GAZETTE NOTICE No. 3598

## THE INDUSTRIAL COURT

CAUSE No. 8 OF 1991

*Parties:*Kenya Building, Construction, Civil Engineering  
and Allied Trades Workers Union

and

Wananchi Saw Mills (1974) Limited

*Issue in dispute:*

Refusal by the company to implement correctly part 1 (a) (wages and wagon increases) of the parties collective bargaining agreement.

THE Kenya Building, Construction, Civil Engineering and Allied Trades Workers Union shall hereinafter be referred to as the claimants and Wananchi Saw Mills (1974) Limited, shall hereinafter be referred to as the respondents.

2. The parties were heard in Nairobi, on 5th June, 1991, and relied on their written and verbal submissions.

## AWARD

3. The Notification of Dispute Form "A" dated 18th October, 1990, duly signed by the parties was received by the court on 13th February, 1991, together with the statutory certificate signed by the Labour Commissioner.

The respondents are members of the Timber Industries Employers Association of F.K.E. They employ a total labour force of 140 employees who are affected by this dispute.

This dispute arose during the implementation of the wages clause part 1 (a) of the collective agreement between the claimants and the respondents who are members of the Timber Industries Employers Association. The parties collective agreement became effective from 1st July, 1989, with a duration of two (2) years expiring on 31st June, 1991.

This dispute, however, relates to the first year period of the collective agreement, i.e. 1st July, 1989, upto 30th June, 1990.

The parties tried to settle the matter at their own level but failed.

The dispute was then reported to the Minister for Labour. Thereafter a conciliator was appointed to assist the parties in reaching a settlement. The parties after a series of conciliation meetings could not settle the matter and on 19th July, 1990, they recorded a disagreement. The dispute was then referred to the industrial court for consideration. The claimants submitted that the workers at their own initiative in May 1989, sought for a meeting with the respondents to discuss general wage increases. As a result, on 25th May, 1989, the parties entered into an agreement, which read as follows:

*In the matter of wages:*

- (a) Wages of all categories will be increased by 8 per cent with effect from 1st June, 1989.
- (b) In case of further awards by the Government the 8 per cent increase will be taken as forming part of the award awarded by the Government.

In drawing the aforementioned agreement the respondents were represented by two (2) senior managers whilst the employees were represented by two (2) employees.

The claimants stressed that the respondents granted their employees a wage increase of 8 per cent as a merit increase. It is for this reason that the 8 per cent wage increase was granted outside the parties collective agreement and that is why the claimants and the association secretary were not informed of it by the respondents.

The claimants went on to argue it is improper for the respondents to involve the claimants in a contract which was explicitly between employees and their employer.

The claimants concluded their submissions by saying that the respondents were not prevented from informing either the workers, the claimants or the association secretary that the 8 per cent salary increase would be off-set from future negotiated wage increases. The matter was also not raised during the negotiations and once the agreement was signed and sealed that was the end of the matter.

The claimants urged the court to find that the 8 per cent salary increase given to the workers on 1st June, 1989, was a

merit increase. The claimants went on and urged the court to set aside the respondents arguments and award employees a general wage increase of 8.0 per cent for the first year (i.e. 12 per cent—4 per cent=8 per cent).

The respondents submitted that in May, 1989, the workers demanded direct negotiations on general wage increases as the Kenya Timber and Furniture Workers Union had been deregistered. The respondents asserted that the workers had gone without a wage increase since the expiry of the association's collective agreement with the Timber Industries Trade Union, on 31st May, 1987. Furthermore, with the deregistration of the Kenya Timber and Furniture Workers' Union there was no representative of the employees in the industry. However, in May, 1989, the claimants had their constitution amended and registered to cater for the timber industry employees also. Subsequently, on 30th June, 1989, the association, entered into a recognition agreement with the claimants. Thereafter, the parties on 17th January, 1990, were able to conclude and sign a collective agreement which is the root cause of this dispute.

The respondents stressed that they were compelled by the circumstances of uncertainty and status of the workers in the timber industry and their welfare to enter into a mutual agreement with their employees.

The respondents explained that their employees having received 8 per cent increase and the collective agreement having provided for 12 per cent, the only balance due to them was 4 per cent to make a total of 12 per cent agreed by the parties for the first year.

The respondents asked the court to note that where merit increases are given it is never applicable across the board, but only to selected deserving cases. Secondly, merit increases are not given on a flat percentage but each case is given whatever percentage it deserves.

The respondents concluded their submissions by stating that the company was not in sound financial position to afford a 8 per cent merit increase during the period under review. They prayed the court to reject the claimants demands in total and let what has been done stand.

The dispute is linked with the deregistration of the Timber and Furniture Workers Union and the subsequent taking over of this trade union's functions by the claimants who amended their constitution to fit in with the new situation.

During the time the above was being formalized the respondents employees had no trade union and it is as a result of this that the respondents and their employees entered into an agreement with the workers giving them a wage increase of 8 per cent and stating clearly in the agreement that this wage increase would be offset against any wage award announced by the Government.

The court finds that the workers and the claimants did not know at the time they made this agreement what arrangement the Government would make on the deregistration of the Timber and Furniture Workers Union regarding workers in the timber and furniture industry hence they used the word "Government".

As it happened the claimants were given the responsibility to represent and negotiate on behalf of timber and furniture workers and they concluded a collective agreement with the Timber Industries Employers Association in which a 24 per cent wage increase split in two (2) parts giving 12 per cent each year with effect from 1st July, 1989, was given.

The court finds that under the aforesaid circumstances the respondents are clearly entitled to offset the 8 per cent increase which they gave their workers with effect from 1st June, 1989, against the 12 per cent wage increase which the claimants negotiated with the Timber Industries Employers Association of which association the respondents are members. The respondents having given the workers the balance of 4 per cent wage increase the claimants' demand must fail and the court accordingly rejects it.

### IMPORTANT NOTICE TO SUBSCRIBERS TO THE KENYA GAZETTE

THE following notes are for the guidance of persons submitting "copy" for inclusion in the *Kenya Gazette, Supplement*, etc.:

- (1) The *Kenya Gazette* contains notices of a general nature which do not affect legislation. They are, therefore, submitted to the Government Printer directly.
- (2) *Legislative Supplement* contains Rules and Regulations which are issued by the central Government. Because of this they must be submitted to the Government Printer through the office of the Attorney-General.
- (3) *Bill Supplement* contains Bills which are for introduction in the National Assembly.
- (4) *Act Supplement* contains Acts passed by the National Assembly.

All "copy" submitted for publication should be prepared on one side of an A4 sheet no matter how small the notice or Act, each page being numbered, and should be typewritten with double spacing. Copy should be clear, legible and contain a minimum of alterations.

Particular attention should be paid to the following points:

- (i) Signature must be clarified by means of rubber-stamping or typing the name of the signer in capital letters.
- (ii) Dates must be correct and filled in where necessary.
- (iii) Care should be taken to ensure that all headings to notices and references to legislation are up to date and conform with the Revised Edition of the Laws of Kenya.

EXTRACT FROM THE CODE OF REGULATIONS, SECTION D—
