26. (1) All imprisonment shall be with or without hard labour in the discretion of the court, unless the imposition of imprisonment only without hard labour is expressly prescribed by law.

## Colony and Protectorate of Kenya

### GOVERNMENT NOTICE NO. 495

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

H. E. BADER,  
*Acting Clerk of the Legislative Council.*

#### **A Bill to Amend the Penal Code.**

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows:—

1. This Ordinance may be cited as “the Penal Code (Amendment) (No. 2) Ordinance, 1933,” and shall be read as one with the Penal Code, hereinafter referred to as “the Principal Ordinance.”

Short title.

No. 10 of 1933.

2. Section 26 of the Principal Ordinance is hereby amended by inserting the words “for an offence against this Code or against any other law” after the word “imprisonment” in the first line of sub-section (1) and in the first line of sub-section (3) of the section.

Amendment of section 26 of the Principal Ordinance.

#### **OBJECTS AND REASONS.**

The Supreme Court in Criminal Revision Case No. 82 of 1933 has held that in view of the provisions of section 3 (1) of the Penal Code, section 26 (3), which provides that a person liable to imprisonment may be sentenced to pay a fine instead of imprisonment, applies only to offences against the provisions of the Penal Code.

In consequence the anomaly arises that a person convicted of a serious crime, such as manslaughter, may be given the option of a fine whereas for a statutory offence, for which no fine is expressly provided, he must go to prison.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

GENERAL NOTICE NO. 1027

DEPARTMENT OF AGRICULTURE.

LOCUST REPORT.

27th July, 1933.

*Tanganyika Territory.*—Migratory Locust. With the exception of Lake and Western Provinces the territory is clear of these locusts. Flights are reported from Mwanza, Kahama and Biharamulo, the latter moving up from the south.

Red locust. Small diffuse swarms of Red Locusts are present in Mbeya district, where some slight damage has been done to leguminous cover crops in coffee plantations. Scattered swarms are moving north-west in Bukoba district.

*Uganda.*—Migratory Locust. Very few locusts were observed during June; scarcely any hoppers occurred and flying swarms were noted in very few localities and they were of small size.

Red Locust. One swarm has entered Uganda from Tanganyika Territory and has passed over Ankole flying northwards towards Toro.

*Kenya.*—No reports of locusts have been received since the last report was issued, and as far as is known the Colony is free.

THE GENERAL POSITION.

Migratory Locust. The present position over the three East African territories indicates that the infestation is definitely on the wane, and gives rise to the hope that no further serious damage will be sustained from the present migratory phase.

Red Locust. The position regarding the red locust is uncertain. The swarms which have passed through Tanganyika Territory, have entered Uganda west of the Lake. All observations which have hitherto been made on the swarming phase of this locust have been made in southern latitudes, and it is not possible at present to forecast the future action of these swarms. The position is not considered serious at present.
