BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows :—

applications

Cap. 140.

- (a) grant a sanction as if such application had been an application for a sanction made on the form prescribed therefor, subject always to the payment of the prescribed fees and to the applicant submitting such further information and plans as the Water Board may require; or
- (b) deem such application to be an application made under this Ordinance for the grant of a water right, subject always to due

compliance by the applicant with all the requirements of this Ordinance and of any Rules relating to applications for water rights and to the making of any formal application which the Water Board may direct.

(2) Any application which the Water Board directs the applicant to make in the exercise of its discretion under paragraph (a) or paragraph (b) of the last preceding sub-section shall be made in the form prescribed in this Ordinance and in any Rules made thereunder, and shall be received by the Water Board not later than the thirtieth day of June, 1936 : Provided that in any case the Governor in Council may extend the date by which any such application is to be received.

(3) In the exercise of its discretion under this section the Water Board in any case under either paragraph (a) or paragraph (b) of sub-section (1) of this section :—

(a) may impose such terms and conditions as it thinks fit;

(b) shall reduce the fees payable to the Water Board in respect of the application for and the issue of the sanction or water right, as the case may be, by an amount equal to three-quarters of the prescribed fees.

(4) Every application considered by the Water Board under paragraph (a) or paragraph (b) of sub-section (1) of this section and every subsequent grant of a sanction, right or licence consequent thereon shall in all respects be subject to the provisions of this Ordinance and any Rules made thereunder save where the contrary is expressly provided in this section."

OBJECTS AND REASONS.

Clause 2.—It is considered that the definition of "Riparian" in the Principal Ordinance is not sufficiently comprehensive, and a new definition, on the lines of the Water Act, 1912, of the Union of South Africa, is proposed to be inserted in place of the old one.

Clause 3.—This amendment provides for applications for sanctions as well as for licences. As the section stands at present, provision is made for applicants to apply for licences only, whereas the Water Board is empowered to grant a sanction as well as a licence.

Clause 4.—This amendment is necessary to enable sanctions to be granted for community projects as well as water rights.

Clause 5.—The Principal Ordinance provides for official members of the Water Board to be represented by Deputies in certain circumstances, and this Clause provides that unofficial members of the Board may, in similar circumstances, be represented by alternate members.

Clause 6.—It is felt that in the case of many of the holders of water permits under section 145 of the Crown Lands Ordinance, now repealed, it would be unduly onerous to require them to go through the full procedure for the acquisition of a water right or sanction which is laid down in the Principal Ordinance. It is thought that discretion should rest with the Water Board regarding the requirements which should be fulfilled in each individual case.

Clause 7.—It is considered necessary that section 21 of the Principal Ordinance should be amended so as to provide for applications for sanctions as well as for water rights.

Clause 8.—As the law stands at present, the priority of a licence is determined by the date when the application for the licence is received. It is thought, however, that the priority should date from the date when the licence is conditionally approved.

Clause 9.—It is considered that sub-section (2) of section 83 of the Principal Ordinance, which deals with the recovery of penalties imposed by the Principal Ordinance or by Rules made thereunder, is too wide in its application, and this Clause sets out a new sub-section of narrower application.

Clause 10.—As it stands, section 88 of the Principal Ordinance provides that the Water Board may grant sanctions, notwithstanding anything contained in the Principal Ordinance. Section 75 of the Principal Ordinance, however, lays down that the powers conferred, and the duties and obligations imposed, by the Principal Ordinance shall in any area of

Crown land declared to be a native reserve or a communal reserve be exercised subject to the provisions of any law for the time being in force relating to land in native reserves or communal reserves. This being so, it is necessary that section 88 should be made subject to the provisions of section 75.

Clause 11.—It is felt that persons who applied for water permits prior to the bringing into force of the Water Ordinance, 1929, and who, for various reasons, were not granted permits should have special terms granted to them if, in the discretion of the Water Board, this is deemed desirable in particular cases. It is also felt that such applicants should be exempted from three quarters of the fees in respect of the application and issue to them of a water right or sanction. This clause makes the necessary amendments to the Principal Ordinance.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

Section 9 of the Principal Ordinance which it is proposed to replace :—

Inspection of
provisional
roll;
Objections.

9. When the valuation roll has been completed it shall be laid before the local authority and shall lie at its office for public inspection, and any person may at all reasonable times inspect the same and take copies or extracts therefrom. The local authority shall, by notice published in the Gazette and in one or more newspapers (if any) circulating in the municipality, call upon all persons interested to lodge in writing with the Town Clerk, within a specified time not less than fourteen days from the first publication of such notice, in the form set forth in the Schedule to this Ordinance, notice of any objections that they may have in respect of the valuation of any rateable property valued as aforesaid or in respect of the omission therefrom of property alleged to be rateable property, and whether held by the person objecting or by others, or in respect of any other error, omission or misdescription. No person shall be entitled to urge any objection before the Valuation Court hereinafter referred to unless he shall have first lodged such notice of objection as aforesaid.

Revenue and Municipal Ordinance, 1928, which is proposed to be amended, is as follows:—

Section 24 of the Principal Ordinance which it is proposed to amend:—

Proceedings for recovery of rates unpaid for three months.

24. When any rate imposed upon any owners of rateable property shall remain unpaid for a period of three months after the date on which such rate shall have been fixed to become due and payable, the local authority may, at any time within twelve months after the imposing of the rate, demand the amount of such rate or any part thereof from any tenant or occupier for the time being of such rateable property, to the extent of any rent due and payable by the tenant at the date of the demand, and on non-payment thereof may, after one month from the date of such demand, recover the same from such tenant or occupier in the same manner as though he were the owner; and every such tenant or occupier shall be entitled to deduct from any rent or other amount payable by him to such owner, or his successors in title, so much as was so paid by or recovered from him, and the production of the receipt for such rates so paid by or recovered from such tenant or occupier shall be a good and sufficient discharge for the amount so paid or recovered as payment of rent or other amount.

Section 28 of the Principal Ordinance which it is proposed to replace:—

Basis of valuation of Crown property.

28. Notwithstanding anything to the contrary contained in this Ordinance, any interest in land held by the Crown which would, if it were not so held, be rateable property under this Ordinance shall for the purpose of assessing the contributions in lieu of rates payable by the Government of the Colony under the provisions of the Local Government (Municipalities) Ordinance, 1928, be valued in accordance with the principles laid down in this Ordinance subject to such exceptions and in such manner as may be prescribed by rules made by the Governor in Council.

(3) Where there is included in the valuation roll as laid before the local authority some rateable property not previously valued, or when the rateable value assigned in the valuation roll to some rateable property exceeds the value as stated in the valuation roll for the time being in force, the local authority shall, within fourteen days after the laying before the local authority of the valuation roll, send to the owner of the rateable property affected, a notice of the valuation thereof inserted in the valuation roll."

3. Section 24 of the Principal Ordinance is hereby amended by the deletion of the words "to the extent of any rent due and payable by the tenant at the date of the demand" which occur in the eighth and ninth lines thereof.

Amendment of section 24 of the Principal Ordinance.

4. Section 28 of the Principal Ordinance is hereby repealed and the following section is substituted therefor :—

Repeal and replacement of section 28 of the Principal Ordinance.

28. Notwithstanding anything otherwise to the contrary contained in this Ordinance but subject to the proviso hereinafter contained, any interest in land held by the Crown which would, if it were not so held, be rateable property under this Ordinance shall for the purpose of assessing the contributions in lieu of rates payable by the Government of the Colony under the provisions of the Local Government (Municipalities) Ordinance, 1928, be

valued in accordance with the principles laid down in this Ordinance, subject to such exceptions and in such manner as may be prescribed by Rules made by the Governor in Council :

Provided that such rules may exempt from such valuation and from payment of any contributions in lieu of such rates as aforesaid any interest in land held by the Crown which is being used for a public purpose or which should, in the opinion of the Governor in Council, be reserved for a public purpose : Provided further that the Governor in Council, prior to making any decision either as to the reservation of any interest in land for a public purpose or as to the area to be so reserved shall enquire into any objection which may be lodged by the local authority concerned at which enquiry the local authority if it so wishes may be heard.

5. Notwithstanding anything contained in the Principal Ordinance all the provisions of all Rules hitherto made by the Governor in Council under and by virtue of the powers conferred upon him by section 28 of the Principal Ordinance as they appeared before the passing of this Ordinance are hereby declared to be and always to have been legal and valid and of full force and effect.

Validity of Rules hitherto made under section 28 of the Principal Ordinance.

6. (1) Subject and without prejudice to the rights of the Crown, every rate imposed by the local authority under the Principal Ordinance shall, without registration, be a first charge on the property in respect of which it is imposed, enforceable (unless satisfied) for three years from the date of the imposition thereof.

Rates to be a first charge on the property.

(2) If any sum payable in respect of any rate imposed under the Principal Ordinance shall remain unpaid for a period of six months after the date on which such rate shall have been fixed to become due and payable, the local authority may, notwithstanding any other mode provided for under the Principal Ordinance for the recovery of rates, apply to the magistrate having jurisdiction for the attachment and sale of the land charged with such rate. And thereupon the magistrate having jurisdiction shall attach such property, and by order, notice of which shall be given in accordance with the provisions of sub-section (4) of this section, declare his intention of selling any such land at the expiration of thirty days after the date of such attachment.

Provided that before making any order under this sub-section, the magistrate having jurisdiction shall call for and inspect a certified copy of every entry in the register kept by the Registrar of Titles relating to such property, and shall further require to be satisfied by the local authority that every reasonable effort has been made to obtain the amount due and payable in respect of such rates from the owner of such land and from all persons having any interest in such land as mortgagees or chargees.

(3) If, at the expiration of the said period of thirty days, such rate has not been paid or satisfied, the magistrate having jurisdiction shall sell by public auction any such land as shall have been attached as aforesaid.

(4) The notice required to be given under sub-section (2) of this section shall be given by publishing a copy of the order in one issue of the Gazette and serving a copy thereof on all interested parties by delivering the same at his or their last known place of residence, and by affixing a copy of the order on such land :

Provided that where the magistrate having jurisdiction has reason to believe that, at the time of such application by the local authority, the registered owner of such land or his duly authorized agent or attorney, or any person interested in such land as mortgagee or chargee or the duly authorized agent or attorney of such mortgagee or chargee, is resident in the Colony, he may direct the manner of any further service.

(5) The provisions of this section shall not apply to any rate which became due and payable before the coming into operation of this Ordinance.

(6) For the purposes of attaching such property, and of declaring his intention of selling any such land, and of selling such land by public auction, the magistrate having jurisdiction shall, notwithstanding anything in any other Ordinance contained, have all the powers of a judge of the Supreme Court.

(7) If the amount unpaid under sub-section (2) of this section exceeds the amount within the jurisdiction of a magistrate of the first class, then, notwithstanding such excess, a magistrate of the first class shall be deemed to be the magistrate having jurisdiction within the meaning of this Ordinance.

7. The proceeds of such sale as above mentioned shall be applied in the first place in satisfaction of the arrears together with interest thereon from the date of the notice of sale at

the rate of six per centum per annum and costs, and in the event of there being any surplus remaining the court shall, if it is satisfied as to the right of any person claiming such surplus, pay the amount thereof to such person, and if it is not so satisfied shall hold the amount in trust for the person who may ultimately succeed in due course of law in establishing his title thereto. If no title is established to such surplus within the period of five years from the date of the sale it shall be paid to the credit and form part of the funds of the local authority.

Title conferred
by purchase at
sale under
section 6.

8. (1) The purchaser at a sale held under the provisions of section 6 of this Ordinance shall be deemed to have acquired the property offered for sale free from all encumbrances created over it and from all subordinate interests derived from it except such as are expressly reserved by the court at the time of sale.

(2) The court shall notify in the Gazette the result of the sale, and thereafter the local authority may transfer such land to the purchaser at the sale at his expense and give a good and valid title thereto and may execute all such documents and do all other acts as may be necessary to perfect the same.

OBJECTS AND REASONS.

Clause 2.—An amendment is made to section 9 of the Principal Ordinance to provide that where rateable property not previously valued is included in a Valuation Roll or where an increase in the value of any rateable property is made in a subsequent Valuation Roll, the local authority is required to send to the owner of the property affected a notice of the valuation thereof. This is in accordance with the law in force in England.

Clause 3.—This proposed amendment to section 24 of the Principal Ordinance has been included at the instance of the Nairobi Municipal Council, which has represented that the existence of the words to be repealed renders the section of little or no practical value to rating authorities. Difficulties have been experienced in practice in proving that the tenant owed rent to his landlord at the date of the demand for payment of rates. A further difficulty is that rents are very frequently made payable in advance, and the requirements of the section as it stands at present are extremely difficult to fulfil.

Clause 4.—Doubts have arisen as to whether, under the present wording of section 28 of the Principal Ordinance, the Governor in Council is empowered to exempt from the operation of the Ordinance land reserved for such purposes as hospitals, schools, aerodromes, railway running tracks, harbour works and other public purposes. It was the intention when the Principal Ordinance was enacted that these powers should be granted, and this clause makes the position clear.

Clause 5 validates all Rules hitherto made under section 28 of the Principal Ordinance.

Clauses 6 to 8 (inclusive).—For some time past the Nairobi Municipal Council has urged that the Principal Ordinance should be amended so as to provide that rates payable to a local authority shall be a first charge upon rateable property. The position is that rates are partially secured by section 86 of the Local Government (Municipalities) Ordinance, 1928, which forbids the registration of any transfer of property unless rates for the preceding three years have been paid. This form of security is only completely effected if local authorities possess adequate means of enforcing payment before the expiration of the period of three years. Such enforcement is not always possible, e.g. where property is subject to a mortgage and its value is less than the amount of the mortgage or where the amount of the mortgage is not disclosed. The Council has represented that a considerable sum of money has been lost on account of rates which could not be recovered under the present system owing to the property in respect of which they were levied being heavily mortgaged. It is now proposed, under clause 6, to make a first charge, subject to the rights of the Crown, for a period of three years. Provision is also made that the court must be satisfied that every reasonable effort has been made to obtain the amount due from the owner or mortgagee of the land before it makes any order for attachment and sale. These provisions are not to have retrospective effect, and provision to this effect is made in sub-clause (5) of clause 6.

No expenditure of public moneys will be involved if the provisions of this Bill become law.
