SCHEDULE

NINTH SCHEDULE

I.—OLENGURUONE NATIVE SETTLEMENT AREA.

Commencing at the south-western corner of L.R. No. 4600;

thence by a straight line on a true bearing of approximately $254^{\circ} 01'$ for a distance of about 45,060 feet to a beacon on the boundary of the Masai Native Land Unit;

thence generally southerly and generally north-easterly by that Native Land Unit boundary to its intersection with generally south-eastern boundary of L.R. No. 4600;

thence generally south-westerly by the latter boundary to the point of commencement.

This Native Settlement Area is delineated cross-hatched yellow on Boundary Plan No. 183/1 deposited in the Survey Records Office, Department of Lands and Settlement, Nairobi.

II.—KICHUIRU NATIVE SETTLEMENT AREA.

Commencing at the south-western corner of L.R. No. 1057;

thence southerly, south-easterly and northerly by a series of cut and beacons lines (which also define the boundary of the Kikuyu Native Land Unit) to a beacon on the southern boundary of L.R. No. 1057;

thence westerly by that southern boundary to the point of commencement.

This Native Settlement Area is delineated cross-hatched yellow on Boundary Plan No. 183/2 deposited in the Survey Records Office, Department of Lands and Settlement, Nairobi.

III.—DIGO NATIVE SETTLEMENT AREAS.

These Native Settlement Areas comprise four portions of land, adjoining the Coast Native Land Unit, known as L.R. Nos. 5004/34, 5004/35, 3855/37, and 4660, and are delineated cross-hatched yellow on Boundary Plan No. 183/3 deposited in the Survey Records Office, Department of Lands and Settlement, Nairobi.

OBJECTS AND REASONS

It has been found necessary to make provision for native land settlement to accommodate ex-resident labourers removed from farms, and other individuals and groups who, for various reasons, cannot be settled in the Native Land Units.

For this purpose it is considered desirable to enact a special measure creating a new type of native area, to be known as a Native Settlement Area, in addition to those areas for which provision is made by the Native Lands Trust Ordinance, 1938, and the Crown Lands (Amendment) Ordinance, 1938. This Bill is designed to give legal authority for such settlement areas and to give powers of administration and control.

It is not possible to estimate what expenditure of public moneys will be involved if the provisions of this Bill become law.

Repeal.

15. The Forest Ordinance (Chapter 149 of the Revised Edition) is hereby repealed.

OBJECTS AND REASONS

This Bill is designed to consolidate and amend the law relating to forests.

Apart from a considerable number of verbal amendments and re-arrangement of sections, the principal changes may be summarized as follows:—

(a) The method of proclaiming demarcated forests has been simplified.

(b) No demarcated forest may be withdrawn from demarcation until the proposal has been first approved by the Legislative Council and notice thereof subsequently published in the Gazette.

(c) Provision is made for publishing in the Gazette notice of any proposal that any forest area shall cease to be a forest area. This will give interested persons an opportunity of submitting their views.

(d) It is proposed that power shall be taken to declare any forest area or demarcated forest to be a nature reserve for the purpose of preserving the natural amenities thereof and the flora and fauna therein. Hunting, fishing and disturbance of the fauna in such reserve will be prohibited and no cutting, grazing or removal of forest produce or disturbance of flora will be allowed, except under special permission.

(e) Clauses 6 and 7 of the Bill reproduce and amplify the provisions made by Rules under the existing Ordinance. Doubts have arisen as to the validity of these Rules and it is considered desirable to remove such doubts by making provision in the Ordinance itself.

(f) It is proposed that the terms and conditions of service of forest grounds should be dealt with by Rules rather than by provisions in the Ordinance. This would obviate amendment to the Ordinance when the conditions of service need revision from time to time.

(g) The powers of forest officers specially appointed by the Governor to compound offences, hitherto granted by Rules, are now incorporated in the Ordinance.

No additional expenditure of public moneys will be involved if the provisions of this Bill become law.
