GAZETTE NOTICE No. 529

THE INDUSTRIAL COURT

CAUSE No. 59 OF 1978

Parties:—

Transport and Allied Workers' Union
and
Nairobi Petrol Stations Association

Issues in dispute:—

1. Wages general increment.
2. Wages minimum consolidated per month.
3. Night shift allowance.
4. Redundancy and severance pay.

1. The Transport & Allied Workers' Union shall hereinafter be referred to as the Claimants and Nairobi Petrol Stations Association shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 1st day of February, 1979 and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 4th November, 1978 duly signed by the parties was received by the Court on 27th November along with the statutory certificate signed by the Labour Commissioner.

The parties' last collective agreement was effective from 1st March, 1976 and it expired on 28th February, 1978.

The parties have not been able to agree on the issues in dispute during their negotiations for concluding a new collective agreement.

The Claimants have demanded a 40 per cent flat wage increase for all employees backdated to March 1978 and a further 40 per cent to take effect from March 1979. They argue that this would compensate their members for loss of purchasing power which they had suffered over the years.

The Claimants are also demanding a night shift allowance of Sh. 4 per person per shift.

On the issue of redundancy and severance pay they demand that the words "Subject to a maximum payment of the equivalent of five months' pay. This clause will not apply in case of the Government decision on (Licensing Act)" to be deleted from the existing clause so that the new clause would read as follows:—

"Severance pay on the basis of 14 days for each completed year of service with effect from 1st January, 1967".

The Respondents have very vigorously resisted the Claimants' demand on the ground that they are not in a position to make any offer of wage increase over and above the statutory minimum rates and their main argument for doing so is that their gross earnings on the petrol which represents the bulk of their business turnover is averaging about 5 per cent only and the price is controlled. Furthermore the oil companies have withdrawn all the subsidies which they used to afford the station operators: these subsidies include:

1. Maintenance of equipment.
2. Stationery.
3. Uniforms.
4. Rent for premises.
5. Bonus on volume sale.
6. Delivery cost.
7. Credit facilities for all petroleum products.
8. Light.

The Respondents strongly submitted that they could not afford any wage increases to those who would earn over and above the minimum rates for their respective job groups without serious consequences of redundancies.

The Court has very carefully considered the parties' submissions and notes that the Respondents are an association with a membership of 35 petrol service stations in Nairobi whereas there are over 130 service stations operating in Nairobi. To make matters worse out of the Respondents 57 members in 1974 now the figure had dropped to 35 and these member stations employ approximately 525 workers.

The workers' entitlement under the Guidelines is 25.2 per cent for the two-year duration of the next agreement which means that the maximum to which they are entitled would be 12.6 per cent per year. This would be on the basis of the effective date being 1st March, 1978.

The Court, however, must seriously take into account that economic activities for 1978 lagged as compared to 1977 and according to the Employment Promotion Division the economic forecast for 1979 and beyond is very gloomy and currently the country is experiencing unfavourable balance of trade.

The Court has also got to take into consideration that the Respondents would be engaging about 60 additional employees as a result of the Presidential Directive and this would result in a labour cost increase of around Sh. 21,000 p.m. over and above the Claimants' demand.

In making its award the Court has taken into consideration a very important point that the wage increases awarded by the Court should not lead to a reduction in employment. And the Court has also taken into consideration the difficult financial position of the Respondents' members in that their margin of profit ranges between 4 to 9 per cent depending on the various types of petrol and oil products which they sold.

After careful consideration of all the submissions the Court awards the following wages minimum consolidated per month:

Job Group	Rate p.m. Sh.
1. (a) General labourers, Gardeners, Messengers Cleaners and Day Watchman	350
(b) Night Watchman	386
2. Lubrication man, Tyreman, Batteryman ..	375

(b) Mechanic with Trade Test Certificate Grade III	500
(c) Mechanic with Trade Test Cert. Grade II	550
(d) Mechanic with Trade Test Cert. Grade I	700

Wages general increment

The Court awards a wage increase of Sh. 30 p.m. to all those workers who were in employment with effect from 1st March, 1978 and another increase of Sh. 30 p.m. wage increase with effect from 1st March, 1979.

These increases are to be added on to the workers individual salaries with effect from the aforesaid dates.

Night shift allowance

The Court awards that an employee working on night shift should be entitled to night shift allowance of Sh. 3 per night with effect from 1st March, 1979.

Redundancy and severance pay

The Court awards that clause 7 (d) (4) of the collective agreement should read as follows:

"Severance pay on the basis of 14 days' pay for each completed year of service with effect from 1st January, 1967."

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is hereby given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also hereby given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make, if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Applications for Part B are distinguished by the letter B prefixed to the official number.
