## THE CROWN LANDS ORDINANCE

ALIENATION OF SISAL LAND—KIBWEZI

TENDERS are invited for the grant for agricultural purposes of the area detailed in the Schedule hereto, part of which believed to be approximately 1 600 acres is planted with sisal

A plan of the area may be seen at the office of the Commissioner of Lands, Nairobi, and the Public Map Office of the Survey Department, Nairobi

Copies of the plan may be obtained on application to the Director of Surveys P O Box 1766, Nairobi at a price of Sh 5 each post free

The grant will be for a term of 99 years and will be subject otherwise to the ordinary conditions of the Crown Lands Ordinance (Cap 55)

The title will be issued under the Registration of Titles Ordinance (Cap 160)

The annual rent will be calculated at the rate of 20 cents per acre per annum until the 31st December, 1960, after which it will be revisable in accordance with the Crown Lands Ordinance

Tenders marked "Tenders for land Kibwezi" in terms of purchase price detailed below should be submitted so as to reach the undersigned not later than the 14th day of November 1951

The grant will be subject to an existing sisal cutting licence in respect of part of the area which is under the supervision of the Director of Agriculture and which expires on the 31st December, 1951

The grant of this area shall be subject to the following minimum development condition by the successful applicant —

To clear or reclaim and to plant up to 250 acres a year for a period of four years from the commencement of the term

The stand premium for the land (apart from plantings and all other development) has been assessed at the rate of £1 per acre and the sum of £6,000 (adjustable on survey) should be included in the amount tendered in respect of this premium

No tender of less than £26,000 (to include the £6,000 referred to above) should be submitted This figure includes amounts for the land, buildings, existing sisal plantings and other development

Authority has been given by the Water Board to the present licensee of the land for the following diversion of water to be used on this area —

6,500 gallons per day for domestic use

397,400 gallons per day for the decortication of sisal subject to the water being piped to the points of use in order to eliminate loss

The Water Board has agreed that if necessary the right to divert the water will be transferred to the successful tenderer on condition that up to the same quantities are used for the same purposes

The successful tenderer will be required to pay within 14 days of notification that his tender has been accepted £600 on account of the stand premium together with the full amount tendered less the sum of £6,000 The balance of the stand premium for the land may either be paid prior to the issue of the title or may be paid in nine equal annual instalments the first of such payments becoming due on the 1st January, 1953

The title will be issued as soon as conveniently may be, the successful tenderer being required to pay on demand the cost of the preparation and registration of the grant and the stamp duty

It is pointed out that this area has not yet been surveyed and the boundaries may be subject to adjustment and its acreage must therefore be taken as very approximate The Government can accept no liability for any variation in acreage which may be found upon final survey, but adjustment of the stand premium at the rate of Sh 20 per acre and the annual rent will be made if necessary

The highest or any tender will not necessarily be accepted
