THE INDUSTRIAL COURT

CAUSE No. 37 OF 1967

Parties:—

Kenya Union of Commercial Food and Allied Workers  
and

Kenya Co-operative Creameries Limited

Issue in dispute:—

That in the opinion of the Union termination of services of Mr. Chokochoko arap Salem was unjustified and unfairly carried while Management insist it was justified.

1. The Kenya Union of Commercial Food and Allied Workers shall hereinafter be referred to as the Claimants and Kenya Co-operative Creameries Limited shall hereinafter be referred to as the Respondents.

2. With the consent of the Parties the dispute was heard by the President of the Court sitting alone on the 9th day of October 1967, as the two members who had been invited to sit with the President failed to turn up. The Parties relied on their written and verbal submissions.

AWARD

After a careful consideration of all the facts the Court finds that there is no doubt that Mr. Chokochoko Salem's services were not terminated on account of any re-organization as alleged in a letter by the Respondents to the Claimants when the latter inquired for the reason of the termination of the services of this employee. The real reason is that the Respondents feel that the conduct of this employee, in that after the suggested settlement by their investigators (the General Manager and the Administrative Manager), Mr. Salem sued a member of the Management that is Mr. Otieno in the Naivasha Court, leaves no doubt that he bore malice towards Mr. Otieno and, therefore, his continued employment would not be conducive to good relations between workers and Management. It is most unfortunate that instead of giving the true reasons to the Claimants they brought in the question of re-organization.

The Court finds that the inquiry conducted by the General Manager and the Administrative Manager was conducted properly and fairly as the statements from all persons involved in the incident between Mr. Salem and Mr. Otieno were recorded. The findings of this inquiry, although not necessarily binding on the two employees involved appear to be reasonable. These were:—

That Mr. Fred Otieno had not stolen the milk as alleged by the watchman.

That the watchman had been performing his duties when he stopped Mr. Fred Otieno to check what he was carrying.

That the watchman had exceeded his powers when he started to take the milk can using force.

That Mr. Fred Otieno was at fault by joining in the struggle with the watchman.

That the cost of repairing the broken watch strap should be shared equally between the watchman and Mr. Fred Otieno.

The subsequent action of Mr. Salem in suing Mr. Otieno in the Naivasha Court in itself is not an improper thing. He is entitled like any other person to seek his remedy in a Court of Law even though it may be against a member of the Management. If this had been the main reason for the termination of the services of Mr. Salem, then the termination would definitely be unjustified and unfair. But the Court has to decide if, in fact, this was the main reason. The Respondents' view was that after the unsuccessful action of Mr. Salem against Mr. Otieno it was inevitable that the relationship between these two employees would be strained and that this sort of tension would not be in the interest of good worker-management relationship, therefore, they had to terminate the services of Mr. Salem.

The Court found this dispute to be a borderline case and it was extremely difficult to draw the line between the Respondents' attitude towards Mr. Salem's case against Mr. Otieno in the Naivasha Court and the Respondents' contention that because Mr. Salem was proved to bear malice towards Mr. Otieno, his continued employment was not desirable. However, after a careful consideration of all the facts and on the balance of probabilities the Court finds that the Respondents' right to terminate the services of their employee in accordance with their contractual obligations should not be tampered with in this case. The Respondents are entitled to terminate the service of an employee with three years' service and over by giving him three months' notice. This they have done and as they are also prepared to pay Mr. Salem's other dues, the Court finds that his services were not terminated unfairly.

Given in Nairobi this 27th day of October 1967.

SAEED R. COCKAR,  
President.

## GAZETTE NOTICE NO. 3890

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Offices, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
