- (c) *In a third country.*—With permission of the secretary-general an officer's children may be educated in a third country at boarding school or university and tuition and boarding fees will be payable within a maximum of £2,660 per annum per child.

Reimbursement of education fees up to the ceilings above will only be made on production of receipted bills.

Cost of packing.—The secretariat will pay the cost of packing, transporting by sea and unpacking a staff member's effects up to 1,000 cubic feet in the case of an unmarried officer, and up to 1,500 cubic feet in the case of a married officer plus an allowance of 100 cubic feet per dependent child residing with the head of the family. In addition, up to 15 kilograms of excess accompanied luggage by air will be allowed on joining and termination for the officer, his wife and each dependent child. No separate allowance will be made for transporting an automobile and not more than one automobile may be allowed to be transported. The secretariat will meet the reasonable cost of insurance of personal effects.

When first taking up an appointment and provided an officer stays in an approved hotel, subsistence allowance at the appropriate rates will be paid in respect of the officer, his wife and his dependent children for a period of up to one month from the date of the officer's arrival in post.

Annual leave.—Thirty working days per year. The officer is entitled to home leave once in every two years of qualifying service and the secretariat will pay the return air fares for the officer, his wife and his dependent children.

Pension/gratuity.—If the officer is not required to contribute to a superannuation scheme of the seconding government or any private or university superannuation scheme, he may join the secretariat's pension scheme. The officer will in that event be required to contribute 6 per cent of gross salary. If the officer leaves the secretariat before the completion of five years service and has joined the secretariat's pension scheme only, his contributions will be refunded; where the officer leaves the secretariat after having completed five years' service, he will be entitled to a deferred pension payable from age 60 years. Overseas officers, however, normally participate in the gratuity scheme, into which the secretariat contributes 15 per cent of gross salary for each officer. The gratuity is then paid at end of contract/service with any accrued interest.

Diplomatic immunities and privileges.—To enjoy (provided they are not citizens of, or permanently resident in the United Kingdom), the privileges and immunities appropriate to a diplomatic agent or comparable rank, appropriate arrangements being made in respect of British income tax.

This implies full personal immunities extending to the family of the officer, inviolability of private residence, continuing customs privileges, relief from non-beneficial rates and purchases without payment of tax of British motor cars and of supplies of dutiable spirits, etc.

Travel time.—An officer recruited from overseas will be allowed travel time not exceeding three days for the direct journey from his overseas base to London and he may be paid for this travel time salary only.

***Definition of a dependent child.**—A dependent child shall be the unmarried child of a staff member under the age of 18 years or if the child is in full time attendance at a school or university or similar educational institution, under the age of 21 years. If the child is totally and permanently disabled, the requirements as to school attendance and age shall be waived.

Safari allowance.

Temporary transfer.

THE Kenya Engineering Workers' Union shall hereinafter be referred to as the claimants and Kenya General Industries Ltd. shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi on 13th December, 1984, and relied on their written and verbal submissions.

AWARD

3. The Notification of Dispute Form "A" dated 21st September, 1983, duly signed by the parties was received by the court on 22nd May together with the statutory certificate signed by the Labour Commissioner.

This dispute has arisen as a result of the parties' efforts to revise their collective agreement which expired on 31st July, 1982. The parties agreed that the next agreement will be effective from 1st August, 1982, and will remain in force for a period of two years, i.e. up to July, 1984. This means that as soon as the court award is announced the parties will embark on fresh negotiations for revising the collective agreement.

There are 17 employees working for the respondents and their salaries range from KSh. 725 per month to KSh. 1,060 per month. In addition they employ several casual employees.

The respondents used to manufacture five products, namely: wire nails, galvanized barbed wires, chain link fencing, steel *karais* and galvanized plain sheets. Since 1979 they were engaged in production of galvanized plain sheets only. The court notes that the respondents depend for their raw materials on a local company which also competes with them through its subsidiaries who are engaged in the same business as the respondents. The respondents receive only 50 per cent of their requirements. Furthermore the price of the raw material is price controlled as is the price of their product. Their sales turnover averaged KSh. 1 million in 1982, KSh. 1.4 million in 1983 and a similar turnover is expected for 1984. The claimants have demanded a 50 per cent wage increase for each year effective from 1st August, 1982, on top of the minimum wages which they have proposed should be KSh. 950 at the lowest going up to KSh. 2,700. The claimants have classified in their proposals five groups. On house allowance they want each employee to be paid KSh. 400 per month.

The respondents have rejected the claimants' proposed job classification on the ground that the production of one product did not need different skills and all employees could work anywhere within the factory. They pointed out that they paid their employees wages above the statutory rates and were prepared to give increases within the current wages guidelines. On house allowance they stated that the issue was not adequately discussed but pointed out that currently they were paying a consolidated wage which they were willing to deconsolidate and show a separate housing element. This again they wanted to do as stipulated in the guidelines.

The court notes that the applicable percentage spread over a two-year period would give the workers a 7 per cent wage increase per year. Notwithstanding this, the respondents have offered a 13.5 per cent wage increase per year. The court has carefully considered this item and finds that a wage increase of 15 per cent per year would be fairly reasonable in this dispute and awards accordingly.

On the issue of house allowance, the court awards that in addition to the wages and the general wage increase as awarded by the court, the respondents should pay a house allowance of KSh. 80 per month to all their employees. The court has made this award keeping in mind that there is a housing element in the existing wages.

The court feels that the nature of the respondents' business does not warrant an elaborate job classification exercise as claimed by the claimants. To begin with the court would like to reject straightaway the two demands on safari allowance and temporary transfer because the respondents do not send their employees either on safaris or transfers as they have no other branches. The court would not like to indulge in academic exercise. The same applies to the tools demand as the respondents provided all the tools to their employees and this demand is therefore not applicable.

Annual leave.—The court awards that the present annual leave of 21 working days should be increased to 24 working days.

Sick leave.—The court finds that the present provision of 40 days with full pay and 40 days with half pay to be reasonable and the court rejects the claimants' demand to increase the same to 60 days with full pay followed by 60 days on half pay.

Shift differential.—The D.M.P.D. report that the respondents do not operate a night shift. The court accordingly finds that this demand is not applicable.

Compassionate leave.—The court is not satisfied that the claimants have made any case under this item therefore the existing clause should continue which clause at present reads, "All employees shall be given compassionate leave and not paid for that leave."

Redundancy.—The court awards as follows:

- (a) The union shall be informed, by the employer the reasons for and extent of the intended redundancy.
- (b) The principles of "last in, first out" shall be adopted in the category of the employees affected subject to all other factors such as skill, relative merit, ability and reliability being equal.
- (c) The redundant employee will be entitled to two months' notice or pay in lieu of notice.
- (d) A severance pay of 15 days' wages shall be paid to the employees for each completed year of service.

Termination of employment.—The court notes that the respondents were established in 1962. In view of this, those employees who have served more than five years with the respondents shall be entitled to two months' pay in lieu of notice on termination. For employees with less than five years' service, one month's notice or pay in lieu as at present will continue.

Retirement benefits.—The respondents stated that all employees were paid a gratuity for the period they worked up to the date of establishment of the N.S.S.F. The court was referred to an agreement made between the parties in support of this statement. In view of this agreement the court finds the claimants' demand to be unreasonable and the court accordingly rejects it.

Injury by accident.—On this item there appears to be no dispute as both parties are agreed that the provision of the Worker's Compensation Act should apply.

Casual workers.—The court awards that any casual employees who work for the respondents for more than three consecutive months shall automatically qualify for permanent employment. The claimants' demand under 14 (a) is rejected for the time being.

Transport.—The claimants' demand of free transport by the respondents for night shift workers is again not applicable as there is no night shift operated by the respondents. This item is therefore rejected.

Milk supply.—The court is not satisfied with the genuineness of this claim and this claim is rejected.

Leave travelling allowance.—The court awards that the workers should get a leave travelling allowance of KSh. 150 when they proceed on their annual leave.

THE INDUSTRIAL COURT

CAUSE No. 104 OF 1983

Parties:

Dockworkers' Union
and

Kenya Cargo Handling Services Ltd.

INTERPRETATION APPLICATION

Ruling

THE court announced its award in the above dispute on 15th June, 1984, and granted increases in wages and house allowance for the respondents' unionizable employees. The award was effective from 1st May, 1983.

The claimants have moved the court for an interpretation of this award saying that the court had used the following words in its award "This dispute covers about 7,625 employees of the respondents out of whom 4,299 are dockworkers, 1,476 graded staff, 1,324 clerical staff and 526 supervisory." The claimants submitted that this clearly showed that the court award applied to the aforesaid number of employees and although hundreds of them had since prior to the announcement of the award retired, resigned or died, the court award was applicable to all of them and they should be paid or their estates by the respondents all the arrears. The claimants added that out of the 716 workers affected by this application more than 50 per cent had retired on medical grounds before reaching 55 years of age and some had retired after reaching 55. The premature retirement was necessitated due to accidents and added that over 400 cases were pending under common law for damages in the civil court.

The claimants also made a point that previously the respondents had always implemented the Industrial Court award in respect of such employees also and they had thereby created a precedent which they should honour this time as well.

The respondents have strongly resisted this application on the ground that this was an attempt by the claimants to vary the court award as the court had quite clearly stated in the award when announcing the wage increases that such increases were in respect of "Respondents' employees". In view of this since the 716 ex-employees were no longer in the

service of the respondents when the court award was announced it could not apply to them.

The respondents further referred to section 16 (6) of the Trade Dispute Act which clearly stated that:

"Subject to the provisions of this section, an award shall as from the date that the award has effect be an implied term of every contract of employment between the employers and employees to whom the award relates so that the rate of wages to be paid and the terms and conditions of employment to be observed under the contract shall be in accordance with the award until it is varied by a subsequent award, or by agreement."

They also referred to section 16 (2) and argued that an award does not and cannot be expected to form an implied term of contract which does not exist or which has been terminated prior to the award was made.

The respondents added that the extra cost to them if the claimants' application was accepted would be in the region of KSh. 1.2 million. Finally they explained that the number in employment which they had given during the hearing were approximate figures.

The court has carefully considered the parties' submissions and finds that the claimants' application must fail. The court has made it amply clear in several previous rulings that its awards do not apply to workers who are not in employment on the date the court award is announced. The court can see no reason to depart from this ruling. The fact that the respondents in the past had applied the collective agreement after its conclusion to those employees who had left the employment earlier cannot be considered a precedent which is binding on the respondents. The court cannot ignore that there are current strict financial measures in force as far as parastatal bodies are concerned and obviously any wrong practice in the past cannot be expected to continue.

GAZETTE NOTICE No. 254

THE TRADE MARKS ACT

(Cap. 506)

NOTICE is given that any person who has grounds of opposition to the registration of any of the trade marks advertised herein according to the class may, within 60 days from the date of this Gazette, lodge notice of opposition on Form TM. No. 6 (in duplicate) together with a fee of KSh. 50.

Notice is also given that official objection will be taken under rule 21 (3) to all applications in which the specification claims all the goods included in any class unless the registrar is satisfied that the claim is justified by the use of the mark which the applicant has made, or intends to make if and when it is registered. Where an applicant considers that a claim in respect of all the goods included in a class can be justified, it will save unnecessary delay in examining applications if a claim is filed simultaneously with the application, accompanied in appropriate cases by supporting documents.

The period for lodging notice of opposition may be extended by the registrar as he thinks fit and upon such terms as he may direct. Any request for such extension should be made to the registrar so as to reach him before the expiry of the period allowed.

Formal opposition should not be lodged until after reasonable notice has been given by letter to the applicant for registration so as to afford him an opportunity of withdrawing his application before the expense of preparing the notice of opposition is incurred. Failure to give such notice will be taken into account in considering any application by an opponent for an order for costs if the opposition is uncontested by the applicant.

Where it is stated in the advertisement of the applicant that the mark upon its registration, is to be limited to certain colours, the colours are, as far as possible, indicated in the accompanying representations of the mark in the usual heraldic manner.

Representations of the marks advertised herein can be seen at the Trade Marks Registry, State Law Office, Nairobi.

Applications for registration in part A of the register are shown with the official number unaccompanied by any letter. Applications for part B are distinguished by the letter B prefixed to the official number.

IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplements*, etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are therefore submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the Central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain a minimum of alterations.

Particular attention should be paid to the following points:

- (i) Signatures must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.
