## GOVERNMENT NOTICE No. 297

(Cus. 19/3/1)

## REVISED DEFINITION OF VALUE OF GOODS SUBJECT TO AD VALOREM DUTIES

THE attention of importers is drawn to the Customs Tariff (Amendment) Ordinance, 1945, which will come into operation on 1st April, 1945. The amendment to section 4 of the principal Ordinance has the effect of changing the definition of value which forms the basis for the assessment of *ad valorem* duties.

2. Briefly, the change in procedure no longer requires the current domestic value in the country of dispatch for the purpose of assessing value but it requires that the dutiable value shall be in effect the landed value at Mombasa on a basis that the transaction for the purchase of the goods had been concluded between the buyer and the seller with one consideration only, namely the price of goods to an ordinary purchaser in the Colony; this price to include freight, insurance and other expenses up to the point of landing. The new procedure follows that which is successfully operated in the United Kingdom and certain of the colonial dependencies.

3. Importers are advised to inform their suppliers and agents of this change in procedure which will no longer require the production to the Customs at the port of entry, invoices in the form of Conference Form "A" showing the current domestic value in the country of exportation. Instead the form of invoice which will be necessary must follow that of Conference Form "B" except that the certificate of origin relating to preferential duties should be excluded.

4. During an interim period of three months from the date of this notice, invoices in the form of Conference Form "A" will be acceptable provided full details of the cost of the goods to the importer are shown.
