THE CROWN LANDS ORDINANCE

(Cap. 155)

KEDOWA TRADING CENTRE—QUARRY LICENCE

THE Acting Commissioner of Lands gives notice that tenders for licences for quarrying rights to remove volcanic ash are invited in respect of approved areas situated within the boundaries of Kedowa Trading Centre.

A plan illustrating the extent of volcanic ash deposits is not available and intending applicants are expected to undertake a prior survey before applying.

(a) Conditions of Tender

1. Sealed tenders marked "Tender for Volcanic Ash—Kedowa Trading Centre" together with a deposit of Sh. 1,000 must be submitted to the Acting Commissioner of Lands so as to reach him not later than noon of 8th December, 1961. Should the tenderer not be successful the deposit of Sh. 1,000 will be refunded. In the event of a successful tenderer refusing to accept the offer the deposit will be forfeited.

2. Tenders should be accompanied by a statement indicating—

(a) an annual rent tendered per acre. There will be no royalties payable on the volcanic ash removed;

(b) the required term of the licences based upon the tenderer's estimate of the life of the quarry for which he is prepared to pay the tendered rent; and

(c) where an application is made for a large area a plan showing the proposed phasing of their quarry operations.

3. The rent due will be payable within seven days of being notified of the acceptance of the tender and thereafter on the 1st day of January in each succeeding year.

4. The highest or any tender will not necessarily be accepted.

General Conditions

1. The land shall only be used for the purposes of quarrying and removing volcanic ash only save as in hereinafter provided.

2. The land shall not be quarried within 100 feet of any road or road reserve.

3. Quarrying will commence on the lower part of the plot, provided that this is not within 100 feet of any road or road reserve.

4. No excavation will be effected below the level of the commencing point.

5. The floor of the quarry will have a slight upward grade towards the working face, and will be so drained as to be clean and free from mosquito-breeding areas to the satisfaction of the Medical Officer of Health and the Commissioner of Lands.

6. Spoil will be used (a) to level the quarry floor after quarrying; (b) to fill excavations on the plot outside the actual quarry, as directed by the Commissioner of Lands or such officer as he may appoint to act on his behalf. No spoil will be removed from the site.

7. At all times the licensees will comply with the requests of the Commissioner of Lands, or such officer as he may appoint to act on his behalf, in respect of the proper conduct of quarrying operations.

8. Housing for Africans employed on the site may be erected on the plot in accordance with the requirements of the Labour Officer.

9. Proper sanitary arrangements will be provided in accordance with the requirements of the Medical Officer of Health.

10. The licensees shall ensure that the labour employed shall at all times be under the supervision of a responsible person while on the site.

11. The sides of the quarry will be left vertical or sloped outwards to the quarry floor to prevent any subsequent fall of earth or stone.

12. The licensees will maintain the road leading to the quarry.

13. The licensees will mark out the boundaries of the plot with posts at 50-ft. intervals.

14. In the event of the above conditions not being complied with the Commissioner of Lands shall have power to cancel the licences at 30 days' notice and any moneys paid by the licensees shall be forfeited.

15. In the event of the rent remaining unpaid for a period of 30 days after becoming due, the Commissioner of Lands may, after 30 days' previous notice in writing to the licensees, eject the licensees from the plot and declare the licences to have been forfeited without, however, releasing the licensees from their liability for the payment of any sums then remaining unpaid.

16. The licensees shall pay the costs of the preparation and issue of the licence.

17. The licensees shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or Local Authority upon the land or the buildings erected thereon, including any contribution or other sum paid by the Governor in lieu thereof.

18. The licence is subject to cancellation in whole or in part on either party giving six months' notice.

19. The licensees will adhere to the Nakuru County Council (Quarrying) By-laws, 1950, as contained in G.N. No. 657 of 1950.
