THE CROWN LANDS ORDINANCE

SITE FOR MULTI-STOURED BUILDING IN NAIROBI

TENDERS in terms of proposals for development are invited for the grant of the combined leasehold plots Nos. 1297/I and 2365, Nairobi, at the junction of Queensway and Eliot Street for the purpose of erecting a single multi-storeyed building comprising high-grade shops or display windows on the ground floor frontages and business and/or residential accommodation above, provided that internal portions of the ground floor may be utilized for high-class office accommodation of the type such as banking, insurance, shipping, etc., which involves the provision of a public counter.

Plot No. 1297/I is at present occupied by Government buildings. Plot No. 2365 is vacant. Proposals for development of the whole site will be required, therefore, to show the building development on Plot No. 2365 in the first instance in such a way that it can be followed by the development of Plot No. 1297/I and the whole area developed as one unit. When Plot No. 2365 has been developed, the successful tenderer may be required as indicated below to accommodate the Government Departments now occupying the building on Plot No. 1297/I. The present building on Plot 1297/I will be demolished and removed by the Government upon its vacation by the Government and the building to be erected on Plot No. 2365 must thereupon be extended to complete the approved building over the combined plot.

A plan of the site may be inspected at the Public Map Office of the Survey Department, Nairobi, or may be obtained at the Office of the Director of Surveys, P.O. Box 1766, Nairobi, on payment of Sh. 6, post free.

CONDITIONS OF SALE

(a) Tenders

(1) Sealed envelopes marked "Tender for Plots Nos. 1297/I and 2365" should be deposited with the undersigned before noon on 6th November, 1952.

(2) Tenders should be accompanied by a statement indicating—

(a) the detailed proposals of the tenderer for the development of the site, including proposals for the erection of that part of the building which is to be on Plot No. 2365 in the first place and the later extension of the building to Plot No. 1297/I following completion of the building on the first-mentioned plot;

(b) the amount of capital available for development purposes and a banker's letter in support.

(3) The successful tenderer will be required to pay within seven days of notification that his tender has been accepted £509 of the Stand Premium indicated in the Schedule, together with a sum in respect of the rent due to the 31st December, 1953, at the rate of £1,808 per annum for Plot No. 2365. These amounts have been calculated after taking into consideration the fact that occupation in respect of Plot No. 1297/I may not be given for some period and a deposit of a small amount only has been estimated in respect of Stand Premium. The annual rent payable will be as set out in the Schedule but rent and rates, including Government's contribution in lieu of rates, will not be changed in respect of Plot No. 1297/I until such time as the buildings have been demolished by the Government, provided that agreed alternative accommodation for the Government's needs has been made available if required. The tenderer will be required to pay £18,013, being the balance of the Stand Premium for the combined plot as soon as vacant possession is given and the title for the combined plot is ready for issue. If for any reason the successful tenderer requires the title to be issued before vacant possession can be given, the balance of the Stand Premium will be payable forthwith.

(4) Survey fees and fees payable in respect of the preparation and registration of the title, together with the stamp duty (which is approximately two per cent of the Stand Premium and the rent) in respect of the grant and the charge for roads, drains and sewers must be paid within seven days of the demand therefor.

(5) It will be a condition of the submission of tenders and the acceptance of a tender will imply that the Government has an option to 10,800 sq. ft. of office accommodation in the building to be completed on Plot No. 2365 to be exercised within 18 months from the commencement of the term of the grant at a rent to commence upon occupation and to be assessed by the Rent Control Board. The tenderer will have the option to propose alternative accommodation to meet the Government's needs in place of that referred to above in suitable premises acceptable to the Government at an agreed rental.

(6) In the consideration of the tenders, regard will be had to the relative merits of the proposed plans for construction, proposals for alternative accommodation if vacant possession is required before the building on Plot No. 2365 has been completed and the financial sufficiency of the tenderer to undertake construction in accordance with the tender.

(7) The Commissioner does not undertake to accept any tender.

(b) General

The grant will be made under the provisions of the Crown Lands Ordinance (Cap. 155 of the Revised Statutes of

the Laws of Kenya) for grants of this nature and title will be issued under the Registration of Titles Ordinance. The term of the grant for the new combined plot will be 99 years from the first day of the month following the notification to the successful tenderer that his tender has been accepted.

(2) The Government or such person or authority as may be appointed for the purpose shall have the right to enter upon the plots and lay and have access to water mains service pipes, telegraph or telephone wires and electric mains of all descriptions, whether overhead or underground, and the grantee shall not erect any buildings in such a way as to cover or interfere with any existing routes, main or service pipes or the telegraph or telephone wires and electric mains aforementioned.

(3) No buildings shall be erected on the plot unless and until plans (including block plans showing the position of the buildings), drawings, elevations and specifications, thereof shall have been previously approved by the Local Authority and by the Commissioner of Lands or such other person as he may appoint. Such plans, etc., shall be submitted in triplicate to the Town Clerk, Nairobi, for necessary action in the first instance, and must be for the development of both Plot No. 2365 and Plot No. 1297/I as one unit with main frontage on Eliot Street.

(4) No buildings erected on the said land may be used or occupied until the grantee shall have submitted a block plan with the positions of such buildings, clearly defined and showing a system of drainage for dealing with sewage, sullage and surface water on the said land which shall satisfy the Commissioner of Lands and the Local Authority that such system of drainage has been properly constructed, such satisfaction in both cases to be expressed in writing.

(5) The grantee shall duly and suitably connect such drainage system with any town drainage system when in the opinion of the Commissioner of Lands and the Local Authority the latter system is so far completed as to enable the grantee reasonably so to do.

(6) The grantee shall not at any time subdivide the plot. The grantee shall not, without the express written consent of the Commissioner of Lands, sell, transfer, sublease, charge or otherwise alienate or part with possession of the plot until the buildings required under Special Condition C (1) and (2) below have been completed to the satisfaction of the Commissioner of Lands.

(7) Any buildings erected shall conform to a building line decided upon by the Local Authority.

(8) The grantee shall be required to pay all rates, taxes, duties, assessments, and charges of whatsoever description which now, or at any future date may be charged, assessed, levied, or imposed upon the land or any building thereon by any Government or Local Authority including any contribution paid by Government in lieu thereof. A condition will be embodied in each grant providing for the necessary adjustment between the grantee and the Government.

(9) The buildings erected by the grantee shall conform in all respects to the requirements of the by-laws of the City Council of Nairobi.

(c) Special

(1) The grantee shall be required to erect upon Plot No. 2365 complete for use within twenty-four months from the commencement of the term of the grant a multi-storeyed building of approved design in accordance with the development conditions imposed on the acceptance of the tender in such a way that the building shall be extended to Plot No. 1297/I when the demolition of the buildings at present on Plot No. 1297/I is completed.

(2) The successful tenderer will be required to complete the erection of the building on Plot No. 1297/I within eighteen months of the demolition and removal by the Government of the building at present on the site.

(3) The successful tenderer shall maintain the buildings both internally and externally, including all paintwork, in a good and substantial tenable repair and condition during the continuance of the term of the grant.

(4) The plot shall be used for the purposes of high-grade shops or display windows on the ground floor street frontages and for business and/or residence on subsequent floors and for no other purposes whatsoever, provided that internal portions of the ground floor may be utilized for high class office accommodation of the type such as banking, insurance, shipping, etc., which involve the provision of a public counter. The grantee shall not do or permit to be done on the premises anything which is or might become a nuisance.

(5) The grantee shall not at any time during the term of the grant erect buildings to cover more area of the plot than that permitted under the City by-laws.

Nairobi, 16th August, 1952.

J. S. BALLANTINE,
Special Commissioner and
Acting Commissioner of Lands.

CORRIGENDUM

General Notice No. 362 appearing on page 213 of Official Gazette, dated 12th February, 1952, under the heading of Crown Lands Ordinance, the Plot 1/16, Section VI, Thika, granted to R. N. Erasto should read Plot 1/15, Section VI, Thika.

GENERAL NOTICE No. 1761

THE CROWN LANDS ORDINANCE
(Cap. 155 of the Laws of Kenya, 1948)

TENDERS for quarrying rights are invited in terms of—

- (a) the lowest prices to be charged to the public for stone; and
- (b) the prices to be charged to Government with the right reserved to Government to have the first call on any stone produced, to be quarried from—
an area of land measuring approximately 10 acres with a maximum quarry face of approximately 500 feet situated adjacent to Naivasha Township.

A plan showing the site may be seen at the Public Map Office of the Survey Department, P.O. Box 1766, Nairobi, at the office of the District Officer, Naivasha, or may be had on application and payment of Sh. 3, post free.

(a) *Conditions of Tender*

1. Sealed tenders marked "Tender for Quarry, Naivasha" must be deposited before noon on 30th August, 1952.
2. Tenders should be accompanied by a statement indicating—
 - (a) the minimum quantity of cut stone in running feet that would be excavated monthly;
 - (b) the experience of the tenderer in quarrying of this nature;
 - (c) the amount of guaranteed capital available for quarrying purposes.
3. The successful tenderer will be required to pay the rent due to 31st December, 1952, within seven days of notification that his tender has been accepted.
4. The lowest or any tender will not necessarily be accepted. Tenderers must furnish evidence of financial competency.

(b) *General*

1. Temporary agreement commencing from 1st September, 1952, subject to termination by three months' notice on either side.
2. Rent Sh. 240 per annum, per quarry.
3. Payment of royalties to be as follows:—

Size Stone	Per 100 Linear Feet
	Sh. cts.
9" x 12"	3 00
9" x 9"	2 50
9" x 6"	2 00
9" x 4"	1 50
Quarry chips, Sh. 18 per 1,000 cubic feet.	

4. Not less than 25 per cent of the output to be made available to the public at quarry site and to be increased if this is considered by the Commissioner of Lands to be warranted by the demand.
5. No quarrying within 100 feet of any road.
6. Quarrying to be commenced at the lowest part of the plot provided that it is not within 100 feet of any road.
7. No excavation to be effected below the level of commencing point.
8. Floor of quarry to have a slight upward grade towards the working face and to be so drained as to be clean and free from mosquito-breeding areas to the satisfaction of the Medical Officer of Health and the Commissioner of Lands.
9. Spoil to be used—
 - (a) for smoothing over the rough quarry floor after quarrying;
 - (b) for filling excavations on plot outside actual quarry;
 - (c) for filling excavations as directed by the Commissioner of Lands or officer appointed to act on his behalf;
10. At all times to comply with the reasonable requests of the Commissioner of Lands or officer appointed by him with a view to the proper conduct of quarrying operations.
11. Housing for Africans employed on the site may be erected on the plot in accordance with the minimum standard of housing as laid down by the Labour Commissioner, Nairobi.
12. Proper lavatory accommodation to be provided to the satisfaction of the Medical Officer of Health.
13. Sides of quarry to be left vertical or sloped off towards the quarry bottom to prevent any subsequent fall of earth.
14. A monthly return to be submitted to the Commissioner of Lands and to the Commissioner of Inland Revenue not later than the 15th day of the following month showing the quantities of stone of the various sizes and chippings excavated during the month and upon request the licensees shall submit their sales register or books for examination purposes.
15. To stack all stone and chippings excavated (and not used under Condition No. 9) and not remove any portion thereof until the same shall have been measured by a representative of the Commissioner of Lands and after such measurements have been effected, such stone and chippings to be removed by the licensees.
16. The successful tenderer shall maintain a register of orders fulfilled or accepted by him, showing in respect of each transaction the name and address of the purchaser and the amount of cut stone ordered.

G. H. W. ANNELLS,
for Special Commissioner and
Acting Commissioner of Lands.

GENERAL NOTICE No. 1813

THE CROWN LANDS ORDINANCE
(Chapter 155 of the Laws of Kenya, 1948)

TENDERS for quarrying rights are invited in terms of the lowest prices to be charged to the public for stone (blacktrap) to be quarried from three areas of land measuring approximately 9.05 acres, 7.99 acres and 7.16 acres respectively, being portions of L.R. No. 221/2 situated on the Nairobi River in the vicinity of Dundora.

A plan showing the sites may be seen at the Public Map Office of the Survey Department, P.O. Box 1766, Nairobi, or may be had on application and payment of Sh. 5, post free.

(a) *Conditions of Tender*

1. Sealed tenders marked "Tender for Quarry—L.R. No. 221/2" must be deposited with the undersigned before noon on 2nd September, 1952.
2. Tenders should be accompanied by a statement indicating—
 - (a) the minimum quantity of stone (blacktrap), murrum and earth in cubic feet that would be excavated monthly;
 - (b) the experience of the tenderer in quarrying of this nature;
 - (c) the amount of guaranteed capital available for quarrying purposes.
3. The successful tenderer will be required to pay the rent due to 31st December, 1952, within seven days of notification that his tender has been accepted.
4. The lowest or any tender will not necessarily be accepted. Tenderers must furnish evidence of financial competency.

(b) *General*

1. Temporary agreement commencing from 1st October, 1952, subject to termination by three months' notice on either side.
2. Rent Sh. 120 per annum.
3. Payment of Royalties to be as follows:—
 - Stone and chippings .. Sh. 18 per 1,000 cubic feet
 - Murrum Sh. 10 per 1,000 cubic feet
 - Earth Sh. 20 per 1,000 cubic feet
4. No quarrying within 100 feet of any road.
5. Quarrying to be commenced at lowest part of the plot provided that it is not within 100 feet of a road.
6. No excavation to be effected below the level of commencing point.
7. Floor of quarry to have a slight upward grade towards the working face and to be so drained as to be clean and free from mosquito-breeding areas to the satisfaction of the Medical Officer of Health and the Commissioner of Lands.
8. Spoil to be used—
 - (a) for smoothing over the rough quarry floor left after quarrying;
 - (b) for filling excavations on plot outside actual quarry;
 - (c) for filling up to flood-level excavations between the quarry site and the Nairobi River as directed by the Commissioner of Lands or officer appointed to act on his behalf.
9. At all times to comply with the reasonable requests of the Commissioner of Lands or officer appointed by him with a view to the proper conduct of quarrying operations.
10. Housing for Africans employed on the site may be erected on the plot in accordance with the minimum standard of housing as laid down by the Labour Commissioner, Nairobi.
11. Proper lavatory accommodation to be provided to the satisfaction of the Medical Officer of Health.
12. Sides of quarry to be left vertical or sloped off towards the quarry bottom to prevent any subsequent fall of earth.
13. A monthly return to be submitted to the Commissioner of Lands and to the Commissioner of Inland Revenue not later than the 15th day of the following month showing the quantities of stone, murrum and earth excavated during the month and upon request the licensees shall submit their sales register or books for examination purposes.
14. To stack all stone, murrum and earth excavated (and not used under Condition No. 8) and not remove any portion thereof until the same shall have been measured by a representative of the Commissioner of Lands, and after such measurements have been effected, such stone, murrum and earth to be removed by the licensees.
15. The successful tenderers shall maintain a register of orders fulfilled or accepted by him, showing in respect of each transaction the name and address of the purchaser and the amount of stone, murrum and earth ordered.
16. The boundaries of the quarry site to be marked out with posts at fifty feet intervals.

G. H. W. ANNELLS,
for Special Commissioner and
Acting Commissioner of Lands.

GENERAL NOTICE No. 1895

THE ELECTRIC POWER ORDINANCE

(Cap. 174)

Public notice of an application to substitute certain new methods of charge for certain existing methods of charge and to vary certain maximum prices in the areas of supply comprised in Distributing Licences Nos. 2 and 16.

NOTICE is hereby given to all whom it may concern that on the 8th day of September, 1952, the East African Power and Lighting Company, Ltd. (a limited liability company incorporated in the Colony and Protectorate of Kenya and having its registered office at Nairobi in the said Colony) will make application to His Excellency the Governor in Council under section 69 of the Electric Power Ordinance to substitute certain new methods of charge for the methods of charge detailed below and to vary certain maximum prices also detailed below, the particulars of which substitutions and variations whereof are set out hereafter in the areas of supply comprised in—

- (a) Distributing Licence No. 2 dated 24th March, 1922 (as varied by authorization dated 11th June, 1937, and endorsement dated 14th April, 1939, and further varied by Order of His Excellency the Governor in Council made on the 22nd day of June, 1951); and
- (b) Distributing Licence No. 16 dated 3rd December, 1948 (as varied by Order of His Excellency the Governor in Council made on the 22nd day of June, 1951).

1. The terms of the existing methods of charge as at present authorized by the said distributing licences which it is intended by the applicant should be replaced are—

- (a) the method of charge known as "The 'All-in' Domestic Tariff" which is a combination of—
 - (i) a standing charge assessed on assessable rooms; and
 - (ii) a price per kelvin for electrical energy supplied with a minimum charge (over and above the standing charge and the meter rent); and
 - (iii) a meter rent;
- (b) the method of charge known as the "Domestic Tariff" which provides for a higher rate of charge for a selected number of kelvins with a cheaper follow-on rate per kelvin in excess of the selected number of kelvins, with in addition thereto the payment of a meter rent;
- (c) the method of charge known as the "85 Cent Flat Rate Tariff" which provides for a flat rate of charge for each kelvin of electrical energy supplied, with in addition thereto the payment of a meter rent.

2. The maximum prices which the applicant is at present permitted to charge under the existing methods of charge specified above are as follows:—

<i>"All-in" Domestic Tariff</i>		<i>Sh. cts.</i>
(a) Standing charge per habitable room per month	2 50	
(b) Per kelvin	7½	
(c) Meter rent per month	50	
<i>Domestic Tariff</i>		
(a) Per kelvin	75	
(b) Meter rent per month	50	
<i>85 Cent Flat Rate Tariff</i>		
(a) Per kelvin	75	
(b) Meter rent per month	50	

3. The method of charge (hereinafter referred to as Method A) which it is proposed should be substituted for the said "All-in' Domestic Tariff" and the said "Domestic Tariff" is a combination of—

- (i) a high rate of charge per kelvin for a selected number of kelvins with cheaper follow-on rates per kelvin varying in accordance with specified maxima;
- (ii) a minimum charge (over and above the meter rent) to be made irrespective of the actual amount of electrical energy supplied, such minimum charge to be payable notwithstanding that no electrical energy has been used during the period for which such minimum charge is made;
- (iii) a fuel surcharge;
- (iv) a limitation on the uses to which the supply given may be put by the consumer;
- (v) a meter rent.

4. The method of charge (hereinafter referred to as Method B) which it is proposed should be substituted for the said "85 Cent Flat Rate Tariff" is a combination of—

- (i) a flat rate of charge for each kelvin of electrical energy supplied;
- (ii) a minimum charge (over and above the meter rent) to be made irrespective of the actual amount of electrical energy supplied, such minimum charge to be payable notwithstanding that no electrical energy has been used during the period for which such minimum charge is made;
- (iii) a fuel surcharge;

- (iv) a limitation on the uses to which the supply given may be put by the consumer;
- (v) a meter rent.

5. The maximum prices which it is proposed should be charged by the applicant under Methods A and B aforesaid and the limits as to application which it is proposed should be specified in relation to such methods are as follows:—

Method A

(i) Prices	<i>Sh. cts.</i>
(a) Minimum charge per month	15 00
(b) For the first 20 kelvins, per kelvin	85
For the next 125 kelvins, per kelvin	15
For the next 1,100 kelvins, per kelvin	8
In excess of 1,245 kelvins, per kelvin	12

- (c) The rates of charge for all kelvins to be liable to increase at the option of the applicant (by way of a fuel surcharge) by not more than cents 0.175 for every Sh. 5 increase in the price of diesel engine fuel oil over and above the basic price of Sh. 285 per ton at Nairobi South Power Station. This increase will apply to all kelvins sold and will be computed in accordance with the following formula:—

$$\frac{\text{Increase in rate per kelvin in cents} = \text{Latest price of diesel engine fuel oil} - \text{Basic price}}{5} \times \frac{\text{Thermal kelvins}}{\text{Total kelvins generated}}$$

the kelvins generated will in both cases be those generated in the previous calendar month.

(ii) Limitations

The electrical energy to be supplied and charged for under this method of charge to be available for the purposes of lighting, cooking, space-heating and the use of minor electric domestic appliances provided that—

- (a) water-pumping equipment, electric motors rated over one-half h.p., portable kettles and washboilers of 1.85 kW. and over may be excluded by the applicant;
- (b) after the introduction of Ripplay or a similar method of centralized control fixed water heating may be excluded by the applicant;
- (c) until the introduction of Ripplay or a similar method of centralized control fixed water heaters of 1 kW., and under will be permitted. The applicant will bear the cost of alterations to wiring of such heaters existing at the date of the granting of this application where necessary upon the introduction of Ripplay or a similar method of centralized control;
- (d) lighting equipment with a power factor of less than 0.9 and any other apparatus with a power factor of less than 0.75 may be excluded by the applicant;
- (e) Only premises used solely as a dwelling house for one family shall be supplied under this method of charge which cannot in any circumstances be extended to premises used as boarding houses or occupied by more than one family.

Method B

(i) Prices	<i>Sh. cts.</i>
(a) Minimum charge per month	5 00
(b) Per kelvin	85

- (c) The rate of charge for all kelvins to be liable to increase at the option of the applicant by way of a fuel surcharge at the rate and computed in the manner hereinbefore set out under item (i) (c) of Method A.

(ii) Limitations

The electrical energy to be supplied and charged for under this method of charge to be available for lighting only and for no other purpose.

6. In addition to the variations in methods of charge and maximum prices aforesaid it is proposed by the applicant that the maximum prices at present authorized in respect of electrical energy supplied to public lamps should be increased to such prices as shall not exceed the prices which would be obtained if the formula used by the Postmaster General in making his arbitration award dated the 2nd day of February, 1934, were used substituting in such formula the present-day figures for the cost per kW., of plant and for maximum demand in lieu of the figures used in computing such award, which increased prices shall also be liable at the option of the applicant to a fuel surcharge at the rate computed as aforesaid. Such increased prices have been computed by the applicant to be the same as those in force on 13th April, 1939.

7. The reason for the application is that the substitution of new methods of charge as aforesaid and the increases in maximum prices as aforesaid have become necessary in order to enable the applicant to meet the rising costs (resulting from the post-war situation) of fuel, materials, equipment and wages including the service of the heavy additional capital expenditure which has been and is being incurred by the applicant in development.

8. The areas which shall or may be affected by the grant of the application are:—

(a) In respect of Distributing Licence No. 2 and the respective authorizations dated the 11th day of June, 1937, the 13th day of January, 1942, and the 17th day of June, 1945:

Plot Land Reference No. 7264 a subdivision of Land Reference 1219 in the vicinity of Athi River Station.

Uplands Bacon Factory and the 15 premises adjacent thereto.

Plot Land Reference No. 341 NE. of Athi River Township.

(b) In respect of Distributing Licence No. 16:

The area enclosed within the boundary commencing at the Trigonometrical Station Wakipugi northwards along longitude 37° east thence along a straight line running from 37° east through Trigonometrical Stations Urangi and Kianga to longitude 37° 15' east thence due south to the Tana River thence along the right bank of the Tana River to its junction with the Thika River thence up-stream along the Thika River thence along the boundary between Farms numbered 2312 and 1428 to the Athi River thence up-stream along the Athi River thence along a line enclosing Farms Land Reference Nos. 5894, 5896, 270/1, 264, 263 and 262 to the Athi River thence up-stream along the Athi River to its junction with the Mugutha River thence along the Mugutha River to the Kikuyu Native Reserve thence along the eastern boundary of the Kikuyu Native Reserve to Trigonometrical Station Wakipugi.

9. The public authorities which will or may be affected by the grant of the application are:—

(a) The Commissioner for Transport.

(b) The Director of Medical Services for the Colony and Protectorate of Kenya.

(c) Such other departments or branches of the High Commission or of the Government as may be supplied with electrical energy under the existing "All-in Domestic Tariff", "Domestic Tariff", or "85 Cent Flat Rate Tariff".

The manner in which the aforesaid public authorities will or may be affected if the application is granted will be by the substitution of Methods A and B aforesaid for the said existing methods of charge and by an increase in the maximum prices that may be charged by the applicant for electrical energy under the said new methods of charge.

10. The local authorities which will or may be affected by the grant of the application are—

The City Council of Nairobi.

The manner in which the aforesaid local authorities will or may be affected if the application is granted will be by the substitution of Methods A and B aforesaid for the said existing methods of charge known as the "All-in Domestic Tariff", the "Domestic Tariff" and the "85 Cent Flat Rate Tariff", by an increase in the maximum prices that may be charged by the applicant for electrical energy under the said new methods of charge, and by the increase in the maximum price that may be charged by the applicant for electrical energy supplied to public lamps.

11. The companies, persons and bodies of persons which will or may be affected by the grant of the application are all present and future consumers of electrical energy in the above areas to whom electrical energy is at present supplied under the aforesaid "All-in Domestic Tariff", "Domestic Tariff" and "85 Cent Flat Rate Tariff".

The manner in which the aforesaid companies, persons and bodies of persons will or may be affected if the application is granted will be by the substitution of Methods A and B aforesaid for the said existing methods of charge and by an increase in the maximum prices that may be charged by the applicant for electrical energy under the said new methods of charge.

12. Any public or local authority, company, person or body of persons desirous of making any representation on or objection to the application must do so by letter addressed to the Governor in Council and marked on the outside of the cover enclosing it "Electric Power Ordinance" on or before the expiration of 14 days from the date of the application as stated in this notice and must forward to the applicant a copy of such representation or objection.

TENDERS in terms of stand premium and development proposals are invited for the grant of the lease of Plots Nos. 48-49 and 59-60, Section LXVII, Kisumu Municipality, for the purpose of erecting thereon one block of flats on each combined plot.

2. The terms of the lease will be 99 years from the first day of the month following the date of acceptance of a tender.

3. A plan of the sites may be inspected at the Public Map Office of the Department of Surveys, Nairobi, or a copy may be obtained at the office of the Director of Surveys, P.O. Box 1766, Nairobi, on payment of Sh. 3, post free.

CONDITIONS OF SALE

(a) Tenders

1. Sealed envelopes marked "Tender for Flat Sites, Section LXVII, Kisumu", must be deposited with the undersigned before noon on 9th September, 1952.

2. Tenders should be accompanied by a statement indicating—

(a) the detailed proposals of the tenderer for the development of the site or sites, illustrated by a sketch plan drawn to scale;

(b) the amount of capital available for development purposes, and a banker's guarantee to this effect.

3. The successful tenderer will be required to pay within seven days of notification that his tender has been accepted 25 per cent of the amount tendered, together with the rent due to 31st December, 1952.

4. The balance of the purchase price will be payable on demand prior to the issue of title.

5. The survey fees and the fees (Sh. 120 for each site) payable in respect of the preparation and registration of the title, together with the stamp duty (which is approximately 2 per cent of the purchase price and the rent) in respect of each grant, must be paid within seven days of the demand therefor. Title will be issued as soon as conveniently possible.

6. In the consideration of the tenders for either or both of the plots, regard will be had to the relative merits of the proposed plans for construction and the financial sufficiency of the tenderer to undertake such construction. No tender of a sum less than that indicated in the Schedule hereunder will be considered. The highest or any tender will not necessarily be accepted.

(b) General

1. Grants will be made under the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and titles will be issued under the Registration of Titles Ordinance. The term of the grant will be 99 years from the first day of the month following the notification of approval of the grant.

2. The Government or such other person or authority as may be appointed for the purpose shall have the right to enter upon the plots and lay and have access to water mains, sewers and service pipes, telegraph or telephone wires and all electric mains of all descriptions whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing routes, mains sewers or service pipes or the telegraph or telephone wires and electric mains aforementioned.

3. No buildings shall be erected on the plot unless and until plans (including block plans showing the position of the buildings), drawings, elevations and specifications thereof shall have been previously approved by the local authority and by the Commissioner of Lands or such other person as he may appoint. Such plans shall be submitted in triplicate to the Town Clerk, Kisumu, in the first instance.

4. No building erected on the said portions of land may be used or occupied until the grantee shall have submitted a block plan with the position of such buildings clearly defined and showing a system of drainage for dealing with sewage, sullage and surface water on the said portions of land which shall satisfy the Commissioner of Lands and the local authority that such system of drainage has been properly constructed such satisfaction in both cases to be expressed in writing.

5. The grantee shall duly and suitably connect such drainage system with any town drainage system when in the opinion of the Commissioner of Lands and the local authority the latter system is so far completed as to enable the grantee reasonably so to do.

6. The grantee shall not at any time subdivide the plot. No sale, transfer or assignment of the plot shall be effected until the buildings required under Special Condition (c) 1 below have been completed to the satisfaction of the Commissioner of Lands and the Local Authority.

7. Any building erected shall conform to a building line decided upon by the Local Authority.

8. The grantee shall be required to pay all rates, taxes, duties, assessments and charges of whatsoever description which now or at any future date may be charged, assessed, levied, or imposed upon the land, or any building thereon by any Government or Local Authority, including any contribution paid by Government in lieu thereof. A condition will be embodied in each grant providing for the necessary adjustment between the grantee and the Government.

9. The grantee of Plot No. 48-49 shall pay on demand the sum of Sh. 6,273/34 as a contribution towards the cost of construction of roads and drains, and the grantee of Plot No. 59-60, Sh. 5,903/62.

(c) Special

1. The grantee shall be required to erect upon the plot complete for use within 24 months from the commencement of the term of the grant a block of flats of approved design in accordance with the development conditions imposed on the acceptance of the tender and shall maintain the same both internally and externally in good and substantial tenable repair and condition during the continuance of the term of the grant and shall be required to comply with all other structural development conditions within the same period of 24 months.

2. The use of the plot will be restricted to residential flats, the building to be of a two-storey design.

3. The grantee shall not at any time during the term of the grant erect buildings to cover more than 33½ per cent of the area of the plot, and provision shall be made for car parking facilities within the boundaries of each plot.

Nairobi,
6th August, 1952.

J. S. BALLENTINE,
Special Commissioner and
Acting Commissioner of Lands.
