THE CROWN LANDS ORDINANCE

ALIENATION OF LAND, NORTH LAIKIPIA, KENYA COLONY

APPLICATIONS are invited for the alienation in blocks of the unsurveyed Crown land, North Laikipia, between the existing surveyed and alienated farms and the Kittermaster Line for the term of 99 years. The proposed division of the land may be seen on a plan at—

- (c) the East African Dependencies Office, Trafalgar Square, London;
- (d) the U.K. High Commissioner, Canberra, Australia;
- (e) the U.K. High Commissioner, Pretoria, South Africa;

It must be realized that boundaries and areas shown on the plans are approximate only, and the exact total rent, purchase price and value of development, will therefore be adjusted to suit the surveyed area.

The area is suitable for ranching and dairy ranching, which is being successfully carried out on the adjoining land.

The rainfall of Rumuruti, the nearest township, averages 25.61 inches. The lowest since 1906 has been 13.35 inches and the highest 39.61 inches. Some of the land has a higher and some a lower rainfall than Rumuruti. The soil varies in quality and in density of bush cover. In accordance with these variations, the undeveloped carrying capacity is estimated to be from ten acres to the beast to thirty acres to the beast. Grants, if approved, will stipulate for the expenditure of not less than Sh. 3/50 per acre on permanent development, half of which will have to be effected within the first three years of the commencement of the grant, and the remainder within the subsequent three years to the satisfaction of the Commissioner of Lands, and in addition, will contain provision for stocking of the land.

No subdivision or transfer of the land will be permitted for a period of ten years from the commencement of the grant except in special circumstances by permission of the Governor.

Applications should be submitted to the undersigned on forms obtainable from—

- (a) the undersigned;
- (b) the East African Dependencies Office, Trafalgar Square, London;

not later than 30th September, 1949, and should specify the block desired and the amount of money the applicant is prepared to spend on the improvement and stocking of the land. Evidence as to financial resources should be submitted.

The applicant should detail his proposals for the supply of water (at several well-distributed points), the construction of fencing, dips, buildings and other permanent development, as well as his intentions regarding the stocking of the land. Permanent personal accommodation by the applicants or by their European representatives will be required.

Such small permanent development as already exists on some of the blocks will be paid for by the successful applicant at valuation.
