In the case of plots in Schedule No 2, full details, illustrated by a sketch plan, of the proposed construction of flats must be given. The minimum amount of capital available for and to be expended on the construction must be stated and must be supported by a banker's reference. In the consideration of applications regard will be had to the relative merits of the proposed plans for construction and the financial sufficiency of the applicant to undertake such construction.

2 In the case of plots in Schedules Nos 3 and 4 the full details of the proposed business must be given, including the minimum amount of capital available supported by a banker's reference. Regard must be had to the fact that the area is to be residential and the proposed business must be appropriate to this fact.

3 In the case of plots in Schedule No 1, consideration will also be given to applications from employers to construct houses for occupation by their employees and General Condition No 11 of the grant should be read in this light. Applications for plots in Schedule No 2 from employers for the purpose of accommodating their employees will also be considered.

4 Whilst the wishes of applicants with regard to the size or location of plots will be taken into consideration, offers will necessarily be made in accordance with whatever plots may be available.

5 The Commissioner does not undertake to accept any tender or to grant any application.

*General Conditions of Grant*

Payments of the amounts as set forth in the Schedules must be made within 14 days of the notification of the allocation of any plot. These amounts are provisional estimates. The final charge for roads, drains and sewers will be made when the actual cost after completion has been ascertained.

2 If the payments set forth in the respective Schedules are not made within 14 days of the date of the notification of the allocation of any plot, the plot may be immediately re-allocated and any subsequent application by the person who has made default may be ignored or refused, and no further interest on the part of the applicant concerned will be acknowledged. In addition to the payment for roads, drains and sewers, rent till 31st December, 1952, will also be required to be paid.

3 The grant will be issued in the name of the allottee in accordance with the information supplied in the application which should contain full necessary details.

4 Fees for survey as set out in the Schedule will be payable on demand together with fees in respect of the preparation and registration of the grant (Sh 120) and the stamp duty payable in respect of the grant (approximately 2 per cent of the amount of stand premium and rent), and all other expenses if any.

5 The grantee shall erect complete within 24 months of the date of the commencement of the grant a main building of approved design, on proper foundations, constructed of stone, burnt brick or concrete with roofing of tiles or shingles or such other permanent materials as may be approved by the Commissioner.

6 No building shall be erected on any plot unless plans (including block plans showing the position of the building), drawings, elevations and specifications thereof have been previously approved by the local authority and by the Commissioner of Lands or such other person as he may appoint. Such plans, etc., shall be submitted in triplicate to the Town Clerk, Nairobi, within three months of the date of commencement of the grant.

7 Construction of work may be commenced at any time after the acceptance of the grant and the payment of charges but certificates of occupation may not be issued by the City Council until the sewage and drainage systems have been completed.

8 The grant will be made under the Crown Lands Ordinance (Cap 155 of the Revised Edition of the Laws of Kenya, 1948) and titles will be issued under the Registration of Titles Ordinance. The terms of the grants will be 99 years from the first day of the month following the allocation of plots.

9 The grantee shall not at any time subdivide the plot.

10 The grantee shall not sell or transfer the plot nor enter into any mortgage charge (other than with the consent of the Commissioner of Lands for the raising of a loan for building purposes) or agreement of sale in respect thereof within ten years of the date of commencement of the grant.

11 Subject to the preceding condition, the grantee shall not at any time during the tenancy assign, mortgage, sublet or part with the possession of the plot or any buildings thereon save with the prior approval of the Commissioner of Lands first having been obtained. The letting of flats in Schedule No 2 will be permitted without reference to the Commissioner.

12 The Government or such person or authority as may be appointed for the purpose shall have the right to enter upon any plot and lay and have access to water mains, service pipes, sewers, drains, telegraph or telephone wires and electric mains of all descriptions whether overhead or underground and the grantee shall not erect any building in such a way as to cover or interfere with any existing routes, mains or service pipes, sewers or drains or the telegraph or telephone wires and electric mains aforementioned.

13 The grantee will be required to pay any municipal rates upon the whole of the rateable interest including Government's contribution in lieu of rates assessed on the plot. A condition will therefore be embodied in each grant providing for the necessary adjustment between the grantee and the Government.

14 The grantee shall duly and suitably connect such drainage system with any town drainage system when in the opinion of the Commissioner of Lands and the local authority the latter system is so far completed as to enable the grantee reasonably so to do.
