TRANSPORT.

DOWNING STREET,

KENYA-UGANDA.

4th December, 1934.

No. 111.

SIR,

I have the honour to inform you that I have now given full consideration to the important questions raised in the report by Mr. Roger Gibb on railway rates and finance in Kenya, Uganda, and the Tanganyika Territory. I must express my regret that it has not been possible for me to address you in the matter at an earlier date.

2. In considering these questions I have had the advantage of being able to consult the detailed statements prepared by the several Governments on the points at issue and I have been informed of the discussions at the Governors' Conferences in October 1933 and again in May 1934. I desire to express my appreciation of the thoroughness and care which have been devoted to the examination of these difficult questions by all concerned in East Africa.

3. In the following paragraphs I propose to set out the conclusions which I have reached in regard to the main recommendations put forward by Mr. Gibb.

4. In paragraph 25 of his report Mr. Gibb proposes that the post of High Commissioner for Transport, Kenya and Uganda, should be abolished; and in the following paragraph he recommends that control of the Kenya and Uganda Railway should be exercised by a small board in London, on which board the chairman would be appointed by the Secretary of State, and one member each by the Governments of Uganda and Kenya.

The view taken by the Governors' Conference was that, for several reasons, the establishment of such a board would be inadvisable; one of the chief grounds being that, by rendering less easy co-operation between the railway systems of Kenya and Uganda and that of Tanganyika, the establishment of such a board might actually make more difficult the close co-operation of transport policy in the three dependencies which is so essential. No individual Governor has supported this proposal. This consensus of adverse opinion must naturally carry great weight; and, I myself see considerable difficulties in any such arrangement. I have accordingly come to the conclusion that the recommendation to set up such a board in London is one which should not be accepted.

THE HIGH COMMISSIONER FOR TRANSPORT,
KENYA-UGANDA.

5. As a possible alternative to a small controlling board in London for the Kenya and Uganda Railway, the General Manager of the Kenya and Uganda Railway has put forward the suggestion that it would be helpful if a Central Advisory Railway Committee were appointed to advise the Secretary of State both on railway technical and administrative questions and also on matters of railway policy, so that experience gained in other parts of the Colonial Empire might be pooled and valuable knowledge thus made available for all Colonial railways. In submitting this suggestion the Acting High Commissioner for Transport was inclined to doubt whether any substantial advantages would result from such an arrangement. I share those doubts, and, after giving the suggestion careful consideration, I have decided that the advantages likely to be derived from the appointment of such a Board are not such as would justify my proceeding further with the proposal.

6. On the general question of how transport policy in Kenya, Uganda and the Tanganyika Territory is to be co-ordinated my view is clear. Such co-ordination seems to me a natural function of the Governors' Conference: questions of transport policy in East Africa are essentially questions to be settled by joint deliberation and agreement, for which the Governors' Conference provides the obvious machinery. In other words, the Governors' Conference will—as indeed was recommended in the conclusions of the meeting of October 1933—exercise the functions of an Advisory Transport Board for East Africa. It is essential that no new departure in transport policy should be undertaken in any territory which would have repercussions in a neighbouring territory without the fullest previous consultation. There will, of course, be no question of the exercise of executive functions by the Conference; no Government can be bound by the conclusions of the Conference and, in the last resort, if there is no agreement as to a common policy and one territory wishes to pursue a policy to which another territory takes exception, appeal must be made to the Secretary of State. If, however, transport questions are approached—as they should and, without doubt, will be—in a reasonable spirit of give and take, occasions when a particular territory finds it necessary to appeal to the Secretary of State will be infrequent.

7. A further suggestion which has arisen in the course of the discussions on the recommendations made in Mr. Gibb's report (though it was not made in the report itself) is that the post of High Commissioner for Transport, Kenya and Uganda, should be vested jointly in the Governors of Kenya and Uganda. I note that at the meeting of the Governors' Conference in May 1934 it was agreed that if a satisfactory formula could be devised whereby necessary powers were delegated to the Governor of Kenya, a joint High Commissionership would be desirable; and that it was further agreed that the Governors of Kenya and Uganda should consider, before the next meeting of the Conference, if they could decide on any such formula.

I shall await a further expression of views on this question after the next meeting of the Conference.

8. I now pass to the difficult question of the division of traffic receipts between the Kenya and Uganda Railway and the Tanganyika Railway in respect of traffic from (a) the Moshi-Arusha area, and (b) the Lake Victoria area. As regards (a) Mr. Gibb recommended in paragraphs 135-143

of his report that the whole of the traffic from the Moshi-Arusha area should pass via the Voi-Kahe line to Kilindini, the section of the Tanga line from Kahe to Buiko being abandoned, and that from Buiko to Tanga being transferred to private operation. These recommendations have been strongly opposed by the Government of Tanganyika; and the Governors' Conference endorsed (by implication) that opposition. I accept the views of the Government of the Tanganyika Territory in this matter: and accordingly no effect will be given to these particular recommendations. As regards the question of compensation to Tanganyika in respect of traffic from the Moshi-Arusha area, I note that the Governors' Conference, after full consideration, were of the opinion that a change in the present basis of compensation (i.e. railway clearing-house arrangements) could not be considered until such an increase takes place in the volume of trade and subsequent profit on the Voi-Kahe line as to present a more favourable opportunity for reconsideration of the matter. It was pointed out that the Governors' Conference, in its capacity as an Advisory Transport Policy Board, would naturally keep under review a question such as this, and that it might consider at any time, as a result of further evidence before it, that the question should be reopened.

As regards (b) the Lake Victoria traffic, the Conference were of the opinion that it was not possible, in existing circumstances, to devise any arrangement whereby Tanganyika should receive compensation in respect of this traffic, and that, therefore, no change should be made in the *status quo*, subject to the proviso that (apart from any possible reopening at the instance of the Governors' Conference) the question should be reopened when the traffic from the Tanganyika Lake Ports to Kilindini (exclusive of the traffic from the Kagera River) reaches a figure of 27,000 tons a year.

I accept the views of the Conference on these questions, although I trust that in view of the strong opinions in regard to them put forward from time to time in Tanganyika, the Conference will keep the matter under close review in order that the possibilities of some alternative arrangements in the future may not be overlooked.

9. I do not think it necessary to discuss many of the other recommendations made in Mr. Gibb's report. As was pointed out at the Conference, a number of these depended on the acceptance of his proposal that control of the Kenya and Uganda Railway should be exercised by a board of Directors in London, and, in view of the fact that this particular proposal is not being proceeded with, are no longer relevant. As regards the more important of the other recommendations, the views of the Governors' Conference, and my conclusions in regard to them, may be briefly indicated as follows:—

(a) *General Financial Policy.*

The Conference accepted resolutions drafted by the Kenya and Uganda Railway Advisory Council and by the Tanganyika Advisory Council as giving a satisfactory general statement of the financial policy which should be followed by the Railway Administrations. These resolutions read as follows:—

(i) *Resolution of Kenya and Uganda Advisory Council.*

"Recognising the urgent need to obtain unanimity of railway policy in the territories served by this Administration and being aware of the supreme importance of

avoiding any call upon either Government to meet deficits, Council agrees that the policy of the railway must be a business policy as prescribed in section 13 of the Kenya and Uganda Railway Ordinance, 1927, and in so far as that policy is influenced by considerations of agricultural and industrial development, it shall not include the adoption of measures which would be ultimately detrimental to railway interests or the provision of cheap transport which there is reason to believe will be unremunerative in its cumulative effect. The policy and recommendations of the Railway Administration, in considering rates matters, should be based on the principles embodied in this resolution.

In the event of the introduction of legislation to amend the Railway Ordinance, it is suggested that opportunity should be taken to amplify section 13 accordingly."

(ii) *Resolution of Tanganyika Railway Advisory Council.*

"In the opinion of this Council there must be a dual policy—

- (a) to build up a sound railway budget with adequate reserves and renewals fund; and
- (b) to use the railway as an instrument of development.

It is only in ideal circumstances that adequate effect can be given to both sides of this policy; and when times are bad it seems impossible to devise a formula so that neither policy suffers unduly. It must be a question for individual judgment."

I am in agreement with the views put forward in these resolutions.

(b) *Rating Questions.*

(i) *General Policy.*

The Conference recommended that no drastic and comprehensive changes should be made in existing rates, but that a careful review should be made of the current rates with the object of ending or eliminating any rates which had become obsolete. I agree with this procedure.

(ii) *Country Produce Rates.*

The position is that the Tanganyika Government has abolished such rates, but may have to reconsider this decision in certain respects with a view to maintaining equality of rates at competitive points. I note the position, and assume that I shall be informed if any change in it takes place.

(iii) *Rating Appeals.*

The Conference recommended that no change should be made in the Tanganyika system and that, as regards Kenya and Uganda, the general rates policy should be decided by the High Commissioner for Transport (after consideration by the Railway Advisory Council) and that the detailed application of the policy should be left to the Railway Administration, subject to certain safeguards, including the right of appeal against any rate to the High Commissioner for Transport and of personal appearance before the Advisory Council if and when the appeal came under consideration.

I have no observations on the procedure proposed.

(iv) *Assimilation of rating policy between Kenya, Uganda and the Tanganyika Territory.*

The Conference endorsed the following resolution passed by the Railway Advisory Council for Tanganyika :—

“The two railway systems should as far as possible adopt a similar rating policy and similar classification of commodities, similar mileage scales, etc. Whenever the peculiar circumstances of one territory necessitate divergence, agreement to differ can be reached and the rate be regarded as ‘exceptional’. Care must, however, be exercised that any such ‘exceptional’ rates do not interfere with equality of rates at any point of competition, and in such cases special arrangements must be made. The managements concerned must avoid a ‘rate war’, and if agreement cannot be reached by the Governments of the territories, an appeal to the Secretary of State should secure an equitable adjustment.”

I also endorse this resolution.

(c) *Railway Advisory Councils.*

The Conference recommended that no change should be made in the existing constitution of these Councils. I agree with this recommendation.

(d) *Harbour Control.*

The Conference took the view that there was no reason to introduce any change in the present organization regarding the control of the harbours. I share this view.

(e) *Position of General Managers of the Railways on Legislative Councils.*

The Conference took the view that there was no objection to the General Manager of the Tanganyika Railways remaining a full member of the Tanganyika Legislative Council. As regards the General Manager of the Kenya and Uganda Railways, the Conference considered that in principle he should only be a member of the Legislative Councils of Kenya and Uganda for matters affecting Railways and Harbours and that he should not be a full member of either Legislative Council, but realized that at present it was not feasible to remove the General Manager of the Kenya and Uganda Railways and Harbours from the Kenya Legislative Council. I accept these recommendations.

10. I take this opportunity of enclosing copies of a Question and Answer given in the House of Commons on the 14th November in regard to this report. You will see that I have given an undertaking that this despatch will be published, and I shall accordingly be glad if you will arrange for its publication in some suitable form, after prior consultation with the officers administering the Governments of the other two Dependencies concerned, if this is thought necessary.

11. I am sending a similar despatch to the Governors of Kenya, Uganda and the Tanganyika Territory. A copy is also being sent to the Secretary of the East African Governors' Conference.

I have, etc.,

(Signed) P. CUNLIFFE-LISTER.

GOVERNMENT NOTICE No. 277

THE KING'S SILVER JUBILEE MEDAL.

THE following announcement which has been received from the Secretary of State for the Colonies is published for general information:—

The King has approved the issue of a Silver Medal to be known as "The King's Silver Jubilee Medal", in commemoration of the 25th anniversary of His Majesty's accession to the Throne. Some 80,000 Medals will be struck for issue as a personal souvenir from His Majesty to persons in the Crown Services and others in this country and in other parts of the Empire. Individuals selected for the award will receive the Medal on or shortly after the 6th May, 1935, but the Medals will not be worn on the 6th May, except by special instruction.

The following is a description of the Medal, which has been designed by Sir William Goscombe John, R.A.:—

OBVERSE Conjoint busts of Their Majesties the King and Queen, crowned and robed, looking to the left, with the inscription around GEORGE V AND QUEEN MARY MAY VI MCMXXXV.

REVERSE The Royal Cypher G.R.I. surmounted by the Crown with the dates MAY 6 1910 and MAY 6 1935 on either side, the whole within an ornamental border.

The medal will be worn suspended by a ring from a ribbon $1\frac{1}{4}$ inch wide with a red centre stripe $\frac{3}{4}$ inch wide and two blue stripes and one white stripe of equal width on either side. Diameter of medal— $1\frac{1}{4}$ inch.

The King's Silver Jubilee Medal is classified as an official medal, to be worn, on all occasions on which decorations and medals are worn, on the left breast after all Jubilee, Coronation and Durbar Medals, which follow War Medals in the Order of Precedence. Ladies who have no other decorations or medals will wear the Jubilee Medal on the left shoulder of the dress, the ribbon in this case being in the form of a bow. Ladies who are already in possession of official medals worn on a bar may, if they wish, add the Jubilee Medal to the bar instead of wearing it separately on a bow.

Applications from individual members of the public cannot be entertained.

The other commemorative medal, which has been prepared by the Royal Mint by the King's Command for sale to the public, is not classified as an official medal and may not be worn.

It is also notified that any medals manufactured commercially for sale on the occasion of the Jubilee should not be worn in such a manner that they might be confused with the Official Medal awarded by His Majesty.

5th April, 1935.

GENERAL NOTICE NO. 456

THE CROWN LANDS ORDINANCE
(Chapter 140 of the Revised Edition).

NAIROBI BUSINESS PLOTS.

NOTICE.

NOTICE is hereby given that grants in respect of the plots at Nairobi specified in the Schedule hereto, will be sold by auction at the Railway Club, Nairobi, on Tuesday the 14th May, 1935, commencing at 11 a.m.

Plans of the plots may be seen at the Public Map Office attached to the Survey and Registration Division, Nairobi, and at the office of the District Commissioner at Nairobi, or may be had on application to the Surveyor General on payment of Sh. 3, post free.

The right to withdraw any plot from the auction is reserved to the Commissioner of Lands.

CONDITIONS OF SALE.

1. Each plot will be auctioned separately.
2. The amount of the advance of each bid will be regulated by the auctioneer, and no bidding shall be retracted.
3. The highest bidder will be the purchaser, but if any dispute arise as to any bid, the plot will be reoffered at the last undisputed bid.
4. Each purchaser shall pay to the auctioneer immediately on the fall of the hammer, a deposit of 25 per cent of the purchase money. In default of such payment, the plot may be immediately reoffered for sale, and any subsequent bid by the person who has made default may be ignored or refused.
5. Each purchaser shall on paying the deposit inform the auctioneer of the name or names of the person or persons on whose behalf the plot is purchased: the grant will be issued in accordance with this information.
6. The balance of the purchase money shall be paid to the District Commissioner, Nairobi, within seven days of the sale.
Provided that the balance of the purchase money shall not be payable within the period stated or thereafter unless and until the Commissioner of Lands can present to the purchaser the grant of the plot duly executed.
And further provided that, if the purchaser so elects, the balance of purchase money may be paid in three equal annual instalments, subject to interest at the rate of 6 per centum per annum on the outstanding balance, the first of such instalments to be paid, together with the interest that shall have accrued due, on the 1st June, 1936, and thereafter instalments and interest to be paid on the 1st June, in each year.
The survey fees (Sh. 70), the fees payable for the preparation and registration of the grant (Sh. 120), and the stamp duty payable in respect of the grant, shall be payable to the Surveyor General, Box 89, Nairobi; these amounts to be paid within seven days of a request therefor.
7. Subject to the provisos contained in condition No. 6, if the amounts mentioned are not paid as therein specified, the Commissioner of Lands may order the deposit made by the purchaser to be forfeited, and the purchaser shall have no further claim to a grant of the plot.

Upon these payments being duly made, the purchaser shall, subject to the provisions of the Crown Lands Ordinance (Chapter 140, Revised Edition), and to the conditions of sale having been complied with, be entitled to a grant of the plot, which grant shall be presented to him as soon as conveniently may be.

8. Grants will be issued under the Registration of Titles Ordinance. The term of the grants will be 99 years from the 1st June, 1935, except in the case of plots 2433 and 2434, 5th Avenue.

There are at present situated on Plots No. 2433 and 2434 certain buildings which will be demolished by Government as soon as conveniently may be, approximately by the end of September. Occupation of these plots will be given as from the 1st day of the month following the completion of demolition and the term of the grant will commence as from that date.

9. Each grantee shall within two years of the commencement of his grant erect buildings which shall conform in architectural design to the amenities of the neighbourhood. The buildings shall be of stone, burnt brick or concrete, on proper foundations, and those to be erected on plots Nos. 2433 and 2434, 5th Avenue, must be of not less than two stories in height, and must be of a value of not less than cents 90 per cubic foot of building content.

Those to be erected on Plots Nos. 2426-2432, inclusive, must be of a value of not less than cents 70 per cubic foot of building content.

10. Within twelve months of the commencement of his grant, the grantee shall submit to the Town Clerk, Nairobi, a plan of the building it is proposed to erect, and shall state in writing the period within which the proposed building shall be completely erected, such period to be within a maximum of two years from the commencement of the grant.

11. The Commissioner of Lands, or such other person as he may appoint for the purpose, shall within one month of the approval of the plan by the Nairobi Municipal Council, notify the grantee of his approval or otherwise of the plans, and shall also notify the date by which such buildings shall be erected.

If the erection of the buildings in accordance with the approved plans and specifications be not completed by the prescribed date, the said Commissioner may, on good and reasonable cause being shown, grant such extension as he may deem sufficient, subject to such conditions as he may prescribe.

Provided that if the grantee shall receive no intimation from the Commissioner within one month of the date on which the plans have been approved by the Nairobi Municipal Council, he may proceed with the erection of the building in accordance with the plans submitted, and the Commissioner shall not have the power to cause to be made any alteration or variation in the plan or the date.

12. Subject to the proviso contained in clause 11 hereof, no building shall be erected on the plot unless plans (including a block plan showing the position of the buildings), drawings, elevations and specifications thereof shall have been previously approved by the Commissioner of Lands or such other person as he may appoint. Such plans, etc., shall be submitted in triplicate to the Town Clerk, Nairobi, for necessary action.

13. The grantee shall not at any time subdivide the plot or assign any such subdivision without the consent in writing of the Governor.

14. At no time during the term of the grant shall the plot or any portion thereof or any building erected on the plot be used for the purpose of carrying on any trade or business which has been or may be declared to be dangerous or offensive by notice in the Official Gazette.

15. Verandas may be erected within a road reserve with the previous consent of the Municipal Council, and must conform to a building line decided upon by them.

16. Under the provisions of section 60 (b) of the Crown Lands Ordinance, the grantee will be required to pay Municipal rates upon the whole of the rateable interest and Government's contribution in

lieu of rates assessed on the plot. A clause will therefore be embodied in the grant providing for the necessary adjustment between the grantee and Government.

17. The cost of the construction of tar grouted macadam roads, appurtenant drains, murrum side-walks and main sewers to the Municipal Council's specification is included in the upset prices of those plots that are not served by constructed roads, and these will be constructed without additional charge to the grantees, when in the opinion of the Government necessity exists. Upon completion of construction maintenance will be undertaken by the Municipal Council.
