#### MEMORANDUM OF OBJECTS AND REASONS

The object of this Bill is to establish a statutory corporation to be called the Kenya Meat Commission which will take over the functions of the present Meat Marketing Board and will exercise certain additional powers

The Commission is to consist of eight members, including a Chairman, and will be appointed by the Governor in Council. This clause has of design been widely drawn in the Bill. The Bill creates what is in effect an important statutory monopoly for disposing of very large numbers of African-owned and European-owned cattle. It is, therefore, considered advisable that at least four members of the Commission should be stock owners or representatives of stock owners. It is essential however that the body charged with the exercise of the wide powers conferred by the Bill and the responsibility for administering important sums of money should be composed not only of persons with an intimate knowledge of the stock industry, but also of persons with sound commercial and business training. Such a composition of the Commission will command the confidence of the general public as possessing both the technical and the business experience necessary to ensure the commercial success of the undertaking. Government will therefore welcome an expression by the Legislature during the passage of the Bill in the Council as to the precise composition at which the proposed Commission should aim.

*Clauses 3 and 4* deal with the establishment, incorporation and membership of the proposed Commission.

*Clause 5* deals with the procedure to be followed at its meetings.

*Clause 6* empowers the Commission to employ and pay a General Manager and such officers and servants as it may deem requisite.

*Clause 7* is important as it prohibits any person other than the Commission from erecting, establishing or operating any abattoir, factory or refrigerating works for the purpose of slaughtering cattle and smallstock, processing hides and by-products and chilling, freezing or canning or storing meat except under licence to be granted by the Member after consultation with the Commission. There is a similar prohibition against the export of meat by any person other than the Commission except in accordance with a licence. There is a saving

of the rights of persons who, immediately prior to the commencement of the Ordinance were carrying on any trade or business mentioned in the clause provided they may not expand the capacity of such trade or business without a licence granted by the Member after consultation with the Commission

*Clause 8* is also of importance. In this clause the powers of the Commission are set out. These include power—

- (a) to acquire, erect, construct, establish and maintain abattoirs, factories, ice and refrigerating works and to operate the same for the purpose of slaughtering cattle and smallstock, processing hides and by-products and chilling, freezing, canning and storing beef, mutton, poultry and other meat foods and products, whether for export or for consumption within the Colony,
- (b) to carry on the business, on a wholesale basis, of butchers and dealers in livestock and the carcasses and fresh products and the hides and offals thereof, and in poultry, ice and any other chilled, frozen or fresh foods

The Commission is also empowered to carry on business as importers and exporters of live cattle, sheep, goats and poultry, and has powers to purchase, lease, hire or otherwise acquire property, movable or immovable, and to invest and deal with the moneys of the Commission. Lending powers, exercisable with the prior consent of the Member, are also conferred by this clause, and powers, with the consent of the Member, to exchange, let, sell or hypothecate any of the property of the Commission. The Commission will have power to acquire, lease, maintain and develop land required by the Commission for holding and ranching cattle and smallstock. The prior consent of the Member is required for the construction or acquisition of major buildings, works or plant or for the extension of its business into any new area or any new undertaking.

The prices to be paid by the Commission for slaughter stock, other than slaughter stock purchased by the Commission at public auction, and the wholesale prices to be charged by the Commission, are to be fixed by the Member, with the advice of the Commission, and approved by the Governor in Council.

The Commission is empowered to delegate, with the approval of the Member, certain powers to its General Manager.

*Clause 9* will confer on the Commission the necessary exclusive rights to purchase, sell and dispose of slaughter stock and the fresh products thereof including the hides, skins and offals.

*Clause 10* prohibits any person, other than the Commission, who does not reside in the native areas from purchasing fresh products or slaughter stock except from—

- (a) a wholesale or retail butcher who carries on business outside the native area, or
- (b) a person in possession of a permit in writing from the Commission authorizing the sale of such fresh products.

This provision reproduces the provisions of the existing law in relation to the Meat Marketing Board. A penalty is provided for contravention of this section.

*Clause 11* empowers the Commission to obtain Treasury advances and *clauses 12 and 13* deal respectively with the banking account to be kept by the Commission and with the disposal of any surplus profits. With the approval of the Member, part of such surplus profits may be paid to the suppliers of slaughter stock in the form of a special payment on the slaughter stock supplied or may, with the approval of the Member, be applied to the general betterment of any section of the livestock industry.

*Clauses 14 and 15* deal respectively with the accounts of the Commission and the auditing of such accounts.

*Clause 16* empowers the Director of Audit, at any time to examine the accounts of the Commission, and

*Clause 17* imposes on the Commission an obligation to report to the Member each year upon its work during the preceding year.

*Clauses 18 and 19* permit rules and regulations to be made and *clause 20* saves the position of the pig industry and provides that nothing in the Ordinance is to be deemed to apply to the pig industry or to enable the Commission to trade or otherwise deal in pigs.

If the provisions of this Bill become law, it is expected that expenditure of approximately £400,000 will be required probably by way of loan but the method of financing this expenditure has not yet been decided.
