GENERAL NOTICE NO 1093

THE CROWN LANDS ORDINANCE

TENDERS FOR FARM GRANTS

TENDERS are invited for the purchase for agricultural and pastoral purposes of the grant of each of the areas situated in the Highlands detailed in the Schedule hereto

2 Plans of the areas may be seen at the office of the Commissioner of Lands, Mines and Surveys, Nairobi, and a copy may be obtained on application at the price of Sh 6 each, post free. In those cases in which the areas have not been surveyed, sketch plans only are available

3 Each grant will be for a term of 999 years from the first of the month following the acceptance of the tender and will be subject to the ordinary conditions of the Crown Lands Ordinance (Chapter 140 of the Revised Edition). The titles will be issued under the Registration of Titles Ordinance, 1919 (Chapter 142) and will be subject to the following development conditions being effected within a period of two years of the commencement of the grant —

- (a) The construction of a house to approved specifications
- (b) The construction of dams each with a depth of not less than 20 feet, if practicable, to a number and specification to be decided by the Soil Conservation Officer (As an alternative to this construction boreholes may be sunk on sites to be determined by the Director of Public Works and the Soil Conservation Officer provided that if need be pipe lines shall be run from borehole sites to watering places approved by the Soil Conservation Officer)
- (c) The whole of the boundaries of the areas to be fenced to a specification approved by the local authority to include the river boundary
- (d) Two permanent cattle dips to be constructed

The cost of the fencing of the common boundaries between the two blocks of land will be shared by the lessees concerned

4 Tenders in terms of price per acre should be accompanied by a statement indicating—

- a) the present land holding (if any) of the tenderer in the Colony and the amount and nature of development thereon

(b) the proposals of the tenderer for the development of the area if his tender be accepted,

(c) the amount of guaranteed capital available for development purposes and what sums the tenderer is prepared to expend on development

5 Each of the successful tenderers will be required to pay within seven days of notification that his tender has been accepted 10 per cent of the amount tendered. Survey fees will be payable within seven days of a demand therefor. The balance of the purchase price shall be paid prior to the issue of title or may be paid in nine equal annual instalments, the first of such payments becoming due on 1st January, 1948

6 The titles will be issued as soon as conveniently may be, the successful tenderer being required to pay on demand the cost of the preparation and registration of the grant (Sh 120) and the stamp duty in respect of the grant

7 Sealed tenders marked "Tender for Grant of Block No. " must be deposited with the undersigned before noon on 22nd July, 1947

8 No tender of a sum less than that indicated in the Schedule will be considered. The highest or any tender in each case will not necessarily be accepted

9 These areas have not been surveyed and the boundaries may be subject to slight adjustments. The acreages must therefore be taken as very approximate only
