GOVERNMENT NOTICE No 192

THE EUROPEAN OFFICERS' PENSIONS
ORDINANCE, 1927

REGULATIONS

IN EXERCISE of the powers conferred upon him by section 3 of the European Officers' Pensions Ordinance, 1927, His Excellency the Governor in Council, with the sanction of the Secretary of State, has been pleased to make the following Regulations —

1 These Regulations may be cited as "the European Officers' Pensions (Consolidation) Regulations, 1930"

PART I

REGULATIONS FOR THE GRANTING OF PENSIONS, GRATUITIES AND
OTHER ALLOWANCES TO EUROPEAN OFFICERS

2 Subject to the provisions of the European Officers' Pensions Ordinance, 1927, hereinafter called 'the Ordinance,' and of these Regulations, every European Officer holding a pensionable office in Kenya, who has been in the service of Kenya in a civil capacity for ten years or upwards, may be granted a pension at the rate of one four hundred and eightieth of his pensionable emoluments for each complete month of pensionable service, subject to the limit described in section 10 of the Ordinance

Pensions to
whom and at
what rates to
be granted

3 Every European officer, otherwise qualified for a pension, who has not completed the minimum period of service qualifying for a pension, may be granted on retirement a gratuity not exceeding five times the annual amount of the pension which if there had been no qualifying period might have been granted to him under Regulation 2

Gratuities
where length
of service does
not qualify for
pension

4 Subject to the provisions of section 6 of the Ordinance and of these Regulations, service qualifying for pension or gratuity, as the case may be, shall be the inclusive period between the date on which a European officer begins to draw salary or half salary from Kenya funds and the date of his leaving the service of Kenya, without deduction of any period during which he has been absent on leave

Period of
service in
Kenya
qualifying for
pension or
gratuity
defined

5 Service in respect of which pension or gratuity may be granted must be unbroken except in cases where the service has been interrupted by abolition of office or other temporary suspension of employment not arising from misconduct or voluntary resignation

Service to be
unbroken

6 For the purpose of computing the amount of a European officer's pension or gratuity the following periods shall be taken into account as pensionable service —

Computation of
pensions and
gratuities

(a) Any periods during which he has been on duty,

(b) Any period during which he received half salary from Kenya funds while proceeding to Kenya on first appointment,

(c) Any periods during which he has been absent from duty on leave with full or half salary,

(d) Any periods during which he has been absent from duty on leave without salary, granted on grounds of public policy with the approval of the Secretary of State, and during which he has not qualified for pension or gratuity in respect of other public service,

And any periods during which he has been absent on leave, other than those specified above, shall be deducted from the European officer's total service in order to arrive at his period of pensionable service

Officers who resigned in order to serve in the armed forces in the War and have been re-appointed

7 If a European officer resigned his office in Kenya during the period from the 4th day of August, 1914, to the 11th day of November, 1918, in order to join the armed forces of His Majesty, and if he joined those forces within three months of such resignation, or if such an officer was dismissed from the service of Kenya on account of having joined those forces and if the officer has within six months of his demobilisation from those forces been reappointed to the service of **Kenya or appointed** to other public service, it shall be lawful for the Governor in Council notwithstanding the provisions of Regulation 5, to take into account in computing the pension or gratuity of such European officer his service in Kenya prior to such resignation or dismissal, and further to count as service in the office from which he resigned or was dismissed the period from the date of his resignation or dismissal to the date of his demobilisation

In this Regulation "resign" and "resignation" includes a refusal to enter into a fresh engagement of service

Computation of pensions and gratuities Service on the Active List of the Navy, Army or Air Force

8 For the purpose of computing the amount of the pension or gratuity of a European officer who, during some period of his service in a pensionable office in Kenya, has been on the active list of the Navy, Army, or of the Royal Air Force, the whole or any part of such period during which no pension contributions have been paid by Kenya, or, if paid, have been refunded, may be taken into account

Computation of pensions, etc., on what emoluments to be based

9 (1) For the purpose of computing the amount of a European officer's pension or gratuity—

(a) in the case of an officer who has held one office for a period of three years immediately preceding the date of his retirement, the full pensionable emoluments payable to him at that date in respect of that office shall be taken,

(b) in the case of an officer who at any time during such period of three years has been transferred from one office to another, but whose pensionable emoluments have not been changed by reason of such transfer or transfers, the full pensionable emoluments payable to him at the date of his retirement in respect of the office then held by him shall be taken,

(c) in other cases the average of the full pensionable emoluments payable in respect of each of the offices

substantively held by the European officer during his tenure thereof within such period of three years shall be taken

Provided that if such average is less than the full pensionable emoluments which were payable to him at the date of the first transfer within such period of three years, the Governor in Council may, with the approval of the Secretary of State, grant him a pension calculated upon the full pensionable emoluments payable to him at that date

(2) The estimated value of free quarters shall be taken as fifteen per centum of the initial salary of the officer's appointment, or of the actual salary if such salary is non-incremental

Provided that—

(a) the point in any scale of salary at which an efficiency bar occurs shall for this purpose be regarded as the initial salary of the appointment in the case of any officer who has passed such efficiency bar,

(b) the estimated value of free quarters shall not be reckoned as less than fifty pounds per annum, nor, in the case of officers appointed to the service of Kenya after the commencement of the Ordinance, as more than one hundred and fifty pounds per annum

10 Only service in a pensionable office shall be taken into account as pensionable service

Non-pensionable service followed by pensionable service

Provided that where an unbroken period of service in a civil capacity in an appointment other than a pensionable office is immediately followed by service in a pensionable office in one of the East African Dependencies, such period or any part of such period may, with the approval of the Secretary of State, be so taken into account

11 Where a European officer has performed acting service in a pensionable office in Kenya, the period of such service may be taken into account as pensionable service

Acting service

Provided that—

(1) the period of such acting service was not part of the pensionable service of the previous holder of the office and does not fall to be reckoned as part of the European officer's own pensionable service in other public service,

(2) this period of service is immediately preceded or followed by service in a substantive capacity in a pensionable office in Kenya

12 If a European officer holding a pensionable office retire or be removed from the service in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organisation of the department to which he belongs, by which greater efficiency and economy can be effected, he may be granted a pension calculated in accordance with Regulation 2

Abolition or reorganisation of office

Provided, however, that if he has been in the service of Kenya for less than the qualifying period of ten years, he may be granted a pension calculated in accordance with that Regulation as if there had been no qualifying period

And provided also that the grant of such pension shall be subject to the condition that he shall be liable to be recalled to service in Kenya

Provided further that if such a European officer is not qualified for other employment in the public service, and if there is no reason, in the opinion of the Governor, to expect that he can be shortly re-employed, a pension may, with the approval of the Secretary of State, be granted to him free from the above-mentioned condition

European
officers retiring
on account
of injuries

13 (1) Where a European officer has been permanently injured—

- (a) in the actual discharge of his duty, and
- (b) without his own default, and
- (c) by some injury specifically attributable to the nature of his duty,

and his retirement is thereby necessitated or materially accelerated, he may, if he is qualified for a pension under Regulation 2, be granted, in addition to the pension granted to him under that Regulation, an additional pension at the rate of the proportion of his actual pensionable emoluments at the date of his injury appropriate to his case as shown in the following table —

When his capacity to contribute to his own support is—

- slightly impaired, five-sixtieths,
- impaired, ten-sixtieths,
- materially impaired, fifteen-sixtieths,
- totally destroyed, twenty-sixtieths

Provided that the amount of the additional pension shall, subject to the approval of the Secretary of State, be reduced to such an extent as the Governor shall think reasonable in the following cases —

- (a) Where the injured European officer has continued to serve for not less than one year after the injury in respect of which he retires,
- (b) Where the injured European officer is at the date of injury within ten years of the age at which he may be required to retire, or
- (c) Where the injury is not the sole cause of retirement, but the retirement is caused partly by age or infirmity not due to the injury

Provided also that the total amount of the additional pension shall not exceed the amount prescribed in section 10 (4) of the Ordinance

Pensions to
injured
European
officers where
service less
than ten years

(2) A European officer so injured, whose length of service is not such as to qualify him for a pension under Regulation 2, but who is qualified for a gratuity under Regulation 3, may nevertheless be granted in lieu of such gratuity a pension at the rate of one four hundred and eightieth part of his pensionable emoluments for each complete month of pensionable service together with such additional pension as might be awarded to him under the preceding part of this Regulation if he were qualified for pension

(3) A European officer so injured who is not qualified for either a pension under Regulation 2 or a gratuity under Regulation 3 may nevertheless be granted a pension of the same amount as the additional pension which he might have been granted if he had been so qualified

14 If any European officer to whom a pension has been granted under the Ordinance is appointed to another office in the service of Kenya, and subsequently retires in circumstances in which he may be granted a pension, he may be granted in lieu of his previous pension a pension computed as if the periods of his service had been continuous, and such pension may be based on his pensionable emoluments on his previous or final retirement from the service of Kenya, whichever may be the greater.

Computation
of pensions
Re-employed
pensioners

Provided that if on his previous retirement he was paid a gratuity and reduced pension, the gratuity to be paid to him on final retirement shall be reduced by the amount of the gratuity already paid.

15 (1) In special cases a European officer holding a non-pensionable office may—

Gratuities to
European
officers who
have served in
a non-
pensionable
office

(a) if he has served the Government for not less than seven years and is removed in consequence of the abolition of his office, or for the purpose of facilitating improvements in the organisation of the department to which he belongs, by which greater efficiency and economy can be effected, or

(b) if he has served for not less than fifteen years and he retires in any of the cases set out in section 7 of the Ordinance,

be granted a compassionate gratuity not exceeding one pound or one week's pay, whichever is the greater, for each year of his service.

(2) Where a European officer has been transferred from a pensionable to a non-pensionable office and subsequently retires either from a pensionable or a non-pensionable office in circumstances in which he might have been granted a pension if he had continuously held a pensionable office, he may, with the approval of the Secretary of State, be allowed to count his service in the non-pensionable office as though it were service in the pensionable office which he held immediately prior to such transfer, and at the pensionable emoluments which were payable to him at the date of transfer.

European
officers
transferred
from pension-
able to non-
pensionable
office

16 (1) Any European officer to whom a pension is granted under the Ordinance may, at his option exercisable as hereinafter provided, be paid in lieu of such pension a pension at the rate of three-fourths of such pension together with a gratuity equal to ten times the amount of the reduction so made in the pension.

Gratuity and
reduced
pension

(2) The option referred to in sub-section (1) shall be exercisable—

(a) in the case of a European officer who, if he had been retired on grounds of ill-health on or before the 28th day of June, 1927, might have been granted a pension under the Ordinance, not later than the 30th day of June, 1928,

(b) in the case of a European officer to whom, if retired on the ground of ill-health, a pension might be awarded by reason only of the taking into account, under Regulation 10, of service in an appointment other than a pensionable office, not later than six months from the date when the approval of the Secretary of State for taking such service into account is received by the Governor,

- (c) in the case of any other European officer, not later than one month after the earliest date on which, if retired on grounds of ill-health, he might be awarded a pension under the Ordinance, or not later than the 30th day of June, 1928, whichever shall be the later date for exercising the option

Provided that any European officer who on or before the 28th day of December, 1927, exercised the option given by the Regulation hereby revoked, may, at any time not later than the 30th day of June, 1928, revoke such decision. Such revocation shall be final so far as concerns any pension ultimately to be granted to him under the Ordinance.

And provided further—

- (i) that a European officer who has previously had the opportunity of exercising the option but has not done so may apply within one month of his subsequent marriage for permission to exercise the option, which permission may be granted at the Governor's discretion after examination of the officer by a Government Medical Board,
- (ii) that the date of the exercise of the option shall be deemed to be the date of the receipt of his written notification addressed either to the Colonial Secretary in Kenya or to the Crown Agents for the Colonies, and
- (iii) that if a European officer has exercised the option his decision shall, save as provided in the first proviso to this sub-section, be irrevocable so far as concerns any pension ultimately to be granted to him under the Ordinance.

PART II

SPECIAL REGULATIONS FOR EUROPEAN OFFICERS WITH OTHER PUBLIC SERVICE

Definitions

17 For the purpose of these Regulations—

“Scheduled Government” means any Government or Service included in the Schedule to these Regulations,

“Service in the group” means service under the Government of Kenya and under a Scheduled Government or Governments.

Application of Regulations in Part I

18 Subject to the succeeding Regulations, the provisions of Regulations 10, 14, 15 and 16 shall apply to the case of a European officer who has been transferred to or from the service of Kenya from or to other public service, and the provisions of Regulations 4, 5, 6, 8, 9 and 11 shall apply to the case of a European officer so transferred as if his whole service had been in Kenya.

Provided that in the application of Regulation 16 to cases falling under the limitation of section 10 (2) of the Ordinance the words “such pension” in that Regulation shall mean the amount of pension which he might have drawn from the funds of Kenya if he had not elected for a gratuity and reduced pension.

19 (1) Where the other public service of a European officer has been wholly under one or more of the Scheduled Governments and he has held a pensionable office in Kenya for a period of at least twelve months and his aggregate service would have qualified him had it been wholly in Kenya for a pension under the Ordinance he may on his ultimate retirement from the public service in circumstances in which he is permitted by the law or regulations of the service in which he is last employed to retire on pension or gratuity, be granted a pension from Kenya of such an amount as shall bear the same proportion to the amount of pension for which he would have been eligible had his service been wholly in Kenya, as the aggregate amount of his pensionable emoluments during his service in Kenya shall bear to the total amount made up of such aggregate amount together with the aggregate amount of his pensionable emoluments from any of the Scheduled Governments

Pension for
service wholly
within the
group

Provided that in determining the pension for which he would have been eligible if his service had been wholly in Kenya—

- (a) the final pensionable emoluments taken shall be those of his last period of service in the group,
- (b) no regard shall be had to Regulation 13,
- (c) regard shall be had to the condition that pension may not exceed two-thirds of the final pensionable emoluments

Provided further that any period of other public service in respect of which pension is not granted by the Scheduled Government concerned shall not be taken into account either in determining the amount of the pension for which he would have been eligible if his service had been entirely in Kenya or in calculating the aggregate amount of his pensionable emoluments

Provided further that where an officer entered the public service prior to the 1st day of January, 1930, his pension in respect of his service in the Colony may be calculated as though any Scheduled Government under which he has served had not been included in the Schedule to these Regulations, if this should be to his advantage

And provided further that in the case of an officer who is transferred without break of service from or to other East African service—

- (a) a pension may be granted under this Regulation notwithstanding the fact that the officer's service in a pensionable office in Kenya is less than twelve months, and
- (b) any service in a non-pensionable office which is allowed to be counted for pension under Regulation 10 shall be regarded as service in a pensionable office for the purpose of this Regulation

(2) The aggregate amount of his pensionable emoluments shall be taken as the total amount of salary which the European officer would have drawn, and the total amount of the other pensionable emoluments which he would have enjoyed, had he been on duty on full pay in his substantive office or offices throughout his period of service under each of the Scheduled Governments concerned

Pension where
other service
not within
the group

20 Where the other public service of a European officer has not included service under any of the Scheduled Governments, and he has held a pensionable office in Kenya for a period of at least twelve months, and his aggregate service would have qualified him, had it been wholly in Kenya, for a pension under these Regulations, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the law or regulations of the service in which he is last employed to retire on a pension or gratuity, be granted in respect of his service in Kenya a pension at the rate of one four hundred and eightieth part of the amount of his pensionable emoluments at the date of his transfer or retirement, as the case may be, from the service of Kenya for each month of his pensionable service in Kenya

Pension where
other service
both within
and not within
the group

21 Where a part only of the other public service of a European officer has been under one or more of the Scheduled Governments, the provisions of Regulation 19 shall apply, but in calculating the amount of pension regard shall be had only to service in the group

Pension
where other
service in
whole or in
part under
certain
Governments

22 Where the other public service of an officer has not been wholly under one or more of the Scheduled Governments, but has been in whole or in part under one or more of the following Governments, namely, the Government of—

Malta,
Seychelles,
Falklands,
St Helena,
Leeward Islands,
Windward Islands,
British Honduras,
Bermuda,
Barbados,
Bahamas,
Turks and Caicos Islands,
Western Pacific,

and the officer has held a pensionable office in Kenya for a period of at least twelve months and his aggregate service would have rendered him eligible, had it been wholly in Kenya, for a pension under these Regulations, he may, on his ultimate retirement from the public service in circumstances in which he is permitted by the law or regulations of the service in which he is last employed to retire on pension or gratuity, be granted, in lieu of the pension which might be granted under Regulation 20 or Regulation 21, as the case may be, a pension from the funds of Kenya of an equal amount to the arithmetic mean between the pension which he could have been granted from the funds of Kenya if his service had been wholly under one or more of the Scheduled Governments and the pension which he would receive from the funds of Kenya in the absence of this Regulation

Provided that the pension which may be granted under this Regulation shall not exceed the pension which the officer would receive from the funds of Kenya in the absence of this Regulation by more than one-third of the latter.

23 Where a European officer who has been transferred from other public service, and whose aggregate service would have qualified him, had it been wholly in Kenya for a pension under these Regulations, is compulsorily retired from the public service in the circumstances mentioned in Regulation 13, he may, if at the time he is in the service of Kenya, be granted from the funds of Kenya the additional pension allowed by that Regulation, in addition to the pension granted under Regulation 19, 20, or 21, as the case may be

Additional pension to European officers retiring on account of injury

24 Where by reason of the fact that a European officer whose case falls under Regulation 23 has held a pensionable office in Kenya for less than twelve months, he is not eligible for a pension under Regulation 19, 20 or 21, as the case may be, he may nevertheless, if at the time of his retirement he is in the service of Kenya, be granted from the funds of Kenya a pension of the same amount as the additional pension allowed by Regulation 23

Pension in respect of injury after less than twelve months' service in Kenya

FOREST DEPARTMENT

TENDERS FOR BAMBOO CUTTING RIGHTS FOR THE
MANUFACTURE OF PAPER PULP

TENDERS are invited for the exclusive right to cut bamboo for the manufacture of paper-pulp over an area of not less than 50,000 acres in the Kikuyu Escarpment Forest Reserve situated between the edge of the Escarpment above the Uganda Railway from Escarpment to Kijabe, and the Southern Chania River on the following main conditions —

1 The licence shall be for a period of 20 years, but may be renewed for a further period of 20 years on terms to be agreed between the Conservator of Forests and the licensee

2 The basis of tender shall be a royalty payment per ton of air dry unbleached pulp, and no tender of less than two shillings per ton will be accepted, provided that for the first 5 years of the licence no royalty on pulp will be charged

3 An annual licence fee of £100 in respect of the area shall be paid for the first 5 years, the first payment to be made on the issue of the licence, and thereafter for such succeeding year in advance on the corresponding date, and thereafter a licence fee of £500 to be paid as aforesaid in respect of the sixth and seventh years, £1,000 to be paid as aforesaid in respect of the eighth and ninth years, and £2,000 to be paid as aforesaid for each succeeding year, provided that the licensee shall be entitled to set off against the licence fee paid in any one year the royalties payable for the same year, but in no case shall a less sum than the licence fee be paid to the Conservator of Forests

4 The licensee shall within the area of the licence or within the adjacent Forest Reserve as may be arranged with the Conservator of Forests, erect and complete a factory and subsidiary buildings for the manufacture of paper-pulp within two years from the date of the licence, and such factory shall thereafter be worked for not less than 120 days in each year in the manufacture of paper-pulp. From and after the expiration of five years from the date of the licence the licensee shall produce an annual out turn from the said factory of at least 10 000 tons of paper-pulp, and from and after the expiration of ten years from the same date an annual out-turn of at least 20,000 tons of paper-pulp

5 The Conservator of Forests will reserve for the use of the licensee, areas of forest and plantations as conveniently accessible to the site of the factory as possible, sufficient to supply such reasonable quantity of wood fuel as may be required for the factory. Royalty will be payable on all fuel at the rate of two shillings per 100 stacked cubic feet for rough forest fuel, and four shillings per 100 stacked cubic feet for plantation fuel during the currency of the licence. In the event of the licence being renewed for a further period the royalty on fuel will be based on the market rates current at the time of such renewal

6 The bamboo forest comprising the licence area will be divided by the Conservator of Forests into compartments arranged in cutting series and the licensee shall completely cut out a compartment before entering the next compartment of the same cutting series

The order in which the said compartments shall be worked will be laid down by the Conservator of

Forests in consultation with the licensee a plan of operations so that the whole area may be worked over systematically. The plan of operations will be based on a 15 years' rotation period unless the Conservator of Forests decides after further experience that a reduction of this period is justified. The licensee shall not be at liberty to deviate from the plan of operations so laid down without the previous sanction of the Conservator of Forests

At the end of each year the licensee shall supply to the Conservator of Forests maps showing the area cut over during the year

7 The licensee shall keep full and true accounts showing the quantity of bamboos brought into the factory, the quantity of paper pulp manufactured and in process of manufacture and exported, and shall on the fifteenth day of each month send to the Conservator of Forests in such a form as he may prescribe a true analysis thereof for the month immediately preceeding

The royalty appearing by such statement to be due in respect of the paper-pulp manufactured shall be due and payable on or before the last day of the next succeeding month

All books of account shall be open to inspection by Government officers who shall be allowed every facility for checking the same

8 If the licensee shall fail to commence and effect substantial operations in the terms of the licence within a period of 18 months from the date thereof, the licence shall become void

9 The licence will contain the usual clauses reserving all minerals, prohibiting the use of the land for any purposes other than those of the licence, prohibiting transfer or subletting without prior consent of Government, providing for the due observance of the terms of the Forest Ordinance and all other laws of the Colony, and for cancellation in the event of bankruptcy of the licensee or in the event of breaches of the conditions of the licence if such breaches are not remedied promptly after due notice, protecting water courses from damage or undue interference, etc

Tenders must be forwarded to the Conservator of Forests, P O Box No 337 Nairobi, Kenya Colony, on or before the 1st January 1931, and should be marked on the outside of the envelope "Tender for Bamboo". They should be accompanied by evidence of financial resources, adequate for the carrying out of the terms of the licence

The highest or any tender will not necessarily be accepted

Tenders from Companies must be accompanied by full information as to their constitution and directorate

In the event of successful tenderer not taking up his licence within 9 months from the date of notice of acceptance all claims to or in respect thereof shall be deemed to have lapsed absolutely

Nairobi,

27th March, 1930

H M GARDNER,
Conservator of Forests

NOTES

The bamboo forest occupies a comparatively level area between 8,000 and 9 000 feet altitude, the nearest point being about 3 miles from the

Railway down the Escarpment, but 8 miles from the most accessible Railway Station (Uplands), and the farthest point of the area is about 12 miles further. The climate is cold and well suited to Europeans. Uplands Station is 32 miles from Nairobi and 361 miles from Mombasa.

It is estimated that there is an average of not less than 40 tons of air-dry bamboo per acre, and that the area will give a continuous annual yield of not less than 40,000 tons of dry unbleached pulp.

There is no large river, but numerous small streams intersect the area.

Supplies of limestone in the Colony are rather scattered, the nearest being about 35 miles by rail. The quality varies considerably.

The Railway freight on bamboo pulp to Kilindini Pier in 10-ton lots and over, pressed to 25 lb or over per cubic foot, loading by sender, is £1-2-9 per ton.

As the result of trials, the Imperial Institute, London, reported that the Kenya bamboo yielded a pulp of good felting properties, which could be readily bleached, and yielded a white paper of good quality. Specimens of the pulp and paper can be seen at the Imperial Institute, S Kensington, or at the Forest Office, Nairobi.

No tender will be considered unless the prospective tenderer or his representative has investigated the proposition on the spot together with such matters as factory site, transport, water, lime and fuel supply, etc.
