BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows:—

Short title.

1. This Ordinance may be cited as the Non-European Officers' Pensions (Amendment) (No. 2) Ordinance, 1941, and shall be read as one with the Non-European Officers' Pensions Ordinance, 1932, hereinafter referred to as the Principal Ordinance.

No. 53 of 1932.

Amendment of section 18 of the Principal Ordinance.

2. Section 18 of the Principal Ordinance is hereby amended by adding thereto, immediately after subsection (3) thereof, the following new subsection:—

“(4) If a non-European officer proceeding by a route approved by the Governor to or from the Colony at the commencement or termination of his service therein, or of a period of leave therefrom, dies as the result of damage to the vessel, aircraft or vehicle in which he is travelling, or of any act of violence directed against such vessel, aircraft or vehicle, and the Governor is satisfied that such damage or act is attributable to circumstances arising out of any war in which His Majesty may be engaged, such officer shall be deemed, for the purposes of this section, to have died in the circumstances described in subsection (1) of this section.”

## **OBJECTS AND REASONS**

The object of this Bill is to make it clear that, for the purposes of the Pensions law, a non-European officer who is killed by enemy action when travelling to and from the Colony is to be regarded as killed on duty.

## GENERAL NOTICE No. 550

OWOUR, OBUDHO AND GODNINYA PROSPECTS  
IN SOUTH KAVIRONDO

WITH reference to General Notice No. 1015, appearing in the Official Gazette dated 4th July, 1939, it is notified for public information that Government is now prepared to receive applications from holders of prospecting rights for special licences for prospecting, developing and mining any of the three areas referred to above, each of approximately one square mile and more fully described in the Schedule to Government Notice No. 219 of the 17th March, 1939 (copies of this Schedule will be supplied on request). Applications must reach the office of the Commissioner of Mines, P.O. Box No. 339, Nairobi, not later than the 8th day of August, 1941.

Government's aim in imposing special conditions is to ensure, as far as possible, that economic working of these prospects is attempted; to prevent them being pegged as locations at the outset as a speculation for re-sale; and to prevent a property which may be economically workable as a whole being split up into a number of uneconomic units by indiscriminate pegging of locations.

It is stated that ore from the Owour Prospect is, in some degree, refractory.

## OWOUR PROSPECT

Intending applicants for a special licence in respect of this prospect are required to—

1. Give details of cash resources available for direct expenditure on this property.
2. State the minimum number of Europeans, Asians and natives to be employed during the licence year.

In any licence granted in respect of this prospect, it is proposed to embody clauses carrying into effect the following, subject to such modifications as the Governor may think fit, and to such additional clauses as the Governor may think necessary:—

\*1. The term of this licence shall be, in the first instance, for one year.

On the completion of the working conditions contained in the licence, to the satisfaction of the Commissioner of Mines, the licensee shall have the right to peg locations under the provisions of the Mining Ordinance, 1940, and the Mining Regulations, 1940, or any Ordinance or Regulations amending or replacing them respectively.

For good and sufficient reason shown, the Governor shall grant an extension of the term of the licence for a further period not exceeding one year upon such conditions as he may decide.

\*2. Subject to paragraph 8 below, the licensee shall, within twelve months of the commencement of the term of the licence, sink two shafts each to reach a depth of one hundred feet vertically below surface level, and shall perform a minimum 400 feet of driving and/or cross-cutting underground, at least half of which driving and/or cross-cutting shall be at a depth of one hundred feet below the surface.

\*3. Prior to the fulfilment of the conditions laid down in paragraph 2 above to the satisfaction of the Commissioner of Mines, the licensee may mill ore from the said area subject to the following conditions:—

- \*(a) No ore shall be won from trenches or other opencast or surface workings at a depth greater than five feet below surface level.
- (b) The tonnage of ore derived from trenches or other opencast or surface workings which is milled in any one month shall not exceed the tonnage of ore derived from underground workings in that month.
- (c) No stoping shall be permitted. Underground ore must be won from shafts, winzes, raises and levels only. The sizes of such shafts, winzes, raises and levels shall be subject to the approval of the Commissioner of Mines.

(d) No two levels on any one vein shall be driven within fifty feet of each other, and no shaft, winze or raise shall be excavated within fifty feet of any other shaft, winze or raise.

\*(e) A thirty-foot pillar between a depth of five feet and thirty-five feet below the surface shall be left undisturbed.

4. Provided that the Governor may in writing modify and/or alleviate the conditions laid down in paragraph 3 hereof in the event of disappointing results of development or for any other cause.

5. The licensee shall submit to the Commissioner of Mines brief monthly reports and statements of expenditure within ten days of the completion of each month of the term and shall also submit more detailed reports accompanied by copies of working plans within fifteen days of the completion of each period of three months of the term.

6. A special fee of £25 in addition to a fee of Sh. 171 for registration, conveyancing and stamp duty in respect of the grant of the licence shall be payable.

7. The licence may not be the subject of any tribute or transfer without the written consent of the Governor.

\*8. As an alternative to the conditions contained in paragraph 2 above, applicants are at liberty to submit their own proposals and/or programmes for the prospecting, development and/or mining of the Owour Area, but such proposals and/or programmes should envisage a degree of exploration in depth at least comparable with that indicated in paragraph 2 above.

## OBUDHO AND GODNINYA PROSPECTS

Intending applicants for a special licence in respect of each of these areas will be required to:—

\*1. State the sum they are prepared to expend on prospecting and developing the area during the term of the licence.

\*2. State the minimum number of Asians and natives to be employed during the term of the licence and the amount of European supervision to be given during that period.

\*3. Submit particulars of the work to be carried out in prospecting and developing the area during the term of the licence.

\*4. State what proportion of the work, proposed under paragraph 3 above, is to be completed before milling operations are commenced.

In any licence granted in respect of either of these prospects it is intended to incorporate the proposals of the successful applicant, subject to such modifications as the Governor may think fit, and to such additional clauses as the Governor may think necessary.

\*1. The term of the licence for each area shall be, in the first instance, for one year.

On the completion of the working conditions contained in the licence to the satisfaction of the Commissioner of Mines, the licensee shall have the right to peg locations under the provisions of the Mining Ordinance, 1940, and the Mining Regulations, 1940, or any Ordinance or Regulations amending or replacing them respectively.

2. The licensee shall submit to the Commissioner of Mines brief monthly reports and statements of expenditure within ten days of the completion of each month of the term of the licence, and shall also submit more detailed reports accompanied by copies of working plans within fifteen days of the completion of each period of three months of the term.

3. The licence may not be the subject of any tribute or transfer, without the written consent of the Governor.

4. A special fee of £10 in addition to a fee of Sh. 171 for registration, conveyancing and stamp duty in respect of the grant of the licence shall be payable before the commencement of the term.

Nairobi,

H. IZARI,

This 8th day of May, 1941. *Commissioner of Mines.*

The asterisks indicate alterations or additions to the proposals as originally published in General Notice No. 1015 above mentioned.

**AUDITORS' REPORT**

We beg to report that we have audited the above Balance Sheet of the Pyrethrum Levy Fund for the Year ended 31st March, 1940, and we have received all the information and explanations we have required.

We are satisfied that the expenditure made out of the Levy Funds falls within the terms of Section 17(3) of the Pyrethrum Ordinance, 1938, or has been approved by the Governor in Council.

In our opinion the Balance Sheet is properly drawn up so as to show correctly the transactions of the Pyrethrum Levy Fund for the year ended 31st March, 1940.
