THE AGRICULTURAL PRODUCE EXPORT  
ORDINANCE, 1921.

## RULES.

IN EXERCISE of the powers conferred upon him by Section 10 of the above Ordinance, His Excellency the Governor in Council has been pleased to make the following Rules:—

1. These Rules may be cited as "The Grading of Maize Rules, 1925," and shall take effect from the first day of November, 1925.

2. The grades of maize together with their class and description shall be as set out in the schedule to these Rules.

3. The maize shall be delivered in a manner suitable for purposes of inspection at the wharf at Kilindini or M'baraki Piers, or at such other places at the Coast as the Director of Agriculture may prescribe.

4. (a) When the administration of the Uganda Railway stores graded maize under the block-stacking system, each block-stack shall be composed of one grade of maize, but without regard to the ownership of the maize.

(b) The maize shall be block-stacked subject to any charges, rules, regulations, or conditions not inconsistent with the Agricultural Produce Export Ordinance, 1921, and any amendment thereto, or with these Rules, which the administration of the Uganda Railway may see fit to impose.

(c) Owners of maize intended for export, or their accredited agents, may be required to enter into a separate agreement with the administration of the Uganda Railway concerning the method and conditions of block-stacking.

(d) No person shall export or cause or permit to be exported, or attempt to export, maize without having first stored it as may be required, except as provided for by Rule 25.

5. The owner or shipper shall notify the inspector giving particulars of the consignment, *i.e.*, name of ship on which space has been provided, consignee, destination, number of bags.

6. Such notification shall be given at least four clear days before shipment is due and delivery at the places mentioned in Rule 3 shall, if required, be made at least two clear days before shipment.

7. Inspection shall ordinarily be made within fourteen days of shipment; if in the opinion of the inspector it is necessary, re-inspection may be made at any time after the original inspection and the grade may thereupon be altered.

8. The certificate of grade shall be delivered to the shipper only on production of the "shipping order" or "bill of lading."

9. Every bag of maize in a consignment shall be examined before a certificate is granted in respect of such consignment.

10. It shall be lawful for the inspector to abstract, remove and retain samples from each bag examined, provided that the sample from any one bag shall not exceed one-half of one per cent. of the total contents of that bag.

11. No maize shall be permitted to be exported which contains more than 12.5 per centum of moisture as determined by the Brown-Duval Moisture Tester, nor maize which is "weevily," but the exportation of "slightly weevily" maize shall be permissible.

12. No certificate of grade shall be issued in respect of any consignment of maize found on examination to be wet, unripe or badly developed, musty or weevily; for the export of maize which is defective in these respects but whose export is not prohibited under Rule 11, an inspection certificate shall be issued.

13. Maize intended for export shall be contained in new twill bags, "A" quality, 2½ lb. weight, 8 x 8 (Porter and Shot), in good condition, and securely doubly sewn with overlapping edges.

14. The inspector may refuse to grade any consignment of maize when the average weight of each bag is less than 200lb. nett, and grading fees as prescribed in Rule 23 shall be charged in respect of any such maize rejected and again when re-submitted for grading. It shall be lawful for the administration or for the inspector to determine the weight of maize offered for grading at any one time by any one person by weighing ten per centum of the number of bags offered for grading.

15. Each bag of maize graded in accordance with these Rules shall be branded with " K " and the number of the grade within a ring.

16. The consignor of weevily maize to be carried by the Uganda Railway administration to any of the places mentioned in Rule 3, or to the Government Conditioning Plant shall clearly state on the consignment note that the maize referred to thereon is weevily.

17. Upon receipt of notice from the inspector maize which is found to be weevily on re-inspection or which has been railed as sound but is found on arrival at the Port to be weevily, shall be removed forthwith by and/or at the expense of the owner or owners to a place set aside for such produce.

18. All maize rejected by the grader shall be removed by and/or at the expense of the owner from the wharf sheds not later than the fourth day after such rejection, provided that maize rejected on account of dampness or weevils may be re-conditioned for inspection.

19. Weevily maize shall be stored separately from other maize, or at the Government Conditioning Plant pending treatment.

20. All bags of maize treated for the destruction of weevils shall be marked with the letter " C " in addition to the grade mark, and the certificate of grade or inspection shall be endorsed with the words, " treated by heat for the destruction of weevils."

21. Maize which has been treated at any conditioning plant shall not bear the grade mark No. 1.

22. In the event of any consignor electing to store maize rejected for export in private sheds away from the wharf, such action shall be permitted, but should the owner of such maize thereafter decide to dispose of it locally he may do so on payment of the difference between the special export railway rate and the ordinary rate obtaining between the station of origin and the Port. If the maize rejected is not re-submitted for grading and exported within a period of thirty days from the date of re-rejection, payment of such difference must then be made.

23. A charge shall be made by the inspector at the rate of six cents per bag in respect of all maize submitted for grading under these regulations, and payment therefor shall be made prior to issue of certificate or removal of maize. If maize has been removed and later re-submitted for inspection the same charge shall again be levied.

24. The Government shall not be held responsible for any loss which may be sustained in connection with maize forwarded for export, and shall not undertake any responsibility in respect of any certificate which may be issued under these regulations.

25. These Rules shall not apply to maize exported to any port on the Eastern Coast of the Continent of Africa, south of Port Said and north of Beira, or to any Port of Arabia.

26. "The Grading of Maize Rules, 1923," and "The Grading of Maize Rules, 1924," are hereby revoked.

By Command of His Excellency the Governor in Council.

Nairobi,

The 12th day of October, 1925.
