#### MEMORANDUM OF OBJECTS AND REASONS

On the 10th May, 1950, the Legislative Council passed a motion to create a self-reimbursing fund from which parents would be able to borrow, against security, to provide for the fees and maintenance incurred in providing higher education for their children. Government would arrange payment into the Fund by instalments of a sum not exceeding in the aggregate £100,000. This Bill will make the statutory provision necessary to implement this decision of the Legislative Council.

*Clause 3* establishes the Fund, and *clause 4* deals with the constitution and incorporation of a Board in which is vested the power to grant loans under and generally administer the Ordinance.

*Clause 5* deals with the procedure at meetings of the Board and also provides how documents and decisions of the Board shall be executed.

*Clause 6* deals with the revenues and expenditure of the Fund, and *clause 7* provides for the procedure for the issuing of loans from the Fund. The Board is empowered to make loans without security because experience has shown that it may, in some cases, be desirable to make a loan without requiring strictly legal security where, in fact, the loan is a good risk.

*Clause 8* sets out the conditions upon which the Board may grant loans.

*Clause 9* empowers the Board to take the necessary action to recover any loan in the event of default in repayment.

*Clause 10* requires the Board to keep proper accounts which will be subject to audit by the Director of Audit and which must be laid on the table of the Legislative Council.

*Clause 11* empowers the Board to invest any moneys in the Fund which are not required for loans, and *clause 12* provides that the Member for Finance may withdraw moneys from the Fund whenever the total cash and investments exceed £100,000.

*Clause 13* enables the Governor in Council to make regulations for better carrying out the provisions of the Ordinance.

*Clause 14* provides for the treatment of documents, etc., relating to applications for loans as secret and confidential and makes it an offence to communicate to any unauthorized person the contents of any such documents. It also provides for various matters being offences under the Ordinance.

If the provisions of this Bill become law additional expenditure of public moneys will be incurred. An amount of £13,125 has already been credited to the Fund, and annual instalments will continue to be made until the Fund amounts to £100,000.

Nairobi,  
21st August, 1952

JOHN WHYATT,  
Attorney General

GENERAL NOTICE No 2003

THE ELECTRIC POWER ORDINANCE  
(Cap 174)

PUBLIC NOTICE OF AN APPLICATION TO VARY CERTAIN MAXIMUM PRICES IN THE AREAS OF SUPPLY COMPRISED IN DISTRIBUTING LICENCES NUMBERS 2 AND 16

NOTICE is hereby given to all whom it may concern that on the 22nd day of September 1952 The East African Power and Lighting Company, Limited (a Limited Liability Company incorporated in the Colony and Protectorate of Kenya and having its registered office at Nairobi in the said Colony), will make application to His Excellency the Governor in Council under section 69 of the Electric Power Ordinance to vary certain maximum prices detailed below the particulars of which variations are set out hereafter in the areas of supply comprised in—

- (a) Distributing Licence No 2, dated 24th March, 1922 (as varied by authorization dated 11th June 1937 and endorsement dated 14th April 1939, and further varied by order of His Excellency the Governor in Council made on the 22nd day of June 1951) and
- (b) Distributing Licence No 16, dated 31st December 1948 (as varied by order of His Excellency the Governor in Council made on the 22nd day of June 1951)

1 The maximum prices which the applicant is at present permitted to charge and which it is intended by the applicant should be varied and the proposed variations thereof are as shown in the following tables —

TABLE I  
Under Distributing Licence No 2

Type of Supply	Present authorized maximum price per Kelvin	Proposed maximum price per Kelvin
(1) Industrial Power	n e 36 Cents	n e 36 Cents
(2) Industrial Lighting	n e 75 Cents	n e 85 Cents
(3) Domestic Power and Heating	n e 36 Cents	n e 85 Cents
(4) Domestic Lighting	n e 75 Cents	n e 85 Cents
(5) Lighting for Public Lamps	n e 75 Cents	n e 75 Cents
(6) Power other than for Industrial or domestic purposes	n e 36 Cents	n e 65 Cents
(7) Lighting other than for Industrial or domestic purposes or for public lamps	n e 75 Cents	n e 85 Cents

TABLE II  
Under Distributing Licence No 16

Type of Supply	Present authorized maximum price per Kelvin	Proposed maximum price per Kelvin
(1) Industrial Power	n e 55 Cents	n e 36 Cents
(2) Industrial Lighting	n e 50 Cents	n e 85 Cents
(3) Domestic Power and Heating	n e 50 Cents	n e 85 Cents
(4) Domestic Lighting	n e 75 Cents	n e 85 Cents
(5) Power for Public purposes	n e 30 Cents	the proposed maximum price for this item is included under item (7)
(6) Lighting for Public Lamps	n e 60 Cents	n e 75 Cents
(7) Power other than for Industrial or domestic purposes	n e 50 Cents	n e 65 Cents
(8) Lighting other than for Industrial or domestic purposes	nil	n e 85 Cents

(Note—In the above Tables the abbreviation “n e” means “not exceeding”)

In addition to the said proposed variations in maximum prices it is proposed by the applicant that the rates of charge for all kelvins should be liable to increase at the option of the applicant (by way of a fuel surcharge) by not more than Cents 0 175 for every Sh 5 increase in the price of diesel engine fuel oil over and above the basic price of Sh 285 per ton at Nairobi South Power Station. This increase will apply to all kelvins sold and will be computed in accordance with the following formula —

Increase in rate per kelvin in cents =  
$$\frac{\text{Latest price of diesel engine fuel oil} - \text{Basic price}}{\text{0 175 or lesser sum}} \times \frac{\text{Thermal kelvins}}{\text{Total kelvins generated}}$$

The kelvins generated will in both cases be those generated in the previous calendar month

2 The reason for the application is to enable the applicant to promulgate a new set of methods of charge and prices for supply covering the applicant's various standard services. These new methods of charge will be formulated on a block basis

similar to that known as Method A which is the subject of the application to be made by the applicant to His Excellency the Governor in Council on the 8th day of September, 1952. The new methods of charge and prices for supply will be in substitution for the existing methods and prices which are at present the subject of a 15 per cent surcharge. The new prices for supply are designed to produce an average revenue not exceeding by more than a marginal amount the revenue now produced by the present surcharge, although in the case of individual consumers there may be considerable variations. The reason why the new prices will be higher than those in force prior to the imposition of the 15 per cent surcharge and why the variations in maximum prices aforesaid have become necessary is in order to enable the applicant to meet the rising costs resulting from the post war situation of fuel, materials, equipment and wages including the service of the heavy additional capital expenditure which has been and is being incurred by the applicant in development.

3 The areas which shall or may be affected by the grant of the application are —
