GAZETTE NOTICE No. 18

THE INDUSTRIAL COURT

CAUSE No. 61 of 1966

Parties:—

Kenya Motor Engineering and Allied Workers' Union
and

Cooper Motor Corporation Limited

Issue in dispute:—

The interpretation of the attached agreement dated 24th January 1966, and the determination as to whether or not it has been violated by the Management.

NOTE

(The agreement in question is reproduced hereinafter in the General Background.)

1. The Kenya Motor Engineering and Allied Workers' Union shall hereinafter be referred to as the Claimants and Cooper Motor Corporation Limited shall hereinafter be referred to as the Respondents.

2. The Parties were heard in Nairobi on the 19th of September 1966, when, after the opening submissions, the hearing was adjourned to 1st and 2nd November 1966, for taking the evidence of various witnesses who were to be called by the Parties. On the 1st of November 1966, however, the Court adjourned the hearing once again at the request of the Claimants as their only witness was out of the country and was not expected to be back for about a fortnight. Consequently the hearing was resumed on 5th December 1966, and completed on the 6th of December 1966. The Parties, in addition to relying on their written and verbal submissions, called witnesses in support thereof—the Claimants called one witness, Mr. H. Wamalwa, the National Organizing Secretary of the Claimants, and the Respondents called Messrs. A. Owiti, Industrial Relations Officer of the Respondents; Roy Maddocks, Secretary of the Respondents; A. H. Beddows, Service Manager of the Respondents and James P. W. Heather Hayes, Technical Director of the Respondents.

GENERAL BACKGROUND

3. The Respondents are one of the founder members of the Motor Trade and Allied Industries Employers' Association and as a member of that Association, they recognize the Claimants and are bound by all agreements entered into by the Association on behalf of its members.

During the early part of 1965, the aforesaid Association and the Claimants had agreed to revise the job descriptions for artisans in the industry. The work on the revision was completed and the revised details were issued in June 1965. These were circulated by the Association to all its members including the Respondents on 10th June 1965. On 19th July 1965, the effective date for upgrading was agreed upon with the Claimants to be 1st July 1965, and the Association conveyed this information to its members.

Between July and the end of 1965, the Respondents had carried out the task of examining the work done by each and every artisan employed by them in the light of the newly issued descriptions and came to the conclusion that, 21 artisans in their three Nairobi workshops (Connaught, Belfast and Cardiff Roads) qualified for upgrading at a cost of Sh. 1,486 per month.

At the same time, the exercise had resulted in exposing that the Respondents were employing too many artisans for the work which had to be done and they decided that some 36 artisans would have to be declared redundant. The Respondents alleged that, during the Tripartite Agreement they had engaged some 60 additional workers representing 10 per cent of their then labour force and 34 of these employees were formed into what became known as the building team—a small organization intended to carry out the structural and ancillary work which the Respondents knew would be required over a period of between 18 months and two years in order to cope with the extensive reorganization and development of their workshops already planned. From then onward the building team continued to function as a self-contained and separate unit, working as and when required, for the workshops, but distinct from the workshops. The work on the new buildings and the alterations came to an end in January 1966, and the Respondents were faced with the necessity of running down the building team for whom there was no more work.

Meanwhile also in January 1966, discussions were taking place between the Parties concerning the problem which faced the Respondents over the cost of back-dating the artisans' regradings and the fact that there were 36 artisans who should be declared redundant. It appears that five or six meetings took place and eventually the following agreement was signed on 24th January 1966:—

"Agreement Between The Cooper Motor Corporation of Nairobi and the Kenya Motor Engineering and Allied Workers' Union"

1. It is agreed that the Management pay arrears to their employees concerned, with effect from 1st October 1965, instead of with effect from 1st July 1965, as per recent Agreement.

2. It is agreed by both parties that the contents of para. one of this Agreement were agreed on the understanding that the Management will not declare any employees redundant, prior to the expiry of the present wages Agreement in force this year.

3. It is agreed that should any party contravene the provision of this Agreement as stated in paragraphs one and two above, then the other party will not be bound by this Agreement."

The Respondents had, in pursuance of their policy of running down the building team, declared redundant members of that team in February and again in May 1966. The Claimants objected to this and contended that, the Respondents had violated the aforesaid agreement and demanded that, the Respondents should forthwith pay to the artisans and employees concerned the back pay for July, August and September 1965. After the matter had been discussed at the J.I.C. on 31st March 1966, the Claimants reported a trade dispute to the Ministry of Labour on 15th April 1966, and a conciliator was appointed but the dispute could not be resolved. After this, a number of letters were exchanged between the Parties and the Chief Industrial Relations Officer, Ministry of Labour and a strike notice was given twice by the Claimants. At one stage the Respondents did not see any point in referring the matter for adjudication to the Industrial Court, but eventually changed their view and signed the notification of dispute form on or about the 17th of August 1966.

MAIN SUBMISSIONS ON BEHALF OF THE CLAIMANTS

4. The Claimants submitted that, the agreement in question was very clear in its wording. In clause 1 where reference was made to "their employees concerned" there was no doubt that, this referred to the artisans in the workshops who were affected by the regrading and who were entitled to be paid arrears as a result of upgrading from 1st July 1965, but vigorously argued that, clause 2 was very clear in that the Respondents had undertaken not to declare any employee redundant and that, the words "any employees" were not restricted to employees in the workshops who were engaged in the maintenance and repair work of motor vehicles.

The Claimants stated that, there was no ambiguity about this agreement and, therefore, when the Respondents had declared redundant certain employees some of whom were artisans from the building team, they had clearly violated this agreement. They pointed out that as a result of the sacrifice of three months' arrears by the artisans in the workshops, the Claimants had secured from the Management an agreement whereby they had promised not to declare any employee redundant prior to the expiry of the wages agreement which was then in force.

The Claimants drew the Court's attention to the fact that, the two questions of regrading and redundancy were discussed at separate meetings between the Parties and had no connexion whatsoever. The meetings at which the question of regrading was discussed were chaired by Mr. Beddows, the Service Manager and that which discussed the question of redundancy were between Mr. Wamalwa and Mr. Owiti. Moreover, during these discussions the Respondents had refused to divulge the departments from which the 36 employees would be declared redundant and, therefore, they had assumed that, the building team was included in the discussions on redundancy. They also stated that, at a meeting called by them at the Respondents' Belfast Road premises on 27th January 1966, the building team employees had also been present and further that the notices terminating their services had clearly stated that, they would receive their termination benefits in accordance with the agreement between the Association and the Claimants.

The Claimants explained the 14 days' delay before they took up this matter between 2nd March and 14th March by saying that, during this period the matter was being dealt with at the local level. Furthermore, they pointed out that, the redundancies which were declared in May had not been accepted by them to be in order and that, they had all along accused the Respondents of repeatedly violating the aforesaid agreement. The Claimants submitted to the Court the copies of all the relevant letters exchanged between them and the Respondents and maintained that, these supported their contentions. The Claimants requested the Court to find that the agreement in

question related as far as clause 2 was concerned, to all employees of the Respondents and that the Respondents had, therefore, violated this agreement.

MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENTS

5. The Respondents submitted that, the agreement of 24th January 1966, referred only to artisans in the Nairobi workshops none of whom had been declared redundant and that they had, therefore, in no way broken either the letter or the spirit of what was agreed. The Respondents argued that, this was a gentleman's agreement and the Claimants were fully aware of the employees that were the subject matter of this agreement, that is, artisans in the workshops in Nairobi only.

The Respondents maintained that, the evidence produced by them clearly showed that during the discussions with the Claimants immediately prior to 24th January 1966, no mention was made by either side of any people other than the workshops staff in Nairobi and, in fact, it was very well known to the Claimants that, the building team had almost finished its work and was about to be run down. The Respondents stated that, shortly after the agreement had been signed, Mr. Owiti received information to the effect that allegations were being made by certain members of the Claimants that the National Officials had let them down and had acted contrary to the interests of those artisans who had been upgraded. In order to clear any doubts and the allegations of conspiracy between the Claimants' officials and the Respondents, a meeting of workshop employees was called on 27th January 1966, at which both Mr. Wamalwa and Mr. Owiti addressed the workers. Both of these speakers had clearly informed the workers that, if the artisans who were entitled to arrears insisted on getting them from 1st July 1965, then 36 employees in the workshops would be declared redundant, but that these redundancies could be avoided if the employees concerned forfeited three months' arrears. The Respondents submitted that, the meeting confirmed the agreement and also that both Parties were thinking only of the workshops and workshop staff.

The Respondents argued that when they found the time had come to run down the building team, some officials of the Claimants had discovered that the agreement did not specifically mention artisans who were involved in this agreement and from that they went on to assume, that paragraph 2 could be made to cover all the Respondents' employees including the ones in the building team. The Respondents submitted that when they had issued redundancy notices to other employees on 27th May, the Claimants had remonstrated on the grounds that the agreed notice of intention regarding redundancies had not been given and not on the grounds that, the agreement of 24th January 1965, had been violated. The Respondents, therefore, submitted on this point that the accusation made by the Claimants that the Respondents had violated a new agreement between the Claimants and the Association (agreement regarding the period of intention re: redundancy reached on 24th May 1966), was completely false and malicious and that, the Claimants by not questioning the act of redundancy itself on or before 2nd June, but only the question of notice and by accepting on behalf of the men concerned 15 days' pay in lieu of notice (in addition to the normal benefits) had amply demonstrated that the redundancies were accepted and that the Respondents had not violated the agreement of 24th January 1966.

Finally the Respondents stated that, they had at no time alleged that the Industrial Court was more of an obstruction than anything else and had merely stated the fact that, in their opinion to seek the opinion of the Industrial Court on this issue would be a waste of public money and time. The Respondents requested the Court to find that, their submissions adequately proved by the witnesses called by them were correct and asked for a decision in their favour to the effect that the employees referred to in the agreement of 24th January 1966, were the employees in workshops in Nairobi only and that the Respondents had not violated this agreement.

AWARD

6. The Court, having carefully considered the submissions of the Parties and the evidence called in support thereof, finds that the agreement in question related to employees in the workshops only at Nairobi. Further that the words "any employees redundant" in clause 2 of this agreement refer to workshops employees only and do not cover any other employees of the Respondents.

The Court, therefore, finds that the Respondents have not violated this agreement in any way.

GAZETTE NOTICE NO. 19

THE INDUSTRIAL COURT

CAUSE NO. 74 OF 1966

Parties:—

Transport and Allied Workers' Union
and
Express Transport Company Limited, Nairobi

Issues in dispute:—

- (1) Wage Increment.
- (2) Leave Travelling Allowance.

1. The Transport and Allied Workers' Union shall hereinafter be referred to as the Claimants and Express Transport Company Limited shall hereinafter be referred to as the Respondents.

2. The Parties were heard in Nairobi on the 30th day of November 1966, and relied on their written and verbal submissions. During the hearing as a result of allegations made by the Claimants' representative that the amenities provided by the Respondents in their housing estate in Nairobi were not satisfactory, the Court members visited the estate and after having seen the various amenities, found them to be very satisfactory under the existing circumstances.

GENERAL BACKGROUND

3. In 1963, the Respondents established scales of pay for their various employees effective from 1st April 1963, and forwarded a copy of this document to the Claimants. This was followed by an agreement between the Parties which came into operation on the 1st of May 1965, and was to remain in force for a period of 12 months as far as wages were concerned. In clause 3 of this agreement it was provided as follows:—

"(a) Minimum wage is Sh. 140 per month plus housing and deferred pay as laid down.

(b) All non-graded employees be given an increase of 7½ per cent with effect from 1st May 1965, on the scales in force at the present time. (A 'non-graded employee' is one whose basic wage is below Sh. 500 per month.)"

The Claimants did not approach the Respondents for any alteration to the wages and terms and conditions as set out in the aforesaid agreement until 13th July 1966. The reason for the delay appears to have been the rift within the Union ranks. The Respondents, however, gave everyone an increment in accordance with the laid down terms and conditions in May 1966.

On 1st August 1966, the Regulation of Wages (Road Transport) Order 1966 came into effect.

Following the receipt of the Claimants' demands in July 1966 by the Respondents, meetings took place between the Parties on 21st July and 24th August 1966. During the negotiations the Claimants maintained that they were not interested in the increments which the Respondents had granted without consulting them or getting their approval. The Respondents, on the other hand, stated that they could not give two increments within any 12-month period and further if new negotiations were to take place on a general increment, then the previous agreement must be taken into consideration or else the increment given in May 1966, should be considered null and void and a new start made. The Claimants refused to accept this principle and after discussions over a period of months, a deadlock was finally reached and the Parties signed the notification of dispute form to the Industrial Court on 12th October 1966, on the above two issues.

MAIN SUBMISSIONS ON BEHALF OF THE CLAIMANTS

4. (1) *Wage Increment.*—The Claimants submitted that they had demanded a minimum wage of Sh. 350 per month going up to a sum of Sh. 1,500 per month for a charge hand with three years' service and over as they maintained that, the Respondents should have a wage structure well above the one specified in the aforesaid Wages Council Regulations Order which came into effect from 1st August 1966. The Claimants submitted that, the Respondents were one of the biggest firms in this industry and, therefore, should lead the field. The Claimants produced copies of three agreements which they had entered into with Messrs. Peck and Barber, Murrel and Company Limited and Murgian and Sons Limited in support of their contention that the Respondents' wage level was not satisfactory. They also pointed out that the East African Road Services paid a minimum wage of Sh. 260 per month and that the United Touring Company's cleaners and labourers earned Sh. 225 per month.

The Claimants submitted that, the cost of living had increased by nearly 7 per cent and that the Court should take this fact into consideration when deciding on this issue. The Claimants stated that the 1963 incremental scales had not been negotiated with them and, therefore, they were not barred from negotiating for further wage increases in spite of increments having been granted to employees in May 1966.

The Claimants stated that the additional benefit which the Respondents had submitted were being paid to their employees were no better than the benefits being enjoyed by employees in other similar firms.

The Claimants stated that at the time deadlock was reached during negotiations the Respondents had offered a 3 per cent wage increase only and that the Respondents' offer of 5 per cent increase was conveyed to a shop steward which was quite unusual. The Claimants pointed out that if the Respondents had wanted to increase their offer they should have contacted the General Secretary and not a shop steward. This was obviously an attempt to divide the Claimants' members. The Claimants maintained that a 25 per cent increase in the present wages would bring them up to the level of wages to be found in other firms. The Claimants also alleged that it was the Respondents' practice that whenever they were confronted with Union demands they threatened redundancies.

The Claimants agreed to the effective date for any wage increase to be 1st August 1966.

(2) *Leave Travelling Allowance.*—The Claimants submitted that, they had demanded a leave travelling allowance of Sh. 150 per year to be paid to an employee when he proceeded on leave. Alternatively an employee should be given by the Respondents a return bus or train ticket for himself, his wife and children to any destination in East Africa. The Claimants stated that the following firms paid a leave travelling allowance to their employees:—

1. Kenya Bus Services Limited.
2. East African Road Services Limited.
3. Murgian and Son (Transporters).
4. United Touring Company Limited.
5. Eboo's Motors Service.
6. All Air Lines in East Africa.
7. Ivory Safaris Limited.
8. Bhajjee Transport Company Limited, Mombasa.
9. Murrel and Company Limited, Eldoret.

The Claimants stated that there was no reason why the Respondents should not also pay this benefit especially when the wages were extremely low. The Claimants pointed out that, they had been demanding this benefit since 1963 but had not succeeded in getting it and when the previous agreement was signed they had abandoned it in a spirit of compromise. The Claimants gave details of the various fares by bus and train and submitted that their demand of Sh. 150 was reasonable.

MAIN SUBMISSIONS ON BEHALF OF THE RESPONDENTS

5. The Respondents stated that, they carried on business in Nairobi and employed just over 500 persons in their activities which included transport, travel, shipping, clearing and forwarding, warehousing, packing, bone meal and fertilizer manufacture. Their vehicular fleet consisted of approximately 80 vehicles of varying sizes.

(1) *Wage Increment.*—The Respondents stated that, as the Claimants had made no approach to them on the expiry of the existing agreement, they had granted increments as laid down in May 1966 because had they not done so, much industrial unrest would have been caused.

The Respondents submitted that, they paid substantially above the basic minimum wages as laid down and agreed to by the Claimants during the latest Road Transport Industry Wages Council negotiations and pointed out that the Claimants have signed the agreement in the immediate past and having carefully laid down minimum wages, had now submitted new proposals completely unrelated to reality. The Respondents had worked and continued to work on an incremental scale of approximately 5 per cent or more and all employees received wages in excess of the minimums laid down because it had been the Respondents' policy to start all employees considerably above the basic minimum wage.

The Respondents stated that in addition they granted their employees many other benefits consisting of:—

- "1. *Annual deferred pay*—this is based on one month's salary for one year's completed service, six weeks' salary for two years' completed service and two months' salary for three or more years' completed service. This is an entitlement to all members of the staff represented by the Union. This deferred pay is not taken into consideration when calculating basic rates of pay. It is paid every 24th December.
2. Free transport to and from Etcoville housing and from the locations where the staff live.
3. Free transport for families sick to hospital, etc.
4. Community Hall, free television, etc.
5. Medical bills from Government or Council dispensaries.
6. Free nursery school for children.

7. Apart from sending one African per year to the U.K. with all expenses paid, any member of the staff wishing to attend any training course whatsoever will have all his fees paid by the Company.
8. Free non-contributory gratuity scheme.
9. Overtime rates paid for any hours worked outside normal hours whether 45 hours per week have been worked or not.
10. Good housing or allowances in lieu.
11. Uniforms to certain employees.
12. Free driving tuition."

(An extract from the Respondents' memorandum)

In these circumstances the Respondents submitted that the wage increase which the Claimants asked for was completely unrealistic and the Court should, therefore, reject it.

The Respondents argued that the Claimants had not produced any facts to justify their demands and the agreements which they had produced did not contain enough information for the Court to decide whether or not these firms granted better benefits to their employees. The Respondents strongly submitted that, the Claimants' representatives were completely unreliable and their statements should be rejected.

The Respondents stated that, they were perfectly within their rights as laid down in the existing agreement to grant an increment on 1st May 1966, and although the scales introduced by them in 1963 had not been negotiated with the Claimants, they had been accepted by them because reference had been made to these scales in the 1965 agreement. The Respondents pointed out that the 5 per cent wage increase offer had been made to the shop steward when the latter had approached their Managing Director and expressed a view that, the workers did not want to take the matter to the Industrial Court. The Respondents had clarified the position to the shop steward and told him that as the Claimants were negotiating with them, the shop steward should convey the offer of 5 per cent to the General Secretary. The Respondents submitted that there was nothing irregular in this.

During the hearing the Respondents offered a wage increase of Sh. 10 on the existing wages of all their employees plus 5 per cent increase on the wages so arrived at, this would be with effect from 1st August 1966. They requested the Court to accept this offer which was very fair and reasonable and to award accordingly.

(2) *Leave Travelling Allowance.*—The Respondents submitted that, they had tried over the years to work towards a clean wage and had informed the Claimants that a leave travelling allowance was merely an extra emolument and one which would cause ill-feelings between the staff as the leave travel allowance must be related to actual travelling costs. The Respondents felt that two drivers say one living in Kisumu and one living in Kiambu who are paid the actual cost of travelling to their respective homes, but who were in receipt of the same basic rates of pay, would automatically then receive different total emoluments and this would be unfair. The Respondents strongly submitted that, as leave travelling allowance had not been established in the past, there was no reason for it to be introduced now. They argued that their benefits generally were better than the firms who are alleged by the Claimants to be paying leave travelling allowance to their employees. They requested the Court to make a nil award on this issue.

AWARD

6. The Court has very carefully considered the submissions made by the Parties and must express some criticism of the unsatisfactory manner in which the 1963 incremental wage scales and the 1965 agreement had been drawn up. The Court hopes that as a result of the Court award in the present dispute a proper and complete document would be drawn up showing clearly the various wage scales in order to remove any doubt in future.

On the two issues in dispute, the Court makes the following award:—

(1) *Wage Increment.*—The Court awards an increase of Sh. 12 to all Unionizable employees on their existing monthly wage and further awards that the figure so arrived at shall be increased by 5 per cent which would then become the employees' new wage with effect from 1st August 1966.

(2) *Leave Travelling Allowance.*—Nil award.

GAZETTE NOTICE No. 4687

THE GOVERNMENT LANDS ACT

(Cap. 280)

PLOT FOR RESIDENTIAL PURPOSES

THE Commissioner of Lands on behalf of the President gives notice that the plot in Kisumu Municipality as described in the Schedule hereto is available for alienation and applications are invited for the direct grant of the plot.

2. A plan of the plot may be seen at the Public Map Office situated in the Lands Department Building, City Square, Nairobi, or at office of the Town Clerk, Kisumu, or may be obtained from the Public Map Office, P.O. Box 30089, Nairobi, on payment of Sh. 3 post free.

3. Applications should be submitted to the Commissioner of Lands, Nairobi, through the Town Clerk, Kisumu.

4. Applications must be sent so as to reach the Town Clerk not later than noon on the 10th day of January 1967.

5. Applications must not be sent direct to the Commissioner of Lands.

6. Applicants must enclose with their applications their cheque for Sh. 1,000 as a deposit, which will be dealt with as follows:—

- (a) If the applicant is offered and takes up and pays for a plot within a period of 14 days as required in paragraph 5 below, the deposit will be credited to him.
- (b) If the application is unsuccessful the applicant's deposit will be returned to him.
- (c) If the application is successful and the applicant fails to take up and pay for the plot offered to him within a period of 14 days as required in paragraph 5 of the General Conditions the Commissioner of Lands may declare the deposit forfeited and the applicant shall have no further claim thereto.

General Conditions

1. The ordinary conditions applicable to Township grants of this nature except as varied hereby shall apply to this grant.

2. The grant will be made under the provisions of the Government Lands Act (Cap. 280 of the Laws of Kenya) and title will be issued under the Registration of Titles Act (Cap. 281).

3. The grant will be issued in the name of the allottee as stated in the letter of application.

4. The term of the grant will be for 99 years from the 1st day of the month following the notification of the approval of the grant.

5. Each allottee of a plot shall pay to the Commissioner of Lands within 14 days of notification that his application has been approved the initial estimated amount for the construction of roads and drains to serve the plot, the assessed stand premium and proportion of annual rent, together with the survey fees payable in respect of the preparation and registration of the grant (Sh. 225) and the stamp duty in respect of the grant (approximately 2 per cent of the stand premium and annual rent). In default of payment within the specified time the Commissioner of Lands may cancel the allocation and the applicant shall have no further claim to the grant of the plot.

Special Conditions

1. No buildings shall be erected on the land nor shall additions or external alterations be made to any buildings otherwise than in conformity with plans and specifications previously approved in writing by the Commissioner of Lands and the local authority. The Commissioner shall not give his approval unless he is satisfied that the proposals are such as to develop the land adequately and satisfactorily.

2. The grantee shall within six months of the commencement of the term submit in triplicate to the local authority and the Commissioner of Lands plans (including block plans showing the positions of the buildings and a system of drainage for the disposal of sewage, surface and sullage water), drawings, elevations and specifications of the buildings the grantee proposes to erect on the land and shall within 24 months of the commencement of the term complete the erection of such buildings and the construction of the drainage system in conformity with such plans, drawings, elevations and specifications as amended (if such be the case) by the Commissioner:

Provided that if default shall be made in the performance or observance of any of the requirements of this condition it shall be lawful for the Commissioner of Lands or any person authorized by him on behalf of the President of the Republic of Kenya to re-enter into and upon the land or any part thereof in the name of the whole and thereupon the term hereby created shall cease but without prejudice to any right of action or remedy of the President of Kenya or the Commissioner in respect of any antecedent breach of any condition herein contained.

3. The grantee shall maintain in good and substantial repair and condition all buildings at any time erected on the land.

4. Should the grantee give notice in writing to the Commissioner of Lands that he/she is/are unable to complete the buildings within the period aforesaid the Commissioner of Lands shall (at the grantee's expense) accept a surrender of the land comprised herein:

Provided further that if such notice as aforesaid shall be given (1) within 12 months of the commencement of the term the Commissioner of Lands shall refund to the grantee 50 per centum of the stand premium paid in respect of the land, or (2) at any subsequent time prior to the expiration of the said building period the Commissioner of Lands shall refund to the grantee 25 per centum of the said stand premium. In the event of notice being given after the expiration of the said building period no refund shall be made.

5. The land and buildings shall only be used for residential purposes and not more than one dwelling-house with the necessary offices and outbuildings appurtenant thereto shall be erected on the land. A guest-house will not be permitted.

6. The buildings shall not cover more than 50 per centum of the area of the land.

7. The land shall not be used for the purpose of any trade or business which the Commissioner of Lands considers to be dangerous or offensive.

8. The grantee shall not subdivide the land.

9. The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof except with the prior consent in writing of the Commissioner of Lands: no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No. 2 has been performed.

10. The grantee shall pay to the Commissioner of Lands on demand such sum as the Commissioner may estimate to be the proportionate cost of constructing all roads and drains and sewers serving or adjoining the land and shall on completion of such construction and the ascertainment of the actual proportionate cost either pay (within seven days of demand) or be refunded the amount by which the actual proportionate cost exceeds or falls short of the amount paid as aforesaid.

11. The grantee shall from time to time pay to the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

12. Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

13. The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or local authority upon the land or the buildings erected thereon, including any contribution or other sum paid by the President of the Republic of Kenya in lieu thereof.

14. The President of the Republic of Kenya or such person or authority as may be appointed for the purpose shall have the right to enter upon the land and lay and have access to water mains, service pipes and drains, telephone or telegraph wires and electric mains of all descriptions whether overhead or underground, and the grantee shall not erect any buildings in such a way as to cover or interfere with any existing alignments of main or service pipes or telephone or telegraph wires and electric mains.

GAZETTE NOTICE No. 23

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Offices, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
