Conditions of Sale

1. In the case of the plots in Schedule A, the following types of businesses are considered to be essential, but applicants are at liberty to apply in respect of other businesses:—

Chemist, Dry Cleaner, Furniture Shop, Bakery, Electrical Fittings, and Hardware, Dairy, Stationery and Bookshop, Grocers, Greengrocers, Butcher, Draper, Confectioner, Tailor and Shoemaker.

2. Applicants may, if they wish, submit plans for the erection of up to three shops on each plot. It is intended to secure a continuous shopping frontage by this concession which should not be taken to imply that later proposals for the submission of plots would be considered. Applications to sub-let the shops would be sympathetically considered, but preference will be given to applicants proposing to use the plots for themselves. The type of business proposed in cases where sub-letting is requested would be carefully considered in the light of Condition No. 1 above.

3. Residence on each plot will be restricted to one flat for one family only, and having a maximum floor area equal to not more than 50 per cent of the area of the site. Separate access to the flat must be provided from the footway on the shop frontage.

4. Applicants must submit full written details of the type of development proposed. The minimum amount of capital available for and to be expended on the construction must be stated and must be supported by a Banker's reference. In the consideration of applications regard will be had to the relative merits of the proposed plans for construction and the financial sufficiency of the applicant to undertake such construction.

5. Whilst the wishes of applicants with regard to the location or size of plots will be taken into consideration, offers will be necessarily made in accordance with whatever plots may be available.

6. In the case of the plots for Petrol Service Stations in Schedule B, each tender should be accompanied by a statement containing a detailed description of the proposals of the tenderer for the development of the site. Proposals must be in accordance with the City By-laws and should be for a Petrol Service Station on modern lines with adequate provision on the site for standing vehicles for their re-fuelling off the road. In the case of Plot No. 209/3804, no access will be permitted to the Service Station from the through road on the north-eastern boundary of this plot.

7. Tenders for Petrol Service Station Plots must be supported by a statement from an established oil company, confirming the bona fides of the applicant and including an undertaking that the tenderer, if successful, will be appointed an authorized dealer in those products of the company applicable to the use as a Petrol Service Station.

8. The Commissioner does not undertake to accept any tender or to grant any application.

General Conditions of Grant

1. Payments of the amounts as set forth in the Schedules must be made within 14 days of the notification of the allocation of any plot. These amounts are provisional estimates. The final charge for roads, drains and sewers will be made when the actual cost, after completion, has been ascertained.

2. If the payments set forth in the respective Schedules are not made within 14 days of the date of the notification of the allocation of any plot, the plot may be immediately reallocated and any subsequent application by the person, who has made default, may be ignored or refused and no further interest on the part of the applicant concerned will be acknowledged. In addition to the payment for roads, drains and sewers, rent till 31st December, 1953, will also be required to be paid.

3. The grant will be issued in the name of the allottee in accordance with the information supplied in the application which should contain full necessary details.
