GAZETTE NOTICE No. 384

## THE INDUSTRIAL COURT

CAUSE No. 40 OF 1970

Parties:—

Kenya Motor Engineering and Allied Workers' Union  
and  
City Spray Painters

Issues in dispute:—

1. Wages.
2. Safari allowance.
3. Acting allowance.
4. Leave travelling allowance.
5. Suspension.
6. Gratuity.
7. Effective date and duration.

1. The Kenya Motor Engineering and Allied Workers' Union shall hereinafter be referred to as the Claimants and City Spray Painters shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 20th day of January 1971 and relied on their written and verbal submissions.

## AWARD

3. The Respondents originally were members of the Nairobi Spray Painters Employers' Group (hereinafter referred to as the Group) and as such had a terms of service agreement with the Claimants. This Group was disbanded in December 1966 and the Claimants approached the two largest companies in the Group, namely the General Spray Painters Ltd. and the Respondents. On 19th January 1967, the parties met but unfortunately a deadlock was reached. On 1st March 1967, the Claimants declared a trade dispute against each of the companies separately and on 12th June 1967, a conciliator recommended that there should be a reference to the Industrial Court. No action however was taken and the next move was a commencement of fresh negotiations between the Claimants and the Respondents as a result of which a new recognition agreement was signed on 5th December 1968.

On 17th January 1969, negotiations commenced on the terms and conditions of employment covering Respondents' employees. From then on until 18th May 1970, no serious attempt appears to have been made to resolve the outstanding items. During the hearing the Claimants conceded that from 27th March 1969 to 18th May 1970, they did not attend the meetings as they were occupied with other matters concerning COTU and threatened strikes by their members in other firms.

Eventually a meeting did take place on 18th May 1970, but as agreement could not be reached the Claimants notified the existence of a dispute to the Ministry of Labour on 5th June. A conciliator was appointed but was not successful and the parties signed the Notification of Dispute Form "A" to the Industrial Court on 16th November 1970, and forwarded it to the Court on 28th November.

It is important at this stage to note that the Respondents granted usual increments to employees in December 1968 ranging from Sh. 10 to Sh. 25 p.m. Again in 1969, after discussions with the shopsteward, the Respondents granted increases to all employees in December ranging from Sh. 15 to Sh. 50 p.m. The existing level of wages paid as at January 1971, taking into account all the increases granted, is:—

	Sh. p.m.
2 men @	260
1 man @	265
1 man @	280
3 men @	285
2 men @	290
1 man @	315
1 man @	725 skilled
1 man @	800 skilled.

During the hearing the Claimants accused the Respondents of having adopted a negative attitude as they made it clear to them, the Claimants, that they would increase the wages of their employees as and when they thought it necessary and by an amount which they, the Respondents, thought appropriate. The Claimants accused the Respondents of having undermined them by proceeding to grant increments to their workers knowing fully well that they were involved in negotiations with the Claimants representing the workers from as far back as December 1968.

The Court has in the past expressed the view that it is incorrect on the part of an employer to grant wage increases when a union is negotiating for such an increase on behalf of the workers. Such a move can rightly be construed as an attempt by the employer to undermine the union but in the present

case, after careful consideration of the background of this dispute, the Court is satisfied that when the two wage increases were granted the Respondents had adequate reasons for doing so. The first increase in 1968 was granted at a time when negotiations on wages had not even started and the second increase in December 1969 was granted at a time when the Claimants had apparently stopped negotiations and the shopsteward had come to the Respondents and asked for an increase which was granted.

The Claimants submitted that the Respondents were able to meet their demand of a 10 per cent wage increase as their business was flourishing. The increase in the number of motor vehicles had clearly resulted in a great increase in spray painting business and as the Respondents were among the best in their line, they were making a lot of money. The Claimants stated that despite the fact that the Respondents made a big profit they were reluctant to pay decent wages to the workers.

The Respondents on the other hand denied strongly that they had not been co-operative with the Claimants. They stated that there are dozens of companies operating in this type of business but the Claimants had put pressure only on two of them, one being the Respondents. The Respondents stated that there had been no difference in their turnover since the last seven years and their business had not increased. Their main business was from the larger garages who did their own spray painting and the Respondents only got what was surplus. The Respondents claimed that the award of the Court would be subject to the Tripartite Agreement as they had taken their quota of additional workers under the said agreement.

With reference to the remarks made by the Claimants' General Secretary during the hearing alleging breach of the Tripartite Agreement on the part of the Government, the Court would like to draw his attention to the fact that necessary machinery has been created under the agreement where such matters can be gone into. The Court cannot and indeed is not prepared to pass an opinion on such an important matter in relation to a national agreement on such scant remarks without adequate backing of satisfactory evidence to that effect.

The Court has carefully considered the various submissions made by the parties before making its award on the issues in dispute.

**Wages.**—The Court awards a wage increase of Sh. 20 p.m. to those workers who are at present earning between Sh. 260 and Sh. 315 p.m.; and Sh. 50 p.m. increase to the two skilled workers at present receiving Sh. 725 and Sh. 800 p.m.

**Safari allowance.**—The Court has come to the conclusion that the facts do not warrant the introduction of this allowance at present and therefore makes a nil award.

**Acting allowance.**—The Court makes the following award:—

Where an employee is required to act in a higher grade for a period of not less than 14 consecutive days, he shall be paid, in addition to his basic minimum wage, an acting allowance equal either to 20 per cent of the basic wage of the employee for whom he is acting, or to the full basic wage of that employee, whichever is the lesser amount.

**Leave travelling allowance.**—The Court awards that employees should be paid a sum of Sh. 25 leave travelling allowance when they proceed on their annual leave.

**Suspension.**—Nil award.

**Gratuity.**—The Court makes the following award which is based on the offer made by the Respondents:—

An employee on retirement shall be entitled to ten days' pay for every completed year of service by way of gratuity to be based on the employee's wages at the time of the commencement of the N.S.S.F. The effective date for the purpose of working out the benefits under this scheme shall be for employment after the 1st January 1959 up to the commencement of the N.S.S.F. in 1966 (an employee shall not be entitled to any gratuity for service prior to the 1st January 1959) and the scheme shall be deemed to have ceased with the implementation of the N.S.S.F. An employee who resigns or is dismissed summarily for established lawful cause shall not be entitled to a gratuity.

**Effective date and duration.**—The Court rules that this award should be effective from 1st December 1970, and that it should remain in force for a period of 18 months from that date.

Given in Nairobi this 10th day of February 1971.

SAEED R. COCKAR,  
President.

S. K. NGOLOMA,  
MRS. J. O. MBOGO,  
Members.

## GAZETTE NOTICE NO. 385

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
