12. The grantee shall as aforementioned make an initial payment for the estimated amount for the cost of construction of roads and drains along the southern boundary of the plot as shown in the Schedule hereto. On completion of the construction of roads and drains and the ascertainment of the actual proportionate amount payable in respect of the plot the grantee shall either pay (within seven days of demand therefor) or be refunded the amount by which the actual cost exceeds or falls short of the amount previously paid on account as the case may be. In addition, the grantee will be required to pay proportionate roads and drains charges in respect of the 40 feet road to the rear of the plot (within seven days of the demand therefor) as and when it is decided to undertake its construction.

NOTICE is hereby given that plots in Kisumu Township as described in the Schedules are available for alienation and applications are invited for the direct grants of the individual plots.

2. A plan of the plots may be seen at the office of the Town Clerk, Kisumu, and at the Public Map Office of the Survey Department, Nairobi, or may be obtained from the Director of Surveys, P.O. Box 1766, Nairobi, on payment of Sh. 4, post free.

3. Applications should be submitted to the Special Commissioner and Acting Commissioner of Lands, Nairobi, through the District Commissioner, Kisumu, stating the plot required in order of preference.

4. Applications must be sent so as to reach the District Commissioner, Kisumu, not later than noon on the 14th day of August, 1953.

5. Applications must not be sent direct to the Commissioner of Lands.

6. Applicants must enclose with their applications their cheque for Sh. 1,000 as a deposit, which will be dealt with as follows:—

- (a) If the applicant is offered and takes up and pays for a plot within a period of seven days as required by Condition (a) (1) below, the deposit will be credited to him.
- (b) If the application is unsuccessful, the applicant's deposit will be returned to him.
- (c) If the application is successful and the applicant fails to take up and pay for the plot offered to him within a period of seven days as required by General Condition No. 1 below, the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto.

(a) Conditions of Offer

1. Each allottee of a plot shall pay to the Commissioner of Lands within seven days of notification that his application has been approved, the initial estimated amount for the construction of roads and drains to serve the plot, the assessed stand premium and proportion of annual rent, together with the survey fees, the fees payable in respect of the preparation and registration of the grant (Sh. 120) and the stamp duty in respect of the grant (approximately two per cent of the stand premium and annual rent). In default of payment within the specified time, the Commissioner of Lands may cancel the allocation and the applicant shall have no further claim to the grant of the plot.

2. The grant will be issued in the name of the allottee as stated in the letter of application.

3. In the case of plots in Schedule 2, applicants must state the amount of capital available for the project. Such statement should preferably be supported by a Banker's letter.

4. In the case of plots in Schedule 2, applicants must give full particulars of the type of business proposed.

(b) Conditions of Lease

1. Grants will be made under the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya) and titles will be issued under the Registration of Titles Ordinance. The term of the grants will be 99 years from the first day of the month following the notification of the approval of the grant.

2. The grantee shall erect complete for occupation within three years of the date of the commencement of the term a building of approved design on proper foundations constructed of stone, burnt brick or concrete with roofing of tiles or other permanent materials approved by the Commissioner of Lands and shall maintain the same in good and substantial tenable repair and condition, including the external paintwork, during the continuance of the term.

3. No building shall be erected on any plot unless plans (including block plans showing the position of the buildings), drawings, elevations and specifications thereof shall have been approved by the Local Authority and by the Commissioner of Lands or such other person as he may appoint. Such plans, etc., shall be submitted in triplicate to the Town Clerk, Kisumu, within six months of the date of the commencement of the term.

4. In the event of the grantee failing to comply with any condition herein contained, any proceedings that may be necessary will forthwith be instituted for the recovery of the land. Moneys that may have been paid in respect of the plot will be forfeited to the Crown.

5. No buildings erected on the said land may be occupied until the grantee shall have submitted a block plan with the position of such buildings clearly defined and showing a system of drainage for disposing of surface and sullage water on the said land and also for disposing of sewage by water-borne carriage to a septic tank and soakage pit in each case to the satisfaction of the Local Authority and the Commissioner of Lands, and the grantee shall also satisfy the Local Authority and the Commissioner of Lands that such system of drainage has been properly constructed, such satisfaction in both cases to be expressed in writing.

6. The grantee shall, at his own expense, duly and suitably connect such sewage and drainage system with any town sewage and drainage system when, in the opinion of the Local Authority, the latter system is so far completed as to enable the grantee reasonably so to do.

7. Any building erected on the plot shall conform to a building line decided upon by the Local Authority.

8. The grantee shall not sell or transfer the plot nor enter into any mortgage charge (other than with the consent of the Commissioner of Lands for the raising of a loan for building purposes) or agreement for sale in respect thereof until Special Condition No. 1 has been complied with.

9. Subject to Special Condition No. 7 the grantee shall not at any time during the continuance of the term of the grant subdivide the land or assign, sub-let or otherwise dispose of any portion without prior consent in writing of the Governor.

10. All out-buildings, offices, etc., shall be properly sited and screened from view to the satisfaction of the Local Authority or such person as may be appointed for the purpose and shall be kept so screened during the continuance of the grant.

11. The Government or such person or authority as may be appointed for the purpose shall have the right to enter upon any plot and lay and have access to water mains, sewers, pipes and drains, telegraph and telephone wires and electric mains of all descriptions whether overhead or underground, and the grantee shall not erect any building in such a way as to cover or interfere with any existing alignment of mains, sewers or service pipes or the telegraph or telephone wires and electric mains aforementioned.

12. The grantee shall pay such rates, taxes, charges, duties, assessments or out-goings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or building erected thereon, including any contribution or other sum paid by the Government in lieu thereof.

13. The application for any plot shall be deemed to be upon and subject to the conditions herein contained and the provisions of the Crown Lands Ordinance (Cap. 155 of the Revised Edition of the Laws of Kenya).

14. The grantee shall, as aforementioned, make an initial payment for the estimated amount for the cost of construction of roads and drains as shown in the Schedules hereto. On completion of the construction of roads and drains and the ascertainment of the actual proportionate amount payable in respect of each plot, the grantee shall either pay (within seven days of demand therefor) or be refunded the amount by which the actual cost exceeds or falls short of the amount previously paid on account as the case may be.

15. The annual cost of the maintenance of the roads when constructed will be paid by the grantee in such proportion as the Commissioner of Lands may determine.

16. Should the grantees of the plots specified herein or the Local Authority at any time require the roads to be constructed to a higher standard, the cost of this construction will be paid by the said grantees in the proportions determined by the Commissioner of Lands.

(c) Additional Special Conditions Applicable to the Plots in Schedule I

1. The plots shall be used for residential purposes only and for no other purpose whatsoever.

2. The grantee shall not at any time during the term of the grant erect any buildings so as to cover more than 50 per cent of the area of the plot.

(d) Additional Special Conditions in Respect of the Business-cum-residential Plots in Schedule II

1. The grantee shall use and permit to be used the land hereby granted for business purposes only, excepting trades which in the opinion of the Commissioner of Lands are dangerous or offensive but shall be at liberty to use the said land for the combined purpose of business and residence notwithstanding, provided that in the event of the said land being used for the said combined purpose, then not more than one-half of the area thereof shall be built upon or if for business purposes only then not more than 90 per cent shall be built upon.

2. A veranda may be erected within the road reserve with the previous consent of the Local Authority and must conform to a building line decided upon by such Authority.

Nairobi,
26th June, 1953.
