## THE CROWN LANDS ORDINANCE

## ALIENATION OF LAND, NORTH LAIKIPIA, KENYA COLONY

APPLICATIONS are invited for the alienation in blocks of the unsurveyed Crown land, North Laikipia, between the existing surveyed and alienated farms and the Kittermaster Line for the term of 99 years. The proposed division of the land may be seen on a plan at—

- the Office of the Commissioner for Lands, Nairobi;
- the District Commissioner, Rumuruti;
- the East African Dependencies Office, Trafalgar Square, London;
- the U.K. High Commissioner, Canberra, Australia;
- the U.K. High Commissioner, Pretoria, South Africa;
- the U.K. High Commissioner, Wellington, New Zealand.

It must be realized that boundaries and areas shown on the plans are approximate only, and the exact total rent, purchase price and value of development, will therefore be adjusted to suit the surveyed area.

The area is suitable for ranching and dairy ranching, which is being successfully carried out on the adjoining land.

The rainfall of Rumuruti, the nearest township, averages 25.61 inches. The lowest since 1906 has been 13.35 inches and the highest 39.61 inches. Some of the land has a higher and some a lower rainfall than Rumuruti. The soil varies in quality and in density of bush cover. In accordance with these variations, the undeveloped carrying capacity is estimated to be from ten acres to the beast to thirty acres to the beast. Grants, if approved, will stipulate for the expenditure of not less than Sh. 3/50 per acre on permanent development, half of which will have to be effected within the first three years of the commencement of the grant, and the remainder within the subsequent three years to the satisfaction of the Commissioner of Lands, and in addition, will contain provision for stocking of the land.

No subdivision or transfer of the land will be permitted for a period of ten years from the commencement of the grant except in special circumstances by permission of the Governor.

Applications should be submitted to the undersigned on forms obtainable from—

- the undersigned;
- the East African Dependencies Office, Trafalgar Square, London;
- the U.K. High Commissioner, Canberra, Australia;
- the U.K. High Commissioner, Pretoria, South Africa;
- the U.K. High Commissioner, Wellington, New Zealand,

not later than 30th September, 1949, and should specify the block desired and the amount of money the applicant is prepared to spend on the improvement and stocking of the land. Evidence as to financial resources should be submitted.

The applicant should detail his proposals for the supply of water (at several well-distributed points), the construction of fencing, dips, buildings and other permanent development, as well as his intentions regarding the stocking of the land. Permanent personal accommodation by the applicants or by their European representatives will be required.

Such small permanent development as already exists on some of the blocks will be paid for by the successful applicant at valuation.

TENDERS in terms of premium per acre (the rate of rent being fixed as hereinafter stated) are invited on the conditions hereinafter appearing for the purpose of development as a residential estate of the grant of a lease in respect of a piece of land having a gross area of approximately 500 acres, subject to the exclusion therefrom of a five-acre plot to be reserved for public purposes to be selected by the Development Committee hereinafter referred to, known as Land Reference No. 533, situate at Molo in the Molo District of the Highlands.

2. A plan showing the approximate boundaries of the land which has not yet been surveyed may be seen at the offices of the Commissioner of Lands, the Commissioner for European Settlement, Nairobi, the District Commissioner, Nakuru, and a copy may be obtained on application from the Director of Surveys, Nairobi, at the price of Sh. 3, post free.

3. The tender and development will be under the control on behalf of the Government of the Commissioner of Lands with the assistance and advice of a Development Committee. The requirements and decision of the Commissioner of Lands in consultation with this Committee shall be accepted by the tenderers as final.

4. Tenders must be accompanied by a detailed description of the tenderer's proposals for the development of the area as a residential estate based on a subdivisional scheme for the provision of 20/25 plots of not less than 15 acres and not more than 25 acres each, and for the construction and maintenance of roads serving each plot up to district council standards together with a layout plan illustrating the proposals.

5. The successful tenderer will be required within a stated period after acceptance of his tender to—

- (a) submit a detailed layout plan based on a contour survey and showing also the water reticulation and drainage system for the approval of the Commissioner of Lands in accordance with the provisions of section 23 of the Town, Planning and Development Ordinance, 1931;
- (b) provide an adequate borehole supply of piped water to the boundaries of each plot with main storage reservoirs for at least three days' normal supply for the whole estate and to produce to the Commissioner of Lands a certificate signed by the Government Hydraulic Engineer certifying that the reticulation system and borehole tests have been approved by him.

6. Applications for plots will be made to the Development Committee which shall be responsible for determining the allocation of plots and shall inform the grantee of such allocation. When this has been done negotiations for purchase will be made direct between the grantee and the applicant for the plot, but the sale price of the plots shall be subject to the approval of the Commissioner of Lands, and no plot shall be sold until authority shall be given, and in any event not until the roads shall have been made up and the water supply installed to the satisfaction of the Commissioner of Lands.

7. The successful tenderers will be required to pay to the Commissioner of Lands, within seven days of the notification that his tender has been accepted, 20 per cent of the amount tendered as premium.

8. The successful tenderer will also be required to deposit with the Commissioner of Lands upon receiving notification that his tender has been accepted any one of the following securities:—

- (a) One-third of the amount stated in his tender, as the estimated cost of development;
- (b) a bank guarantee for the total amount of the estimated cost of development;
- (c) an approved security to a value not less than one-third of the development costs.

9. The survey fees for the whole area and the fees (Sh. 120) payable in respect of the preparation of the title deeds together with the stamp duty (which is approximately 2 per cent on the purchase price and the rent) in respect of the grant must be paid within seven days of a demand therefor. Titles will be issued as soon as conveniently may be.

10. The term of the grant will be 99 years from such date as may be recommended to the Commissioner of Lands by the Development Committee as the date of the actual commencement of beneficial user, which shall not in any event be later than 1st July, 1949, from the earlier of which dates rent also will be payable, and the grant will be issued under the provisions of the Crown Lands Ordinance (Cap. 140 of the Revised Edition, especially Part V thereof) and the Registration of Titles Ordinance (Cap. 142 of the Revised Edition). The annual rental which shall be payable in respect of the whole grant shall be at the rate of Sh. 16 per acre per annum and, except as hereinafter provided, such rental shall be payable to the Crown by the

grantee from the date hereinbefore stated but shall not remain so payable when and so long as, in respect of each plot, it becomes payable by plot purchasers under the succeeding paragraph.

11. The annual rent which shall be payable in respect of the plots to be provided by the subdivisional scheme shall be at the rate of Sh. 16 per acre per annum and such rate of rental shall be reserved and made payable to the Crown by the plot purchasers in the grantee's deeds of sale from the date of each respective deed of sale.

12. No building shall be commenced upon the land either by the successful tenderer or his assignees unless and until plans (including block plans showing the position of the buildings), drawings, elevations and specifications thereof shall have been submitted to and approved by the Development Committee.

13. All dwelling-houses and other approved buildings erected shall conform to a building line to be decided upon by the Development Committee.

14. The grantee's deeds of sale shall make provisions binding plot purchasers to pay municipal or district council rates, if imposed, including any Government contribution in lieu thereof, and such rates covering roads and water supply and the maintenance thereof by the successful tenderer as may be approved by the Development Committee.

15. At no time during the continuance of the term will any subdivision of a subdivisional plot be permitted except with the prior written approval of the Commissioner of Lands first had and obtained.

16. Each subdivisional plot shall be assigned for the construction thereon of one house only for the personal occupation as a residence by the assignee, and no further assignment or sale will be permitted within five years of the date of the first sale of each subdivisional plot and a clause will be inserted in the title deeds requiring personal residence by the first purchaser of each of the subdivisional plots for three out of the first five years from the date of the first sale.

17. The development to be effected on the land by the successful tenderer will be subject to a time limit to be fixed by the Commissioner of Lands in consultation with the Development Committee.

18. The successful tenderer will be responsible for the adequate supply and maintenance of water and satisfactory road construction and maintenance until such time as other arrangements may have been made by him with the approval of the Development Committee for the maintenance of such services or either of them, and will be required to enter into a bond in a sum at least equal to the estimated cost of installation and/or construction to the satisfaction of the Commissioner of Lands to secure compliance with the provisions of this clause. Such maintenance service shall be covered by, *inter alia*, provision of road and water rate conditions embodied in the deeds of sale issued by the grantee, with the approval of the Development Committee.

19. Sealed tenders marked "Tender for Grant and Development of Molo Estate" must be deposited with the Commissioner of Lands, Nairobi, before noon on 8th April, 1949. The highest or any tender will not necessarily be accepted.
