GOVERNMENT NOTICE NO. 440

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

J. F. G. TROUGHTON,
Acting Clerk of the Legislative Council.

A Bill to Amend the Native Liquor Ordinance, 1930.

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as the Native Liquor (Amendment) Ordinance, 1935, and shall be read as one with the Native Liquor Ordinance, 1930, hereinafter referred to as the Principal Ordinance. Short title.
No. 36 of
1930.
2. The Principal Ordinance is hereby amended by the insertion therein, between sections 34 and 35 thereof, of the following new section :— Amendment of
Principal
Ordinance.
 - “35A. No action shall be maintainable in any Court or in any Native Tribunal to recover any debt alleged to be due by any person for any native intoxicating liquor supplied to such person.” Debts not
recoverable in
respect of
supply of
native
intoxicating
liquor.

OBJECTS AND REASONS.

The object of this Bill is to preclude action before the Courts or Native Tribunals for the recovery of debts due by any person in respect of native liquor supplied to such person.

A similar provision exists in section 62 of the Liquor Ordinance, 1934, and it is considered desirable to afford the same protection to natives.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

Section 3 of the Principal Ordinance which it is proposed to replace :—

3. The first commissioners shall be the four persons following, namely :—

Salim-bin-Khalfan.

Ali-bin-Salim.

Mohamed-bin-Kasim.

Ali-bin-Omar.

The said four commissioners and their successors are hereinafter referred to as the appointed commissioners.

Governor may
remove a Wakf
commissioner
for good cause.

Every appointed commissioner shall hold office for life, unless he retires or is removed by the Governor, but no person shall be removed except for good cause.

Governor to
fill vacancies.

When a vacancy among the appointed commissioners occurs by reason of death, resignation or removal from office, the Governor shall appoint a successor.

Section 13 of the Principal Ordinance which it is proposed to replace :—

Unclaimed
property of
Mohammedan
natives to vest
in com-
missioners.

13. All property of deceased Mohammedan natives to which no claim can be established shall vest in the commissioners, but no such property shall be handed over to the commissioners without the sanction of the court.

GOVERNMENT NOTICE NO. 441

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

J. F. G. TROUGHTON,
Acting Clerk of the Legislative Council.

A Bill to Amend the Wakf Commissioners Ordinance.

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as the Wakf Commissioners (Amendment) Ordinance, 1935, and shall be read as one with the Wakf Commissioners Ordinance (Chapter 28 of the Revised Edition), hereinafter referred to as the Principal Ordinance. Short title.

2. Section 3 of the Principal Ordinance is hereby repealed and the following is substituted therefor :— Repeal and replacement of section 3 of the Principal Ordinance.

“3. (1) The commissioners shall, with effect from the first day of July, 1935, consist of the four persons who on that date are commissioners together with one other person to be appointed by the Governor.

(2) The said five commissioners and their successors are hereinafter referred to as the ‘appointed commissioners’.

(3) Every appointed commissioner shall hold office for life, unless he retires or is removed by the Governor, but no person shall be removed except for good cause.

(4) When a vacancy occurs among the appointed commissioners by reason of death, resignation or removal from office, the Governor shall appoint a successor.”

3. Section 13 of the Principal Ordinance is hereby repealed and the following is substituted therefor :— Repeal and replacement of section 13 of the Principal Ordinance.

“13. All property of deceased Muslims to which no claim can be established shall vest in the commissioners : Provided that no such property shall vest in the commissioners except with the sanction of the Court.

For the purposes of this section the word 'Muslims' shall include Arabs, Baluchis born in Africa, Somalis, Comoro Islanders, Malagasies, and natives, of the Muslim faith."

OBJECTS AND REASONS.

It has been found difficult on several occasions recently to secure a quorum at the meeting of the Commissioners in view of the fact that section 3 of Chapter 28 limits the number of appointed Commissioners to four persons, while section 5 provides that in order to form a quorum three appointed Commissioners must be present. One of the objects of this Bill is to increase the number of appointed commissioners to five.

The Commissioners have made strong representations that the word "Muslims" be substituted for the words "Mohammedan natives" in section 13 of Chapter 28. This has been done and it has been made clear that the term "Muslims" includes the various people who come within the definition of native in section 2 of the Interpretation (Definition of 'Native') Ordinance, 1934.

No additional expenditure of public moneys will be involved if the provisions of this Bill become law.

GOVERNMENT NOTICE NO. 442

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

J. F. G. TROUGHTON,
Acting Clerk of the Legislative Council.

A Bill to Provide for the Supply of a further Sum of Money for the Service of the Year ended the 31st day of December, 1934.

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

1. This Ordinance may be cited as the 1934 Supplementary Appropriation Ordinance, 1935. Short title.
2. The Public Revenue for the period 1st January to 31st December, 1934, and other funds of the Colony and Protectorate of Kenya are hereby charged towards the service of the period 1st January to 31st December, 1934, with a further sum of seventy-six thousand and twenty-five pounds, eleven shillings and eighty-one cents, in addition to the sums provided by the 1934 Appropriation Ordinance, 1933. Public Revenue charged.

3. The money granted by this Ordinance shall be applied to the purposes and services expressed in the Schedule annexed hereto. Application of money granted.
4. GENERAL NOTICE NO. 816

THE WATER ORDINANCE, 1929.

NOTICE.

THE following is published for general information to bring to the notice of the public the rights and obligations which the Water Ordinance, 1929, will confer and impose.

THE WATER ORDINANCE, 1929.

By Proclamation dated 21st May, 1935, published in the Supplement to the Official Gazette of 28th May, 1935, the Water Ordinance, 1929, will be brought into force on the 1st July, 1935. In view of the long period which has elapsed since the enactment of this Ordinance, it has been thought desirable to publish a short statement of the objects

of the Water Ordinance and the principal obligations which it imposes on present and prospective users of the water of public streams and other public bodies of water.

The main principles of the Ordinance may be stated as the establishment and control of water rights by a Water Board on behalf of Government. The primary object of the Ordinance is twofold. Firstly, the conservation of the water resources of the Colony and their employment in the most advantageous way, including the prevention of waste and pollution. Secondly, provision for the control of such resources and the issuing by the Water Board of documents granting a reasonable degree of legal security of title to those who desire to divert or store and use public water lawfully and in the most beneficial manner for the intended purpose with due regard to the limitations of available water resources and the rights of others.

It has been clearly established in other countries that uncertainty of tenure militates against development, and all civilized countries are alive to the necessity for securing the conservation of their water resources and the efficient utilization of them in the interests of the community.

The procedure under existing law by which permission to divert water from a stream or other natural body of water, or to obstruct its flow by means of a dam, can be accorded by the Director of Public Works as prescribed officer under the Water Permit Rules, 1919, will cease on 1st July, 1935.

Thereafter, documents granting authority to divert, use or store water from or in a public body of water will be issuable by order of the Water Board after compliance by the applicant and the Board with the procedure laid down in the Ordinance and Rules under it. The principal documents granting such authority are—

- (1) "Licences" which grant water rights;
- (2) "Sanctions" which grant authority on a purely temporary basis.

The Water Ordinance is in many respects merely an enabling Ordinance; that is, it provides for the establishment of details of procedure by means of Rules. It cannot therefore be administered until the Rules (including the forms for use with it) have been promulgated. The Rules must be approved by the Water Board and the Governor in Council before they can be printed and promulgated. As the Water Board cannot be convened until the Ordinance has been brought into force, some period will elapse before the Rules and forms are available to the public.

When the Ordinance comes into force it is obligatory, by sub-section (2) of section 21, on every person who is diverting water from streams or other bodies of water by means of works, or obstructing the flow of water by means of dams, or allowing water to be diverted or obstructed, either to apply within six months for a water right in the manner laid down in the Ordinance or to discontinue such diversion or obstruction.

By sub-section (1) of section 20 of the Ordinance those holders of water permits which have been issued by the Director of Public Works under the Water Permit Rules, 1919 (not being permits terminating on the 31st day of December of the year of issue or renewal), who have made and are at the time of the coming into operation of the Ordinance making beneficial use of water in conformity with the terms of their permits, will be entitled to

receive licences under the Ordinance, provided they make application within six months of the date of coming into operation of the Ordinance, subject to the provisos of that sub-section and the provisions of other sections of the Ordinance. Forms of application will be sent to all such registered water permit holders as soon as possible after the Water Board has approved the forms. Water permit holders are advised to fill in these forms and return them as soon as possible. Subsequent procedure by the Water Board and applicants must await the promulgation of the Rules. When a period of twenty-four months after the coming into operation of the Ordinance shall have elapsed, or such further period as may be determined by the Governor in Council by notice in the Gazette, all diversions or obstructions of water from a body of water or obstructions of a body of water effected under any authority or law whatsoever, other than the authority of the Ordinance, except in so far as they may be or become lawful under the terms of the Ordinance, shall cease to be lawful, and unless permit holders apply for a water right within the prescribed period of six months they lose the right to receive water rights in lieu of the permits. The licences conveying the water rights may be in different terms from those granted by the permits.

In view of the fact that over 1,000 water permits (other than yearly permits or their extensions) are extant, and in many cases investigation will be required before the Water Board will find itself in a position to authorize the grant of a water right, it is expected that a period of some years will elapse before all existing permits can be replaced by licences under the Ordinance. It will be realized that a licence granting a water right is an important document. It will be necessary for those who desire to acquire such a right to provide proper plans and other details of their projects as laid down in the Ordinance. In the case of important works the plans and other documents should be prepared by a qualified engineer, and where lands other than those owned by the applicant are or would be encroached on by the works, easements are requisite.

By sub-section (2) of section 20 the holders of yearly water permits terminating on 31st December, 1935, may be issued with sanctions by the Water Board under section 88 of the Ordinance. It is intended to send a communication to each yearly permit holder after the Rules have been promulgated.

Power exists to appoint District Water Boards to assist in the administration of the Ordinance, the constitution, powers and duties of these Boards being as set forth by Rules under the Ordinance. The Water Board will be asked to consider the question of Rules applicable to District Water Boards shortly after its appointment.

The Water Ordinance provides for the conservation of the water resources of the Colony and the control of the diversion and use of public waters and the drainage of swamps according to the best principles of practice in the Dominions. As the successful and smooth working of the Ordinance will to a large extent depend on the good will of the users of water, it is earnestly hoped that all will co-operate to make the measure a success.
