Local Authority's directions to be observed.

7. Where any private street or part thereof has been levelled, paved or metalled, kerbed, channelled, sewered and drained, or otherwise made good to the satisfaction of the Local Authority, the Local Authority may, upon the request of the owner or of any of the owners of such street and if the owner of the greater part of the frontage of such street concur in such request, declare the same to be a public street and thereupon the street or part thereof shall become a public street.

Private street, when properly paved, etc., may be declared public street.

8. (1) If any private street, or any part thereof, be not constructed or maintained to the satisfaction of the Local Authority, the Local Authority may from time to time resolve with reference to such street, or part thereof, to do any one or more of the following works (herein called "private street works") that is to say:—to sewer, drain, level, pave, kerb, metal, channel, or make a carriageway or footway by any method; and the expenses incurred by the Local Authority in executing such private street

works, or in renewing and maintaining them, or such part of the expenses as may be deemed reasonable by the Local Authority, shall be apportioned among the premises fronting, adjoining, abutting, or served by such street or part thereof and shall be recoverable from the owners of such premises by the Local Authority. 5

(2) Before passing any such resolution, the Local Authority shall serve upon the owners of all premises affected thereby a notice:—

(a) Indicating the works of construction proposed to be undertaken and the estimated probable cost thereof; and, 10

(b) Stating a place at which the plans and particulars of the said works, together with a provisional apportionment of the cost thereof, may be inspected;

and shall afford an opportunity for the hearing of any objection to the proposed work, or to the proposed apportionment of the cost thereof, in such manner as may be ordered or prescribed by the Local Authority. 15

(3) The Local Authority may at any time resolve to contribute any proportion of the expense of any such work of construction which would otherwise be recoverable from the owners of any such premises. 20

(4) The said expenses shall be apportioned according to the frontage of the respective premises, provided that the Local Authority may have regard to the greater or less degree of benefit to be derived by any premises from any work so undertaken. 25

(5) The Local Authority may include in any such apportionment any premises which do not front, adjoin or abut on the street or part thereof, but access to which is obtained from the street by means of a lane, passage or otherwise, and which, in their opinion, would be benefitted by any work so undertaken and fix the sum so apportioned to be charged against any such premises accordingly. 30

(6) Every apportionment made by the Local Authority shall be published in the Gazette. 35

(7) Any person aggrieved by any apportionment or resolution made under this Section may appeal to the Court of a First Class Magistrate having jurisdiction within the area, provided such appeal is made within one month from the date of the publication of the notice in the Gazette. The Court, which shall sit with two assessors, may make a new apportionment, or such other order as it may deem just. Such apportionment or order shall be final and conclusive. 40

(8) The Court may on the application of any person quash in whole or in part or may amend the resolution, plans, sections, estimates, and provisional apportionments, or any of them, on the application either of any objector or of the Local Authority. The Court may also, if it thinks fit, adjourn the hearing and direct any further notices to be given. 45

(9) No objection which could be made under this Ordinance shall be otherwise made or allowed in any Court proceedings or manner whatsoever. 50

(10) The costs of any proceedings before a Court of First Class Magistrate sitting with two assessors in relation to objections under this Ordinance shall be in the discretion of the Court and the Court shall have power, if it thinks fit, to direct that the whole or any part of such costs ordered to be paid by an objector or objectors shall be paid in the first instance by the Local Authority and charged as part of the expenses of the works on the premises of the objector or objectors in such proportions as may appear just. 55 60

(11) It shall be lawful for the parties to agree to the assessors referred to in this section and failing such agreement any two assessors may be nominated by the Magistrate.

(12) Any premises liable to the payment of a proportionate part of the expenses incurred by the Local Authority shall stand and remain charged with the sum apportioned on them, or of such part thereof as remain unpaid, as a first charge with interest at the rate of 9% per annum if not paid within six months from the date of rendition of the account with effect from the date of expiry of the said six months, which charge shall take priority over all encumbrances and charges whether such encumbrances and charges are prior in point of time or not. 65 70

(13) The Local Authority shall keep a register of charges under this Ordinance and of the payments made in satisfaction thereof and the register shall be open to inspection at all reasonable times on payment of a sum not exceeding S. 2 in respect of each search and the Local Authority shall furnish copies of any part of such register to any person applying for the same on payment of such reasonable sum as may be fixed by the Local Authority.

Register of charges.

(14) Any sum or interest on costs payable under the provisions of this section shall be recoverable as a civil debt.

9. (1) Where, in the opinion of the Local Authority, the immediate construction of certain private street works on any private street or part thereof, in a permanent manner, is not required, the resolution may provide for the construction of such works in a temporary manner and the apportionment of the expenses among the premises may include an annual charge for the maintenance and renewal of such temporary works; which shall be recoverable from the owners in the manner prescribed in Section 8.

(2) The construction of temporary private street works shall not preclude the Local Authority from resolving at a later date that such works shall be replaced by other works constructed in a permanent manner or that the works extended or new works on the same street be constructed. Provided that a period of at least two years shall elapse before a new resolution in respect of the construction of such new works on the same street shall be passed, and provided that the procedure laid down in Section 8 shall be followed in the case of any new resolution.

(3) When the carriageway of a private street shall be metalled with stone or constructed in an equally permanent manner, the expenses of maintaining the private street shall be borne by the Local Authority without prejudice to the power of the Local Authority to take over the street in any condition.

10. (1) Where the ownership of land charged with expenses of private street works or their maintenance has changed between the date of a resolution charging such land, or of an order of a Court arising out of any appeal under section 8 of this Ordinance and the date on which any payment becomes due, the new owner shall be chargeable with the sum due.

(2) Where the land has been sub-divided between the said dates decision regarding the apportionment of the sum due, or any sums which may subsequently become due under the resolution or order of Court, between the owners of the sub-divisions shall rest with the Local Authority, without appeal.

11. No person shall form any road or path communicating between any street and any lands or plots adjoining or abutting thereon otherwise than in such a manner that the said road or path where it crosses the street boundary shall be of the same level as the approved level of the centre of the street, except with the special consent of the Local Authority, and such consent shall only be given upon the condition that the levels of the said road or path shall be made to conform with the provisions of this section at the owner's expense as and when required by the Local Authority.

Levels of ways connecting with streets.

The construction and maintenance of such junctions in respect of crossings of footpaths, drains, water tables, pipes and interference with other works situated on the street shall be subject to compliance with such conditions as the Local Authority shall impose.

12. Every act, failure, neglect or omission whereby any requirements or provisions of this Ordinance are contravened and every refusal to comply with such requirements or provisions, shall be deemed a contravention of this Ordinance.

Contraventions.

13. Any person who contravenes any of the provisions of this Ordinance shall be liable, on conviction, to a fine not exceeding S. 2,000 or to imprisonment of either description not exceeding a period of two months, or to both: and in such case the Local Authority may take such steps as may be necessary to do anything omitted to be done in contravention of this Ordinance or to remove or restore to its original condition any work or thing done in contravention of this Ordinance and that at the expense of the persons so contravening this Ordinance and such expense shall be recoverable as a civil debt.
