## ELECTRIC POWER LICENCE

PUBLIC notice of an application to be made for—

- (a) extension of the area of supply the subject of Distributing Licence No 6 dated the 20th day of May, 1926 (Fort Hall District) to include further areas to the north and west of that area, and (conditional upon such extension of area being granted)
- (b) simultaneous revocation of Distributing Licence No 5 dated the 20th day of February, 1926

Notice is hereby given to all whom it may concern that on the 2nd day of September, 1947, the East African Power and Lighting Company, Ltd (a limited liability company incorporated in the Colony and Protectorate of Kenya and having its registered office at Nairobi in the said Colony) will make application to His Excellency the Governor in Council—

- (a) under section 35 of the Electric Power Ordinance for extension of the area of supply the subject of Distributing Licence No 6 dated the 20th day of May, 1926 (which at present comprises the area delineated on the plan marked 'FH' mentioned below and thereon bordered yellow and in respect of which the applicant is licensee) to include a further area to the north and west of above area for the reasons that such further area is now sufficiently developed to justify inclusion thereof in the said area of supply and that the applicant is now in a position to supply electrical energy to such further area and that such extension will be equitable to the licensee and consumers in every area concerned or affected and that no licensee or consumer shall be unduly prejudiced thereby, and
- (b) under section 116 of the Electric Power Ordinance for simultaneous revocation of Distributing Licence No 5 dated the 20th day of February, 1926 (if such extension of area is granted) for the reasons that the area of supply the subject of the said Distributing Licence No 5 dated the 20th day of February, 1926 (which is delineated on the plan marked 'FH' mentioned below and thereon bordered green and in respect of which the applicant is licensee) is included in the proposed extension of area and it is thought that amalgamation of all these areas of supply under a single distributing licence is desirable for purposes of simplification and generally in the interests of all concerned

The area which it is proposed that the said area of supply should be extended to include is shown on a plan marked 'FH', copies of which are now deposited at the offices of Messrs Hamilton, Harrison & Mathews, advocates, Nairobi House, Nairobi, and at the offices of the applicant at Nairobi, and consists of—

- (i) the area of supply now the subject of the said Distributing Licence No 5 dated the 20th day of February, 1926 (bordered green on the said plan), and
- (ii) a further area with boundaries commencing from the trigonometrical station Wakipugi northwards along longitude 37° east to the intersection of 37° east and a straight line between trigonometrical stations Nyakagama and Tumu Tumu thence south-easterly to trigonometrical station Tumu Tumu, thence due east to longitude 37 15" east, thence due south to the Tana River, thence following the western boundaries of the areas of supply the subject of Distributing Licences Nos 5 and 6 respectively to the point of commencement at trigonometrical station Wakipugi (bordered red on the said plan)

The public or local authorities, companies, persons or bodies of persons affected by the grant of this application will be as follows —

- (a) Companies, persons and bodies of persons resident or carrying on business in the proposed area of extension—in that a supply of electrical energy will in due course become available to them
- (b) Other companies, persons and bodies of persons desiring to supply electrical energy in the same area on sale—in that such supply will by the grant of this application be precluded except so far as authorized under section 4 of the Electric Power Ordinance
- (c) The Provincial Commissioner, Central Province, the District Commissioner, Fort Hall, the Nairobi District Council, and local native councils—to the extent of the general interest of those several authorities in the development and welfare of the areas concerned

Any public or local authority, company, person or body of persons desirous of making any representation or objection to this application as regards the proposed extension of area must do so by letter addressed to the Governor in Council and marked on the outside of the cover enclosing it "Electric Power Ordinance" on or before the expiration of 30 days from the date of this application as stated above and must forward a copy of such representation or objection to the applicant

Any public or local authority, company, person or body of persons desirous of making any representation or objection to this application as regards the proposed revocation of licence must do so by letter addressed to the Governor in Council and marked on the outside of the cover enclosing it "Electric Power Ordinance" on or before the expiration of 60 days from the date of this application as stated above and must forward a copy of such representation or objection to the applicant
