KENYA PROCLAMATIONS, RULES AND REGULATIONS

Section 2 of the Principal Ordinance which it is proposed to amend —

Interpretation

2 In this Ordinance—

“ nursing sister ” means a nurse, nursing sister, health visitor or matron who has received an appointment in the public service, or in a public hospital in the Colony, or in a public hospital elsewhere to which she received an appointment through the Overseas Nursing Association,

“ public service ” means service under the Government of Kenya or under any Government or local authority in His Majesty's Dominions or in a British protectorate or a territory in respect of which His Majesty has accepted a mandate on behalf of the League of Nations,

“ public hospital ” includes any hospital controlled by a regularly constituted governing body, and not conducted for private profit,

No 11 of 1927 “ year ” and “ month ” have the meanings assigned to them in the European Officers' Pensions Ordinance 1927

Colony and Protectorate of Kenya

GOVERNMENT NOTICE No 53

HIS Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council

G BERESFORD STOOKE,
Acting Clerk of the Legislative Council

A Bill to Amend the Nursing Sisters (Retiring Allowances) Ordinance, 1931

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows —

1 This Ordinance may be cited as “ the Nursing Sisters (Retiring Allowances) (Amendment) Ordinance, 1933 ” and shall be read as one with the Nursing Sisters (Retiring Allowances) Ordinance, 1931, hereinafter referred to as “ the Principal Ordinance ”

Short title
No 21 of 1931

2 The definition of “ nursing sister ” contained in section 2 of the Principal Ordinance is hereby repealed and the following is substituted therefor —

Amendment of
section 2 of
the Principal
Ordinance

‘ ‘ nursing sister ’ means a person who is a nurse, health visitor, or midwife whose parents are both Europeans and who has received an appointment in the public service or in a public hospital in the Colony, or in a public hospital elsewhere to which she received an appointment through the Overseas Nursing Association ’ ’

OBJECTS AND REASONS

The definition of “ nursing sister ” in the Principal Ordinance applied to all nursing sisters irrespective of race. It has been pointed out, however, to this Government that in Ceylon and in certain East African Dependencies where the Principal Ordinance has been passed, its operation has been confined to European nursing sisters. This Bill so confines the Ordinance in this Colony.

No expenditure of public money will be involved if the provisions of the Bill become law.

Section 3 of the Principal Ordinance which it is proposed to replace —

**Appointment
of Central
Board**

3 (1) There is hereby established a Central Agricultural Advances Board which shall consist of—

- (a) the Treasurer as Chairman,
- (b) the Commissioner for Local Government, Lands and Settlement,
- (c) the Director of Agriculture,
- (d) two unofficial members appointed by the Governor, who shall hold office during the Governor's pleasure

(2) For each unofficial member the Governor may appoint a deputy who shall hold office for so long as the unofficial member for whom he is appointed holds office

GOVERNMENT NOTICE No 54

HIS Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council

G BERESFORD STOOKE,
Acting Clerk of the Legislative Council

A Bill to Amend the Agricultural Advances Ordinance, 1930

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows —

1 This Ordinance may be cited as “ the Agricultural Advances (Amendment) Ordinance, 1933,” and shall be read as one with the Agricultural Advances Ordinance, 1930, hereinafter referred to as “ the Principal Ordinance ”, and shall come into operation upon such date as the Governor may by notice in the Gazette appoint

Short title and
commencement
No 12 of 1930

2 Section 3 of the Principal Ordinance is hereby repealed and the following substituted therefor —

Repeal and
replacement of
section 3 of
the Principal
Ordinance

“ 3 There is hereby established a Central Agricultural Advances Board which shall consist of the persons who for the time being are members of the Land Bank Board established under the Land and Agricultural Bank Ordinance, 1930, together with such other persons as the Governor may from time to time nominate to be members of the Central Board ”

No 3 of 1931

OBJECTS AND REASONS

It is proposed to amend the Land and Agricultural Bank Ordinance 1930, to empower the Land Bank Board in the interests of economy and subject to adequate safeguarding of the funds of the Bank to act as the Central Agricultural Advances Board also. If that proposed amendment of the law is approved this amendment is a necessary corollary.

This Bill abolishes the existing Agricultural Advances Board and substitutes therefor the Land Bank Board together with such other persons as the Governor may nominate, the object of this addition being to give the Land Bank Board the assistance of those who have long been identified with the work of the Agricultural Advances Board.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

Renumeration
of members
of Board

Section 11 of the Principal Ordinance which it is proposed to amend —

11 (1) Every member of the Board, other than the Chairman and other than members who are officers in the public service, shall be paid out of the funds of the Bank a fee of three pounds for each day or portion of a day while he is engaged upon the business of the Bank and the Chairman

GOVERNMENT NOTICE NO 55

1 This Ordinance may be cited as “the Land and Agricultural Bank (Amendment) Ordinance, 1933,” and shall be read as one with the Land and Agricultural Bank Ordinance, 1930, hereinafter referred to as “the Principal Ordinance”

Short title
No 3 of 1931

2 (1) Notwithstanding anything to the contrary contained in the Principal Ordinance, the Board may be appointed and may act as agents for the Government in the administration of any advances to farmers or others. Provided that no expenses of such agency shall fall to be paid from the funds of the Bank, and that the Board shall be indemnified by Government against any losses, costs, or expenses which may be sustained or incurred by the Board in the performance of such agency

The Board

(2) The Board when engaged in such agency work shall not be deemed to be engaged on the business of the Bank and the members of the Board shall in respect of such agency work be remunerated at such rates as the Governor in Council may approve

3 (1) Section 11 of the Principal Ordinance is hereby amended by deleting sub-section (2) thereof and substituting therefor the following —

Amendment of
section 11 of
the Principal
Ordinance

“ (2) It shall be lawful for the Board to pay out of the funds of the Bank the reasonable travelling expenses incurred by a member when engaged on the business of the Bank, provided that no such expenses shall be paid

shall be paid such salary as the Governor may determine on the advice of the Board. Provided that no member other than the Chairman shall be paid more than three hundred pounds in any one year and provided that a member who is an officer of the public service shall be paid such fees as the Governor may determine on the advice of the Board.

(2) The expression "while engaged on the business of the Bank," shall, in the case of a member who habitually resides more than twenty miles distant from the place where the meetings of the Board are held, include the time actually and necessarily occupied in—

- (a) travelling from and to his residence in connexion with such meetings,
- (b) remaining at such place in order to attend such meetings

to any member who resides not more than five miles from the place at which he is engaged on the business of the Bank "

(2) This section shall be deemed to have come into operation on the 3rd day of March, 1931

4 The Principal Ordinance is hereby amended by inserting the following section immediately after section 45 —

45A (1) Three months after demand for the repayment of an advance made under Part II or Part III of this Ordinance has been made by registered letter addressed to the address given by the debtor in his application for the advance and after three months' notice of such demand has been given to all subsequent mortgagees of the property upon which the advance was made the Board may, without recourse to a court of law, enter upon and take possession of and sell by public auction the whole or any part of the security for the advance upon such terms and conditions as to the Board shall appear in all the circumstances to be just. Provided that in the circumstances mentioned in paragraph (c) of section 45 of this Ordinance, the Board may so enter upon and take possession of and sell the whole or any part of such security as soon as the Board may deem expedient after the happening of any of the events in the said paragraph (c) mentioned

Procedure for recovery on default by entry and sale of the property

(2) The Board may transfer such land or other security to a purchaser and give a good and valid title thereto, and may execute all such documents and do all other acts as may be necessary to perfect the same

(3) Provided that no such sale shall take place until the expiry of at least thirty days from the date of a notice in the Gazette and in some newspaper circulating in the district stating the date, hour and place, and the terms and conditions of the sale and provided that every reasonable endeavour shall be made by the Board to communicate to persons interested that such sale is intended

(4) The provisions of section 9 of this Ordinance shall not apply to a transfer of land or other security by the Board to a purchaser under this section "

OBJECTS AND REASONS

This amending Bill is the outcome of suggestions made by the Land and Agricultural Bank Board

2 Clause 2 provides that the Land Bank Board may be appointed and act as agents for Government in the administration of any advances to farmers or others. This amendment is proposed with a view to economy and contemplates the Land Bank taking over at a future date the activities of the Agricultural Advances Board.

3 Clause 3 empowers the Board to pay out of the funds of the Bank reasonable travelling expenses incurred by a member when engaged on the business of the Bank.

4 The amendment in Clause 4 is proposed with a view to facilitating the work of the Land Bank should foreclosure at any time become necessary.

5 No expenditure of public moneys will be involved if the provisions of this Bill become law.

RABIES PROGRESS REPORT

21ST JANUARY, 1933

No further extension of rabies has occurred since the last report and one further case has been confirmed from the Kaniyamkago Location, South Kavirondo. The brain from a suspect dog from Molo Settled Area was found negative by microscopic examination, but the biological test is not yet completed.

There have been no further suspected cases from the settled areas.

The baiting campaign in the native reserves is still proceeding according to the original plan and a greater desire is shown by the natives generally in supporting the sanitary control measures which are being taken.

In South Kavirondo, Burigi Location, a total of 5,540 baits were laid and the following numbers of carcasses were found: hyenas 143, dogs 123, jackals 59, cat tribe 38.

It is reported from Burigi Location that natives have taken dogs into Tanganyika Territory and handed them over to friends for temporary care; other natives are keeping their dogs fastened up in their huts pending developments.

The Tanganyika veterinary authorities have been requested to render assistance by preventing the interchange of dogs between natives over the border.

In addition, baiting has been carried out by other members of the staff and big "sweeps" are reported covering several locations in the southern, eastern and western portions of the South Kavirondo Reserve and it is hoped to complete the first "comb out" in a short while.

The number of rabies carriers accounted for is considerable. Suspected cases of rabies are still being reported from the South Kavirondo Reserve, and in five locations reports state that baits have accounted for 3,737 dogs, 116 hyenas, 89 civets and 14 mongooses.

In the southern half of the Lumbwa Native Reserve a large number of baits have been laid and reports are received that wild carnivora are causing damage to the native flocks.

The roads between Chemegel and Kericho and the Lutein and Ngomia Roads have been heavily baited.

Further activities are being initiated in the Sotik-Amala area, at the request of the natives, owing to the presence of a large number of jackals in the area.

Sickness of the staff caused a limitation in the activities of the campaign in the northern half of the Reserve but it is hoped to resume them almost immediately.

In Central Kavirondo a limited baiting was carried out in the East Kano Location.

In the Songhor district, with the co-operation of the local Police Officer, a baiting campaign in the

immediate vicinity of the recently reported outbreak was organized and 25 jackals, 5 hyenas, etc., were accounted for.

In general, the position is that the campaign against rabies carriers has been intensified, with the result that great destruction of canines and small carnivora has taken place, but cases of suspected rabies are still reported from the native reserves.

DEPARTMENT OF AGRICULTURE

LOCUST REPORT, 26TH JANUARY, 1933

UGANDA

Buganda —There is little change in the situation. There are three reports of fliers, and one of egg laying. Further hopper bands have been observed. Destruction of hoppers continues.

Eastern Province —The number of flying swarms appears to have increased particularly in Bugwere where egg laying has occurred at several places. Few additional hoppers are recorded.

Northern Province —There is an increase in numbers of fliers in Gulu and West Nile districts. Some hoppers are still present in parts of Gulu, Chua and Lango.

Western Province —An increase of fliers is recorded in Toro district, some of the swarms are mature, and further layings are expected in the western areas.

TANGANYIKA

Hopper emergencies are now being reported from various areas, and locust destruction campaigns are being organized. The heaviest infestation is in the Lake Province, where large hopper bands have emerged on the Bukoba Uganda border. A heavy infestation of hoppers is reported on the Nyassa Lake shore.

Large swarms of mature locusts are reported in the Lake Province, and one swarm at Singida in the Central Province on the 29th December. Slight damage to maize is reported in the Taveta area by a moderate sized swarm moving north-east. No locusts are reported in other areas in the Northern Province.

Belgian Congo reports that in October, large dense swarms were present in Lualaba and Tanganyika districts, while scattered swarms were circling in Luapula district. An emergence of hoppers occurred in Kisengwa, Londiani district, and measures were taken for their destruction.

Nigeria reports an increase in flying swarms in the Northern Provinces, while the Southern Provinces and the Colony were invaded by several swarms from the west. These swarms were not yet sexually mature. Hopper infestation was slight in the Northern Province, while the Southern Province was reported to be clear.

KENYA

Most districts in the Colony have been reported clear of flying swarms during the last fortnight. A large swarm is reported between Myanga and Mulaba in North Kavirondo, while one or two swarms have been circling in Central Kavirondo.

Hoppers —The Machakos infestation is being cleared up by beating, and the extent of the Makuyu hatching is being investigated, together with a reported hatching on the Maragua ridge. The Meru infestation is small compared with last year's, and considerable destruction of hoppers is being effected by birds. Small hatchings are reported in Embere, the hoppers being dealt with by beating. Kitale also reports hatching of hoppers.
