### **A Bill to Confer Temporary Exclusive Rights in Respect of Telegraphic Press Messages.**

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as “the Telegraphic Short title. Press Messages Ordinance, 1933.”

2. In this Ordinance, unless the context otherwise Interpretation. requires—

certain tele-  
graphic  
messages from  
publication  
within a  
certain period.

from the time of first publication; and the publication of the whole or any part of such message or the substance thereof, or of the intelligence therein contained, or any comment upon or reference to such intelligence shall be deemed to be a publication of the same:

Provided that—

(a) such period shall not extend beyond eighty-four hours from the time when such message was received at a telegraph office;

(b) the publication of any similar message lawfully received in like manner by any other person shall not be deemed or taken to be a publication of such first-mentioned message within the meaning of this Ordinance; and

(c) no telegraphic message published as aforesaid shall be protected under this Ordinance unless it is printed with a heading which indicates that such message has been received by telegraph and unless the time and the date of its receipt at a telegraph office are stated in such heading, which heading, together with the date of publication of the newspaper, shall be prima facie evidence of the time of receipt and date of publication, respectively, of such message.

messages for  
publication  
prohibited.

4. #### OBJECTS AND REASONS.

This Bill is the result of representations made by Messrs. Reuters, Ltd., to the effect that certain newspapers in the Colony, which do not subscribe to Reuter's Service, have, during recent months, published Reuter's messages. It is considered that legislation to prevent such piracy is desirable.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

## GOVERNMENT NOTICE NO. 617

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

J. F. G. TROUGHTON,  
*Acting Clerk of the Legislative Council.*

**A Bill to Amend the Ancient Monuments  
Preservation Ordinance, 1927.**

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

Short title.

No. 17 of 1927.

Powers to  
grant  
permission to  
excavate or  
remove  
monuments or  
antiquities.

1. This Ordinance may be cited as the Ancient Monuments Preservation (Amendment) Ordinance, 1934, and shall be read as one with the Ancient Monuments Preservation Ordinance, 1927, hereinafter referred to as the Principal Ordinance.

2. The Principal Ordinance is hereby amended by the addition of the following new section as section 20 :—

“20. Notwithstanding anything in this Ordinance contained, the Governor may grant permission to any person to excavate and/or to remove from the Colony any monument, antiquity or protected monument, or any portion of a monument, antiquity or protected monument. Such permission shall be granted subject to such conditions as to the Governor may seem fit, and may include a requirement that a portion of any monument, antiquity or protected monument shall be surrendered to the Crown”.

**OBJECTS AND REASONS.**

The law relating to the preservation of ancient monuments is at present under consideration with a view to revision, but it will be some time before the advice of the British Museum authorities, to whom the matter has been referred, will be available.

Under the existing law no excavation or removal is permissible once a monument has been protected, and it is

proposed in this Bill to confer powers on the Governor to grant permission in appropriate cases. The proposed amendment is in accordance with the most modern practice in other countries, and, pending the complete revision of the law on the subject, is necessary to enable facilities to be extended to a distinguished archaeological expedition which is shortly visiting the Colony.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

## GOVERNMENT NOTICE NO. 618

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

J. F. G. TROUGHTON,

*Acting Clerk of the Legislative Council.*

**A Bill to Provide for the Giving of Notice to the Assurance Company concerned on Assignment of a Policy of Life Assurance.**

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

Short title.        1. This Ordinance may be cited as the Assignment of Life Policies Ordinance, 1934.

Interpretation.    2. In this Ordinance, except where the context otherwise requires :—

“policy of life assurance” or “policy” means any instrument by which the payment of moneys, by or out of the funds of an assurance company carrying on business within the Colony on the happening of any contingency depending on the duration of human life, is assured or secured ;

“assurance company” means and includes every corporation, association, society or company, now or hereafter carrying on the business within the Colony of assuring lives or survivorships, either alone or in conjunction with any other object or objects.

Notice of  
assignment  
to be given.

3. Notwithstanding anything contained in sections 130 and 131 of the Indian Transfer of Property Act, 1882, as applied to this Colony, no assignment made after the passing of this Ordinance of a policy of life assurance shall confer on the assignee therein named, his executors, administrators, or assigns, any right to sue for the amount of such policy, or the moneys assured or secured thereby, until a written notice of the date and purport of such assignment shall have been given to the assurance company liable under such policy at its principal place of business for the time being within the Colony, or, in case they have two or more principal places of business within the Colony, then at some one of such principal places of business, and the date on which such notice shall

be received shall regulate the priority of all claims under any assignment; and a payment bona fide made in respect of any policy by any assurance company before the date on which such notice shall have been received shall be as valid against the assignee giving such notice as if this Ordinance had not been passed.

4. Every assurance company shall, on every policy issued by them after the expiration of one month from the coming into operation of this Ordinance, specify its principal place or principal places of business within the Colony at which notices of assignment may be given in pursuance of this Ordinance.

Principal places of business to be specified on policies.

5. Any such assignment may be made either by endorsement on the policy or by a separate instrument in the words or to the effect set forth in the Schedule hereto, such endorsement or separate instrument being duly stamped.

Assignment by endorsement or separate instrument.

6. Every assurance company to which notice shall have been duly given of the assignment of any policy under which it is liable shall, upon the request in writing of any person by whom any such notice was given or signed, or of his executors or administrators, and upon payment in each case of a fee not exceeding five shillings, deliver an acknowledgment in writing under the hand of the manager, secretary, treasurer, or other principal officer of the assurance company of its receipt of such notice; and every such written acknowledgment, if signed by a person being *de jure* or *de facto* the manager, secretary, treasurer or other principal officer of the assurance company the acknowledgment of which the same purports to be, shall be conclusive evidence as against such assurance company of its having duly received the notice to which such acknowledgment relates.

Notices of assignment to be acknowledged.

#### SCHEDULE.

I, A.B., of, etc., in consideration of, etc., do hereby assign unto C.D., of, etc., his executors, administrators and assigns, the (within) Policy of Assurance granted, etc. (here describe the policy).

In witness, etc.

### OBJECTS AND REASONS.

It is a practice in the Colony for banks to make advances to a customer secured by the assignment of a life policy in the name of the borrower who assigns such policy to the bank.

The Indian Transfer of Property Act, 1882, is applied to the Colony, and a decision of one of the High Courts in India on sections 130 and 131 of that Act has recently been brought to the attention of Government, through the banks. The effect of this decision is that priority of claim to moneys secured under a life policy which has been assigned goes by the date of assignment of the policy, and not by the date when notice of assignment is received by the assurance company. The banks point out, that, in view of this decision, they will be very reluctant to give accommodation to a customer on the security of a life policy until the matter is remedied, seeing that they have no means of knowing whether an assignment of a life policy has been made prior to the assignment to them.

This Bill, which corresponds with the English law on the subject, has therefore been drafted, providing that no assignment of a policy of life assurance shall confer on the assignee any right to sue for the amount, until a written notice of the date and purport of such assignment shall have been given to the assurance company liable under such policy, and the date on which such notice shall be received shall regulate the priority of all claims under any assignment.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

3. The Bill seeks to give legislative effect to the scheme in the Colony by providing for a licence system for fresh plantings of tea, by controlling the import and prohibiting the export of tea seed and by limiting the replanting of tea to areas which have been properly maintained.

4. Similar legislation will be enacted in the other East African Territories.

5. No expenditure of public moneys will be involved if the provisions of this Bill become law.
