GOVERNMENT NOTICE No. 669

His Excellency the Governor in Council has approved of the following Bill being introduced into the Legislative Council.

R. P. ARMITAGE,
Acting Clerk to the Legislative Council.

A Bill to Amend the Credit Trade with Natives Ordinance

BE IT ENACTED by the Governor of the Colony of Kenya, with the advice and consent of the Legislative Council thereof, as follows:—

Short title.

1. This Ordinance may be cited as the Credit Trade with Natives (Amendment) Ordinance, 1941, and shall be read as one with the Credit Trade with Natives Ordinance, herein-after referred to as the Principal Ordinance.

Cap. 130.

Amendment of section 3 of the Principal Ordinance.

2. Section 3 of the Principal Ordinance is hereby amended by substituting a colon for the full stop which appears at the end thereof and by adding thereto, immediately after such colon, the following proviso:—

“Provided that it shall be lawful for the Governor from time to time by order to vary the value or price specified in this section in respect of any province or district.”

OBJECTS AND REASONS

The Principal Ordinance covers the sale of goods on credit to natives to the value of more than ten pounds in every province or district to which the Ordinance applies. While conditions may vary in different parts of the country, this amount of ten pounds is fixed by law and no power is given to vary it. The object of this Bill is to provide a means by which this amount may be reduced or increased in any province or district where such reduction or increase is considered desirable.

No expenditure of public moneys will be involved if the provisions of this Bill become law.

SISAL RESTRICTION

PERSONS contemplating the acquisition of land for the purpose of planting sisal, and persons not already growing sisal who are contemplating the planting of sisal on land under their control, are advised that there is a possibility of legislation being enacted to control the planting and export of sisal.

While it is improbable that permanent legislation to control planting or export will be introduced during the war period, war conditions have necessitated certain measures of control.

Potential growers are advised to note the position since if, after the war, any measure becomes necessary for the restriction of the industry, sisal planted by new interests after the date of this notice is likely to be the first to be affected by any measure of restriction that may have been imposed.
