7. An inspector may give such instructions as he may consider necessary for the treatment or destruction of any plant or seed, or the container thereof, which he may suspect to be infected with, or to constitute an obstacle to the proper control of, any pest or disease. Such instructions shall be complied with by the owner or person in possession of such plant, seed or container within such period as may be specified by the inspector. An inspector may cause such treatment or destruction to be carried out at the expense of the owner or person in possession of such plant, seed or container in the event of either of those persons failing to carry out such instructions.

 - (iii) Should any case or cover containing such plants, beans or coffee become so damaged in course of transit through the Colony as to render it possible for any such plant, bean, or coffee or any part thereof to escape therefrom, such case or cover or any

such plant, bean, or coffee therein or therefrom may, at the discretion of the Director of Agriculture, be destroyed. No compensation shall be payable in respect of such destruction.

- (b) Trade samples of coffee beans or coffee not exceeding one half-pound in weight, imported through the Department of Agriculture. - (a) If such land is occupied, require, in writing, the owner or occupier thereof to take such action with regard to such land or any coffee bush or bushes thereon as he may consider necessary or advisable to control or eradicate any such pest or disease, or to prevent the spread of such pest or disease, or
- (b) If such land is unoccupied or appears to such inspector to be unoccupied, treat or destroy any or all coffee bushes thereon, as to him may seem necessary or advisable.

21. (a) Whenever under the powers conferred by rule 20 an inspector shall require an owner or occupier to take any particular action with regard to any land or any coffee bush thereon he shall specify a period as may seem reasonable to him within which such action shall be completed.

(c) Service of such requisition sent by post to such owner or occupier (or to the manager or person appearing to such inspector to be the manager of such land) shall be deemed to be good service upon the owner or occupier.

(d) When a requisition is to be applied to a whole district or locality and the Director of Agriculture is satisfied that considerable difficulty would be experienced in serving individual notices on owners, occupiers or managers, it shall be sufficient prominently to exhibit such requisition at the post office or post offices normally serving such locality and to publish such requisition in the local press, and in the Gazette.

Such notice shall state the exact locality in which the maize has been planted and the acreage planted.

23.
