GAZETTE NOTICE No. 3606

THE INDUSTRIAL COURT
CAUSE No. 44 OF 1980

Parties:

Kenya Local Government Workers' Union;
and
Nairobi City Council

Issues in dispute:

Council's refusal to grade:

1. X-ray operator (Rhodes Avenue Dispensary).
2. Darkroom Technician (Pumwani Maternity Hospital).

1. The Kenya Local Government Workers' Union shall hereinafter be referred to as the Claimants and the Nairobi City Council shall hereinafter be referred to as the Respondents.

2. The parties were heard in Nairobi on the 8th October, 1980 and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 20th May, 1980 duly signed by the parties was received by the Court on 16th July together with the statutory certificate signed by the Labour Commissioner.

1. X-ray operator (Rhodes Avenue Dispensary)

Mr. C. Masinde was appointed to the post of trainee radiographer by the Respondents in May, 1958. The Respondents sponsored him to study radiography in the then King George VI Hospital for one year. He successfully completed the course and was appointed to the post of radiographer with effect from 1st April 1959. The Respondents did not challenge this letter of appointment. The Court notes that prior to his joining the Nairobi City Council he had worked in the armed forces and was in possession of a certificate showing that he was a radiographer group A class 3.

From the evidence that was tendered by the Claimants during the hearing by way of appendices to their written submission and which was not challenged by the Respondents the Court

is satisfied that to all intents and purposes Mr. Masinde worked as radiographer at the Rhodes Avenue Dispensary also known as the Chest Clinic. The Court is also satisfied that during all these years Mr. Masinde's superior officers strongly recommended him for promotion.

In January, 1971 the parties agreed to appoint Inbucon International Ltd to carry out a job evaluation exercise of the complete staff of both Nairobi and Mombasa local authorities. The jobs of X-ray operator, radiographer and darkroom technician were considered and as a result of the job evaluation exercise the three jobs were categorized in the following salary scales:

X-ray operator: Salary scale M ..	K£456 to K£633
Radiographer: Salary Scale J ..	K£1,146 to K£1,692
Darkroom technician: Salary scale M ..	K£456 to K£633

The Court notes that notwithstanding Mr. Masinde's original letter of appointment under which he was appointed as a radiographer the Respondents appointed him in salary scale 22 to the post of X-ray operator with effect from 1st January, 1970 carrying a salary scale of £360 by £25 to £560.

This new designation having taken place Mr. Masinde and the Claimants are naturally now fighting for upgrading the post of X-ray operator, Rhodes Avenue Dispensary. The matter has been discussed repeatedly at the various meetings and at one stage it is recorded in the minutes of the Joint Negotiating Committee No. 1 meeting held on 28th November, 1977 as follows:

Darkroom technician and X-ray operator:

The Executive Secretary reported that these two posts had, at the request of the union in April, 1976, been dropped from the agenda of a Staff Joint Committee; the union reserved their position."

The Court agrees with the Claimants' submission that this did not mean that they had given up their demand on this item.

The position now is that after the Inbucon report both X-ray operator and darkroom technician are at the same salary scale M with the radiographer in scale J. As is obvious from their salaries the difference is quite substantial.

Unfortunately for Mr. Masinde since the publication of Legal Notice No. 182 of 31st August, 1979 it is now a legal requirement that a private clinic may not include a clinical radiological laboratory unless the practitioner who operates the clinic is himself qualified in the use of ionising radiation or employs a radiographer. The same legal notice defines a radiographer to mean a holder of a diploma in radiography obtained from the Medical Training Centre or such similar institution which is recognized by the Ministry of Health.

The Respondents informed the Court that they had recently created a post of radiographer at the chest clinic in compliance with the above notice and although Mr. Masinde applied he was not even shortlisted because he did not have the necessary qualifications as required by the law. They argued that because of this Mr. Masinde could not be graded in scale J.

The Claimants pointed out that at the time when Inbucon were carrying out their job evaluation exercise Mr. Masinde was on leave and therefore he was not able to inform the team carrying out the job evaluation exercise what exactly he did.

As stated earlier the Court is satisfied that he was in charge of this clinic for all these years and it is only now since the legal requirement that hte Respondents have taken the trouble of advertising the post of radiographer whereas in the past they were quite content to let Mr. Masinde do the work which the radiographer will now do.

The Claimants submitted that Mr. Masinde had all along been at the maximum for all these years and the only times he benefited by way of wage increase was when they negotiated and obtained higher salaries for their members.

The Court agrees with the Claimants when they say that when the latest collective agreement between the parties was signed they were aware that the dispute on these two issues was pending therefore the Court finds that any award made in respect thereto would not amount to interfering with a registered collective agreement.

Notwithstanding the Respondents' plea that the Nairobi Review Committee should look into this matter if the Claimants were not happy with the grading the Court finds that Mr. Masinde has indeed suffered a grave injustice and it would be most unfair to delay a final solution to this dispute any longer.

After careful consideration of the submissions the Court has come to the conclusion that X-ray operator and darkroom technician should not be in the same salary scale as they are at present. The Court has decided to award that the X-ray

operator should be graded in salary scale L and that his starting salary should be £1,026 by £36 to £1,134. The Court further awards that the regrading should be carried out from the effective date of the collective agreement i.e. 1st August, 1979.

2. *Darkroom technician (Pumwani Maternity Hospital)*

After careful consideration of the submission the Court finds that the Claimants have not made out any case for upgrading of this post and therefore it should remain at its present salary scale M.

Given in Nairobi on the 7th November, 1980.

GAZETTE NOTICE No. 3608

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the classes may, within 60 days from the date of this Gazette, lodge notice of opposition on Form T.M. No. 6 (in duplicate) together with a fee of Sh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the Registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the Registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the Registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him any opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark, upon its registration, is to be limited to certain colours, the colours are as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in Part A of the Register are shown with the official number unaccompanied by any letter. Application for Part B are distinguished by the letter B prefixed to the official number.
