council, memorials to public officers or departments of His Majesty's Government, must be in like manner sent to the Governor for transmission to the Secretary of State.

215. The Governor is bound to transmit to the Secretary of State with all reasonable despatch every communication so received by him, accompanied by such report as its contents may appear to him to require.

2. It will be realised that neither the Governor, nor the Secretary of State, can be in a position to give a decision upon a question submitted to him until he has been placed in possession of all the facts, and the transaction of public business will be considerably expedited if these Regulations are adhered to. Instances have recently occurred in which failure to observe them has been productive of considerable delay.

3. The practice of addressing communications of an official nature to Heads of Departments by name, instead of by office, is also open to objection as, in the event of the officer's temporary absence from his headquarters, communications addressed to him in the former manner are liable to be treated as private correspondence and held over until his return.

In cases where a quotation is given for seeds or plants only, it should be understood that seeds or plants only, as the case may be, can be supplied.

The prices for plants include the cost of Plant Trays.

Applications for seeds or young trees should be addressed to the Conservator of Forests, Nairobi; and must be accompanied by a remittance in cash or postal order. Cheques cannot be accepted in payment unless initialled by the Bank on which they are drawn.

Owing to the large number of orders to be dealt with, unavoidable delays in transport invariably occur. Purchasers are therefore kindly requested to give a few days notice when ordering plants.

No telegram, advising despatch of plants, will be sent unless previously paid for by the purchaser.

No seeds or plants can be delivered unless they have been previously paid for.

The letters "N" or "L" appearing before the name of a tree indicate that such tree may be obtained from the Forest Officer, Nyeri or Londiani, as the case may be.
