(Cap. 372)

REGULATIONS MADE WITH THE APPROVAL OF THE MINISTER FOR  
AGRICULTURE UNDER SECTION 143 (1) OF THE WATER ACT

## KIKENNI WATER COMPANY LIMITED

1. The Water (Undertakers) Rules, 1962, published under the Water Act, 1962, shall apply to the water undertaking operated by the Kikenni Water Company Limited (hereinafter referred to as "the Company") in so far as they are not varied by or inconsistent with these Regulations.

2. The Company will at its own expense make the connections to the supply water main and lay the service as far as the meter, and provide the necessary ferrule connections, piping and stopcock for this work. In every case the Company reserves the right of determining the diameter of service pipe, taps and size of meter, and no alteration may be made without the previous consent in writing of the Company. The section of service pipe between main and meter is the property of the Company and subject to regulation 5 (d) will be maintained by the Company.

3. The consumer will be required to bear the cost of all piping and fittings in connection with his supply from the meter and will be at liberty to employ any authorized plumber to do the work from the meter or the Company may undertake to do the work, exclusive of internal fitting, if requested to do so, the owner bearing the cost. The consumer shall be responsible for the proper upkeep and repair of all standpipes, piping, etc., connected with his supply.

4. All connections and plumbing work shall be subject to inspection by a servant or agent of the Company and no water will be supplied until the connections and plumbing work have been approved by the Company and the costs of any work executed by the Company and for which the consumer is liable to pay have been paid.

5. Water will be supplied on condition that—

- (a) the charge for water shall be determined by meter and shall be made every month or every three months as the Company shall think fit. Where a consumer requests disconnection of the supply a charge will be made for part of the month;
- (b) the consumer will provide a suitable site, and adequate protection, for the meter;
- (c) the Company's servants or agents shall have free and unrestricted access to the meter and to all pipes and fittings on the property owned or occupied by the consumer;
- (d) the consumer will pay to the Company on demand any amount incurred by the Company in repairing damage caused to any meter, piping or apparatus of the Company on his supply or situate on land owned or occupied by him (otherwise than damage caused by fair wear and tear) even though such damage may have been caused by persons over whom the consumer has no control.

- (d) a charge of shillings twenty (Sh. 20) if the supply is reconnected at the request of a consumer;
- (e) a charge of shillings forty (Sh. 40) for reconnecting the supply after it has been discontinued as a result of the consumer's failure to pay his water charges or as a result of some other offence under the Water Act or some breach of these Regulations;
- (f) a charge of shillings forty (Sh. 40) when a meter is tested at the request of a consumer. This charge shall be refunded should the test show that the meter was recording five per cent (5%) more or less than the water actually passing through it.

7. All water charges must be paid on demand. If any account is more than fourteen (14) days overdue the supply of water may be discontinued and legal proceedings may be taken for the recovery of any charges due.

8. A deposit of shillings one hundred and fifty (Sh. 150) shall be required from every consumer prior to connection. The deposit shall be retained by the Company for the period during which the consumer is supplied with water as a security for the payment by him of charges relating to such supply.

9. Every application and agreement for a supply shall be in the form prescribed in the Schedule to these Regulations.

11. A consumer requesting disconnection of his supply and a person requesting reconnection shall give in each case seven (7) days' notice in writing to the Company of his request.

12. The Company undertakes to supply the consumer occupying the premises described in the form of application with water up to 250 gallons per day in so far as the pressure at the main connection will permit, but the Company shall not be liable for any failure to supply water or for any defect in the quality of the water supplied however caused.

Repairs to such standpipes, water pipes and fittings may, at the request of the consumer, be executed by the Company but the cost of all repairs so executed must be paid in advance by the consumer. The Company is not liable for water wasted as the result of defects on the consumer's side of the meter.

16. Consumers are required to prevent waste of water and the Company reserves the right to discontinue the supply to any premises where there is waste from any taps, storage tanks, pipes or other fittings or otherwise howsoever or where water is improperly used.

17. Consumers are required to provide, at their own expense, a tank or tanks to store two thousand (2,000) gallons of water for each connection from the Company's water supply.

18. It is an offence to use water supplied by the Company for the irrigation of gardens by running water into irrigation channels and without written permission of the Company, to use such water for any purpose whatsoever other than for domestic purposes.

19. The Company reserves the right of fixing meters in the positions which it considers most suitable.

20. The grantee shall not sell, transfer, sublet, charge or part with the possession of the land or any part thereof or any buildings thereon except with the prior consent in writing of the President: no application for such consent (except in respect of a loan required for building purposes) will be considered until Special Condition No. 2 has been performed.

10. The grantee shall from time to time pay the Commissioner of Lands on demand such proportion of the cost of maintaining all roads and drains serving or adjoining the land as the Commissioner may assess.

11. Should the Commissioner of Lands at any time require the said roads to be constructed to a higher standard the grantee shall pay to the Commissioner on demand such proportion of the cost of such construction as the Commissioner may assess.

12. The grantee shall pay such rates, taxes, charges, duties, assessments or outgoings of whatever description as may be imposed, charged or assessed by any Government or local authority upon the land or the buildings erected thereon, including any contribution or other sum paid by the President in lieu thereof.

## GAZETTE NOTICE No. 3688

## THE INDUSTRIAL COURT

CAUSE No. 37 OF 1970

## Parties:—

Domestic and Hotel Workers' Union  
and

H.H. the Aga Khan Hospital and Pandya Memorial Clinic  
of Mombasa

## Issue in dispute:—

*Respondents.*—Whether or to what extent the Respondents are obliged to grant retrospective wage increases.

*Claimants.*—Failure by the Respondents to implement concluded agreement fully.

## INTERPRETATION APPLICATION RULING

The parties had appeared before the Industrial Court in December, 1970, on the aforesaid issues.

The Court awarded that the items which had been negotiated and agreed by the parties should be implemented with effect from 1st July, 1969, and that they should remain in force for a period of two years from that date.

The Court announced its award on 21st January, 1971.

Prior to the hearing by the Industrial Court the second Tripartite Agreement on measures for the immediate relief of unemployment had been signed on 18th June, 1970.

After the Court had announced its award the Claimants approached the Respondents demanding wage payments as awarded by the Court with effect from 1st July, 1969. The Respondents replied that the matter would be dealt with after an agreement had been drawn up by the Federation of Kenya Employers and on its execution by the parties.

The developments which took place thereafter briefly ended up in the Respondents assuming the stand that when the Court made the award both parties had already been covered by the Tripartite Agreement and that the Industrial Court award was therefore frozen by the Tripartite Agreement for a period of one year in accordance with clause 10 (iv) of that Agreement making the enforceable date of the Court award to be 1st July, 1970.

The Claimants did not accept this proposition and reported the matter to the Minister for Labour and the Senior Labour Officer, Mombasa, was asked to look into the matter. The Senior Labour Officer started his investigation on 26th August, 1971, and the record reveals that no settlement could be effected and the matter was then dealt with by the Labour Commissioner in August, 1972. There seems to have been a further exchange of correspondence in 1974 and the parties were advised to refer the issue to the Industrial Court for interpretation.

The Claimants have made this application for interpretation of the Court award and stated during the hearing that they had honoured the Tripartite Agreement in full because the workers' wages had been frozen for the years 1971 and 1972. They contended that from 1st July, 1969 to April, 1970, the workers had not been paid the rates which had been agreed between the parties as awarded by the Court. They asked the Court to rule that the workers should be paid the wage increases as awarded by the Court with effect from 1st July, 1969 to April, 1970.

The Respondents relied on clause 10 (iv) of the Tripartite Agreement which reads as follows:—

"Disputes, with financial implications, arising before the 31st May, 1970, which are at present being processed at the parties' own level or through the offices of the Ministry of Labour and such disputes which have been accepted by Industrial Court shall be concluded in accordance with the established procedures, but any improved terms, shall be frozen for 12 months from the effective date of the award."

The Respondents further pointed out that they had recognized 1st July, 1970, as the effective date of the Court award whose two-year term expired on 1st July, 1972, on which date the current agreement subsequently negotiated took place. They asked the Court to reject the Claimants' demand.

The Court finds it most unfortunate that the Claimants have waited for more than three and a half years before applying for an interpretation of the Court award in this dispute. To make matters worse, knowing fully well that they had a substantial claim on behalf of their members outstanding against the Respondents, they have gone ahead and negotiated another collective agreement which is in force at present.

The Court while appreciating that the Claimants were pursuing their claim for arrears of pay from 1st July, 1969 to 1st April, 1970, finds that by this excessive delay they have prejudiced their claim, if any, very seriously.

Now when the interpretation is sought on an award which has been made in January, 1971, the agreement which is subject matter of the Court award has expired. The Tripartite Agreement has also expired and the parties are bound by another newly negotiated collective agreement.

After careful consideration of all the submissions the Court finds that if the Claimants had any claim against the Respondents for the arrears as alleged then they have forfeited it by their conduct as set out above. The Court would be seriously offending the principles of natural justice if it were to entertain the Claimants' demand which would emanate if their interpretation was upheld by the Court.

In the circumstances the Court rejects the Claimants' interpretation but strongly advises the parties to take this particular point, the subject matter of this interpretation, into consideration when they embark on wage negotiations in future.

Dated in Nairobi this 14th day of November, 1974.

GAZETTE NOTICE No. 3693

## THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.
